CHURCH DRIVE STARTS MAY 18

METHODIST CENTENARY MOVEMENT FOR $105,000,000

Great Organization Has Been Perfected Throughout Nation To Make Campaign a Success

People talk in billions today as readily as they once spoke of thousands, so when a church starts out to raise a tidy little sum like $105,000,000 the world is not staggered, even if it does happen to be the greatest religious budget of history. Measured in men and money the Missionary Centenary of the Methodist Episcopal church is the biggest undertaking of the sort ever attempted. The significance of this movement, however, is not in sum of money to be raised, but in its breadth of purpose—how the money is to be used. The goal set by the Centenary is to raise the standard of living and level of thought in every part of the world to extend the ministrations of the church and influence of Christianity to all peoples.

The service of the entire Centenary Methodist organization, together with 17,000 Methodist pastors and 75,000 Methodist Minute Men have been pledged to the government to help put over the Victory Loan campaign. This was announced recently by Dr. George Mecklenburg, executive secretary of the Helena area which comprises North Dakota, Montana, Idaho and the eastern part of Oregon, in the Division for the big drive for the Centenary. It has also been decided not to hold any mass meetings for the Centnary during the Victory Loan Drive. Wherever regular services or special Centenary meetings are held in local communities, opportunity is to be given to the Loan Committee to present the loan campaign and to sell bonds. The Centenary publicity committee will also get behind the Victory Loan Drive. A special edition of the "Missile," which is the organ of the Methodist Minute Men, is to be issued at once, and the services of the Minute Men are to be tendered to the government.

The churches of the Helena Area are unanimously standing behind the Centenary movement. There never was such unanimity in the church. The Helena Area has the distinction before the National church of being the first area to go over the top in getting the full number of tithers, which is twenty per cent of the entire membership of the church. A tither is a man who has dedicated one-tenth of his income for Christian work. The financial campaign is a very small part of the Centenary work. The Centenary is working to lift every church in the land to a modern efficiency. Basis. The church is no longer merely a place for prayer meetings and Sunday service; the church is to be open seven days in the week and will be of great assistance in a community for every kind of community service.

The amount asked is based upon a survey of Methodist work all over the earth. It is divided into quotas for every bra and district of the Methodist Episcopal church. To help in attaining the financial goal set and the spiritual enrichment of meeting the world call for Christian civilization in a way to be commensurate with the need, the church is entering upon a nation-wide publicity campaign which will not alone utilize all the usual publicity avenues of the church, but will include the newspapers of the country and the religious press, an organization of lay speakers known as "Minute Men," and also the bill posting industry. The bill posting interests are giving to the church for the campaign $100,000 worth of space—14,000 "stands"—throughout the country on which twenty-four sheet posters will be displayed during the actual period of the drive. A regular editorial staff of newspaper men has been employed to take charge of the publicity bureau during the campaign. Magazines and papers are giving wide publicity to this movement.

The Centenary movement is only percursory to the larger inter-church movement in which thirty denominations have united to put on a gigantic drive a year from now for $1,500,000,000. The world is in such chaos that the church must now do her utmost, if civilization is saved and if righteousness shall prevail on earth.

URGES PUBLIC TAKE LOAN

WASHINGTON, April 18.—Liberty Loan committees of the several reserve districts were urged Wednesday by the treasury department to conduct their Victory Loan campaigns with a view to securing the largest possible proportion of subscriptions from private investors.

The loan should be absorbed by the public and paid for out of the savings of the public, said a telegram to the committees. It added that the resources of the banking institutions of the country should be left free to take care of commercial needs and also any short term borrowings which the treasury department might need to make in the future.

Her Improvement Amazes Friends

Looking After Sixty-two Room House No Task to Mrs. La Plant Now.

"All my friends know and can tell you that for a long time I was almost a nervous wreck, and this Tanlac has made such a wonderful change in my condition that they are simply amazed at my improvement," said Mrs. Ella La Plant, who conducts a large rooming house at 413 Puyallup avenue, Tacoma, Washington, the other day.

"For the last twelve years," she continued, "I had been in a terrible rundown condition and during that whole time, hardly a day passed that I didn't suffer from awful headaches. I had no appetite at all and what little I forced down would ferment in my stomach and distress me for hours. My kidneys were out of order and worried me night and day and my nerves were so unstrung that after going to bed, any little sound even the rustling of a newspaper, would wake me with a start and it would be some time before I could drop off to sleep again. I had a very large house to look after and I was so weak and miserable that a couple of hours' work would exhaust me so that I'd just have to quit for the rest of the day. The fact is, loss of sleep and lack of nourishment had undermined my nervous system and I was just wearing myself out.

"I spent all the money I had on medicines and treatments that did me no good, and I had about given up hope of never getting well, when I began to read about the good Tanlac was doing others and I thought I might as well try. Well sir, the way I began to pick up right after starting on it, surprised even me, for after experience with other medicines I did not expect such quick results. My appetite is fine—too fine, way way gross are now—for I feel hungry most all the time. My kidneys don't worry me at all now, and I'm rid of that terrible backache at last. Those awful headaches are all gone, too, which is a grand relief, besides. I sleep all night like a child and fall out refreshed and rested when I get up in the morning, the I don't mind at all, the work I have to do in looking after a sixty-two room house filled with people. My relish is keene Tanlac and can be in just feeling fine."

Tanlac is sold in La Grande by Silvertooth and Richardson Drug store; in Union by L. A. Welch and in Elgin by Scott D. Harris and in Telocaset by Telocaset Grocery Co.—Adv.

SPECIAL PROGRAM SUNDAY AT CHRISTIAN CHURCH

There will be a special program this coming Eastern Sunday at the Christian church. Interesting Easter exercises will be given by the children during the Sunday school hour at 9 a. m. The morning sermon at 11 a. m. will be on "The Risen Man in the Heavenly Sanctuary." This is a delightful subject and ought to brighten and encourage hope throughout the year. At the evening service there will be a sacred concert and no preaching. Mrs. R. H. Coker, the wife of the pastor, will give a selected, appropriate reading. You can find no more interesting place to spend the Easter Sunday than the Christian church, and all are heartily welcome.

ARGENTINE CONGRESS TO GIVE AID TO ALLIES

WASHINGTON, April 18.—A new congress will convene in Argentina in May and advices reaching Washington Wednesday said this body, which was elected on an administration ticket probably would pass the bill providing for a $200,000,000 credit for Great Britain, France and Italy. The advice said, however, that the measure which was defeated by the senate Tuesday would be altered materially before it presentation to the congress.

TUMULTY MAKES NEW APPEAL

WASHINGTON, April 18.—Another appeal to the New England telephone strikers to return to work was telegraphed Thursday by Secretary Tumulty to Miss Julia O'Connor, president of the union operators, with a request that a statement issued by Postmaster General Burleson be read very carefully, and a personal assurance that under Mr. Burleson's plan grievances would be considered immediately and a decision reached at once.

Director General Hines, of the

The sixth annual convention of the Cattle and Horse Breeders' association of Oregon will be held at Pend April 22 and 23.
