You will surely make a mistake if you do not take some stock in the mines of the Aurelia Mining company, before another raise.

THE PRICE of stock will be advanced from 7½ to 10 on April 1. From last reports the mine is producing ore every day, and will ship ore this summer. Investigate and see.

MILK TALK No. 2.

CLEANLINESS

As milk is the natural food for the young, containing within itself all the reguirements of the body, and as any adulteration is injurious to the system, (either from absorption or otherwise) therefore the health of the consumer, and especially the young, depend to a great extent upon those who handle the milk. And as there are so many ways in handling the cow as well as the milk after being drawn from the cow. Every consumer should visit the place from whence he gets his milk (no matter if it is surrounded by a high board fence) and see how the cow and the milk are handled before using it as a food for the baby.

BALL TEAM TO HAVE NEW SUITS

Preparations are going on for turning out a pennant winner in the amateur baseball field this year.

Exponants of the La Grande baseball fans will be dressed in new cardinal uniforms, according to Manager Heisner. The order has been placed with a wholesale house and it is expected that the suits will arrive next week.

Captain Siegriest will have ample material for his team this season. Practically all of last year's team is still in the city and at liberty to play. Besides these he has considerable new material to choose from. With this reserve material to fall back on, there is no question but that La Grande will have the best team in its history.

Nothing definite, as yet, has been arranged in the way of a schedule, but early training and tryouts will begin in April.

J. Van Buren, treasurer of the association, says that if the citizens of La Grande continue to give the organization their generous patronage, the association will be on a good financial footing.
