Died.

At Oregon City, after an illness of three days, Mrs. Mary Burnham, aged 67 years.

Mrs. B. emigrated with her husband, in 1823, from Ballymena, Antrim co., Ireland. In 1829 they came to Canada, and thence to Oregon in 1847. At the time of marriage she united with the Covenanter Church. At C. she joined the Rev. M. Price's church, and at this place, Rev. W. Blain's church, both being branches of the Covenanters. [illegible] dren the truths of [illegible] them always knee at her side [illegible] their evening prayers. She loved to listen to the preaching of Divine truth, and to converse upon these themes more than upon any other. Twice it was the writer's privilege to visit her during her short sickness, and to repeat passages of scripture and to pray. On both occasions, though the mind was wandering, from great weakness of body, yet it was at once fixed and attentive on this subject. The [illegible] of Christ, the hopes and promises of the Gospel, were all precious to her. [illegible] not weary her, she said, to listen or to speak of them.

Thus the hours of Saturday were swiftly passing, and knowing that she must die, she called the family, especially the little children, and bid them farewell, and ere the sun had set, she "fell asleep in Jesus." On Sabbath morn, as we trust, she joined in worship with the church above. [Com.

HOLMAN HOUSE,

PACIFIC CITY.

THE subscribers would respectfully inform the public, that they have so far progressed with their Hotel, as to be able to accommodate those who wish a resort near the coast, where they may enjoy the luxury and renovating influences of the Ocean breezes. The *HOLMAN HOUSE* is situated on an extensive and beautiful Bay, commanding a view of Cape Disappointment, Point Adams, Astoria, and is encircled by a picturesque scenery. For those who wish to recruit their health, and try the effects of the sea-bath, the location is, in many respects, desirable. The air is pure and the water good, and the Proprietors hope, before another season, to progress with their improvements and make their accommodations correspond with the healthfulness and beauty of the situation.

They also take this opportunity to inform the public that Prof. J. M. Howe is now engaged in teaching in Pacific City. As an Instructor, Mr. Howe possesses the advantages acquired by long and successful experience. Those in Oregon and California having children which they wish to place in a quiet and healthy situation, may be confident that the education of their children need not suffer in Pacific City. Mr. Howe, as a teacher, is well qualified, in the rudiments, the Natural Sciences, Mathematics, and the Learned Languages.

MUSIC, VOCAL AND INSTRUMENTAL.

G. P. Newell, Professor of Vocal and Instrumental Music, has selected Pacific City as the place of his residence. Mr. N., in teaching, makes music a simple and beautiful science. He takes the Italian or natural plan. There is at the Holman House one of Hallet's best premium Piano Fortes, for practice, thus giving to those who wish to become musicians on the Piano Forte, an opportunity that would hardly be expected in this Territory.

Office in the Fireproof Banking House, corner of Montgomery and Merchant st., San Francisco.

To Immigrants and others.

THE undersigned, proprietors of the Town of Milton, being desirous to have improvements progress rapidly, propose that they will give to every head of a family two town lots, and to every single man one town lot, who will become an actual settler in said town within six months, and build a house upon the same; in addition to which, we will sell building materials to those that accept this proposition, and allow them a reasonable length of time to pay for them in.

To any one that will build a good Grist Mill, calculated to do the business of the place, we will give a mill site, together with land sufficient for the purposes of a grist mill.

This town is handsomely located upon the lower branch of the Willamette river, just far enough above its junction with the Columbia to render it an excellent harbor, and has the advantage of being accessible from all sides, either by land or water; it is also the lowest point upon the river that has a wagon road leading from it to the Willamette valley.

Two mountain streams run, one on each side of the town, affording ample [illegible] to furnish 50,000 feet of lumber per day—upon one of which three saw mills are now underwrigh.

Although this town has been laid out but a few months, it has already made much progress in point of improvement and commerce, and bids fair, soon, to become the most important one in the territory.
