Railroad Office Training for Boys

"The successful railroad official who sat at my side while traveling recently," says H. H. Windsor in the January number of Popular Mechanics, "fell into a reminiscent mood, and was entertaining a number of interested listeners with stories of early railroading, before the days of air brakes and other safety appliances. Now, as every man knows who has had the advantage of experience in the general office of a large railway, it offers the highest training a young man can have. So I said to him, 'To what one thing do you most attribute this fact?'

"Without a moments's hesitation he answered, 'The discipline which teaches the value of time.' Then he continued: 'A green boy enters the operating department, and he finds a condition of absolute exactness as to time; that 9:47 is not 9:40, or 9:45, or even 9:46, just as it must not be 9.48. It is 9:47, neither a fraction of a minute more nor less. At home, in school, and in the positions offered in commercial life, there is more or less latitude; even the banks allow some leeway in the payment of notes. But in the operating department of a railroad, the clock which records the passage of time is the absolute monarch of action. And so the boy is taught exactness, and has constantly in his mind the doing of the thing to be done at the precise moment when it should be done. Two or three years of this training indelibly fixes the habit.'"

CAUSE FOR ALARM

Loss of Appetite or Distress After Eating Symptoms That Should Not Be Disregarded

Appetite is just a natural desire of the system for food necessary to replace natural body waste Loss of appetite or stomach distress after eating indicates indigestion or dyspepsia.
Over-eating is a habit very dangerous to a person's good health, and insatiable appetite is a common symptom of diabetes.
It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest and healthiest persons are moderate eaters. There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach
We urge every one suffering from any stomach derangement, indigestion or dyspepsia whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine they are not satisfied with the results. We recommend them to our customers every day, and have yet to hear of anyone who has not been benefited by them
We honestly believe Rexall Dyspepsia Tablets to be without equal. They are made from the prescription of a physician who devoted his time to the study and treatment of stomach troubles. They give very prompt relief, stimulating the secretion of gastric juices, strengthen the digestive organs aid to good digestion and assimilation, regulate the bowels, and promote nutrition.
We urge you to try a 25-cent box of Rexall Dyspepsia Tablets, which give 15 days' treatment At the end of that time your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases we have two larger sizes, which sell for 50 cents and $1.00 Remember you can obtain Rexall Remedies in Oregon City only at our store.—The Rexall Store. Huntley Bros. Co.
