Lighthouse That Fell.

There have been three or four Eddystone lighthouses. Henry Winstanle built one that was criticized by engineers as being unsafe. "It will stand the storm," he replied, "and I hope I may be in it when the first and worst gale sweeps down the coast." On the night of the first fierce equinoctial tempest the builder and some workmen went into the lighthouse. Next morning when the people along the shore looked for the lighthouse it was gone. The awful storm had swept everything away and the men had perished.—Boston Post.

Lightning Stole Lunch.

Lightning frequently acts the robber with foodstuffs, and some extraordinary happenings have been recorded from time to time. On one occasion a party of tourists were preparing dinner when suddenly and without warning a storm arose, followed immediately by vivid flashes of lightning. A few seconds later not a trace of the prepared meal was to be seen. The dishes were strewn on the ground, but all the bread, cheese and fruit had vanished, while the bewildered tourists were covered from head to foot with straw.

CRIMINAL LAW IS EXPLAINED

COLON R. EBERHARD, SENATOR, GIVES RESUME.

American Legion Requests Reprinting of Criminal Syndicalism Law of Oregon.

Upon request of the local post of the American Legion, the following Oregon Criminal Law is published for the information of the people of this vicinity:

Chapter 12, General Laws of Oregon, 1919.

An act entitled an act defining criminal syndicalism, and the word "sabotage;" prohibiting the advocacy, teaching or affirmative suggestion thereof and of crime, physical violence, or the commission of any unlawful act or thing as a means to accomplish industrial or political ends, change or revolution, or for profit; and prohibit assemblages for the purpose of such advocacy, teaching or suggestion; declaring it unlawful to permit the use of any place, building, rooms or premises for such assemblages in certain cases; and providing penalties for the violation thereof, and declaring an emergency.

Be it Enacted by the People of the State of Oregon:

Section 1. Criminal syndicalism is hereby defined to be the doctrine which advocates crime, physical violence, lesion, the destruction of property, sabotage, or other unlawful acts or methods, as a means of accomplishing or effecting industrial or political revolution, or for profit.

Section 2. "Sabotage" is hereby defined to be malicious, felonious, intentional or unlawful damage, injury or destruction of real or personal property of any employer, or owner, by his or her employe or employes, or any employer or employers or by any person or persons, at their own instance or at the instance, request or instigation of such employer, employers, or any other person.

Section 3. Any person who, by word of mouth or writing, advocates or affirmatively suggests or teaches the duty, necessity, propriety or expediency of crime, criminal syndicalism, or sabotage, or shall advocate, affirmatively suggest or teach the duty, necessity, propriety or expediency of doing any act of violence, the destruction of or damage to any property, the bodily injury to any person or persons, or the commission of any crime or unlawful act as a means of accomplishing or effecting any industrial or political ends, changes or revolution, or for profit; or who prints, publishes, edits, issues or knowingly circulates, sells, distributes, or publicly displays any books, pamphlets, papers, handbills, poster, document, or written or printed matter in any form whatsoever, containing matter advocating, advising, affirmatively suggesting or teaching crime, criminal syndicalism, sabotage, the doing of any act of physical violence, the destruction of or damage to any property, the injury to any person, or the commission of any crime, or unlawful act as a means of accomplishing, effecting or bringing about any industrial or political ends, or change, or as a means of accomplishing, effecting or bringing about any industrial or political revolution, or for profit, or who shall openly or at all attempt to justify by word of mouth or writing, the commission or the attempt to commit sabotage, any act of physical violence, the destruction of or damage to any property, the injury of any person or the commission of any crime or unlawful act with the intent to exemplify, extend, or teach or affirmatively advocate criminal syndicalism, or sabotage, or who, by or in pursuance of a conspiracy of ten or more, or by or in pursuance of the direction or control of any unlawful association of any kind, or any association or assemblage of persons which teaches, advocates or affirmatively suggests the doctrine of criminal syndicalism, sabotage, or the necessity, propriety or expediency of doing any act of physical violence or the commission of any crime or unlawful act as a means of accomplishing or effecting any industrial or political ends, changes or revolution, or for profit, shall be guilty of a felony and upon conviction thereof shall be punished by imprisonment in the state penitentiary for a term of not less than one nor more than ten years, or by a fine of not more than $1,000 or by both such imprisonment and fine.

Section 4. The owner, lessee, agent, superintendent or person in charge of any building or any place, building, room or rooms, or place or premises, or any part thereof, knowingly permitting any such assemblage to be held therein, shall be guilty of a misdemeanor, and upon conviction thereof shall be imprisoned in the county jail for not more than sixty days, or fined not more than one hundred dollars, or both.

Section 5. It appears that there is a very alarming spread of this state which is advocating a possible overthrow of our existing political structure, destroy our industrial and economic institutions, disrupt our labor organizations and bring ruin and chaos to our people, by organizing all lawless and dissatisfied elements which they may be able to gather here, and teach, instruct and incite crime and destroy property. This act is necessary for the immediate preservation of the public peace, health and safety, and an emergency is hereby declared to exist and this act shall take effect and be in force immediately upon its approval by the governor.

Approved by the governor February 3, 1919.

Passed Senate, 29 for, 1 against.
Passed House, 53 for, 4 against.

RESUME OF CRIMINAL SYNDICALISM ACT

(By Senator Colon R. Eberhard.)

The act of the last legislature defining criminal syndicalism and sabotage and prohibiting the suggesting or teaching through written or spoken words of the destruction of the present social order of things or of property, by violence or unlawful means, was not a new law. It had previously been adopted in the states of New Jersey, Minnesota, Montana and Washington. The gist of the act is to prevent the accomplishment of reforms either legislative or illegitimate, by violence, and to prevent the teaching or advocating of such.

In the state of Minnesota, certain defendants distributed and publicly displayed certain written and printed matter in the form of posters advocating and teaching that industrial and political ends should be brought about by crime, sabotage, violence and other unlawful methods of terrorism. The Minnesota court held (167 N. W. 344) that a crime was committed within the statute and that the statute was constitutional.

Was Found Guilty.

In Montana, defendant was found guilty of uttering language to the effect that the war was a rich man's war. Benevolism was a joke and didn't amount to anything. The poor man has no show in the war, the soldiers were fighting the battles of the rich, and others, and, after having been found guilty, claimed in the Supreme Court (182 Pac. 157) that the law was unconstitutional and that he should have been allowed to show other utterances and acts which were seditious. Having no intentions, the court sustained conviction.

Before the Oregon legislature there was much opposition from sources fearing the act was intended primarily at labor unions. A close examination of the act discloses that it prohibits no legitimate act or function of the ordinary labor unions, and it will not be overlooked that one of the example given for passing the act immediately in effect was the declared existence of an element determined, if possible, to disrupt labor organizations. Although the Central Labor Council representatives opposed the passage of the bill, very few members of the legislature voted against it.

I. W. W. Not Involved.

It may be of interest to readers to notice that the prosecuting officers at Chehalis, Washington, have indicted and are going to try a large number of men, under an identical Washington statute, simply upon the proof that they are members of the I. W. W.

It may be of interest to readers to notice that the prosecuting officers in Portland have indicted twenty-two persons under this statute and expect to try to convict them simply upon proof that they are members of the I. W. W. organization. The Portland indictments charge each of the men with having unlawfully and feloniously helped to organize, become a member of and voluntarily assemble with a certain society and assemblage of persons to wit the "Industrial Workers of the World," which said society and assemblage was formed to and then and there unlawfully and feloniously teach, advocate and affirmatively suggest the doctrine of criminal syndicalism, sabotage and the necessity, propriety and expediency of doing acts of physical violence and the commission of crimes and unlawful acts as a means of accomplishing and effecting industrial ends, political ends, change and revolution for profit.
