Cure for Rheumatism.

A certain variety of seaweed, known in Ireland as "fogy," has been recommended by a famous physician as a cure for rheumatism and throat affections if eaten hot, whilst in some parts of England and Wales a variety of seaweed, known as "laver," has been in demand for years as a vegetable. Served with roast meats it is said to be extremely palatable.

MODART CORSETS
Front Laced.

WHY LOOK OLDER THAN YOU ARE?

It is astonishing how many women there are who look older than they wanting to look, that five or more years sometimes is the figure they appear to have, and consequently appear to be five or ten years older than they are.

It is possible to readily improve that condition if you will give to your corset department and one trial fitting of the MODART front lace corset.
