CONVICTS AID TO STAY NOOSE

PRISONERS RAISE MONEY TO OBTAIN ATTORNEY

Condemned Slayer of Vale Man Scheduled to Hang Today—Immediate Steps Taken.

SALEM, Feb. 24.—Prisoners of the penitentiary have raised $250 with which an Eastern Oregon attorney is to be retained to fight for the life of George Howard, 23-year-old Vale man, sentenced to die at 8:30 o'clock this morning for the murder of George R. Sweeney, Vale salesman. To this sum the Prisoners' Aid Society has added $100.

In addition the convicts raised $70 recently to pay the expenses of a trip by Howard's mother to the prison to say good-bye to her son.

Howard killed Sweeney, according to a confession, September 14, 1920. Sweeney was slain to gain possession of his old automobile and his body was thrown in the river near Vale, later being taken from the water and buried in a garden. This move was made by Howard when he feared the body might rise to the surface of the water.

Howard rode about in Sweeney's car, going to Idaho, and was finally arrested when suspicion was aroused at the continued absence of Sweeney. A jury found Howard guilty of first degree murder January 22, and he was sentenced to hang.

DATES SET FOR NORMAL SCHOOL

LARGER NUMBER OF TEACHERS EXPECTED THAN LAST YEAR

Pendleton Will Hold Normal Between June 27 and August 5, Under Auspices Oregon Normal.

PENDLETON, Feb. 25.—H. E. Inlow, city school superintendent, will direct the session of the summer Normal school to be held in Pendleton June 27 to August 5 under the auspices of the Oregon State Normal School.

Mr. Inlow, who was director last year also, has been appointed by J. H. Ackerman, president of the normal. Other teachers chosen are Miss Emily DeVore, of the Monmouth school, primary methods; Miss Kate Houx, of Monmouth, intermediate grade methods; Miss Della Rush, principal of Lincoln school, upper grammar grade methods; W. W. Green, county school superintendent, rural school problems; and Miss Virginia Hales, physical instruction. The art and music instructors have not yet been chosen, nor has the University of Oregon replied to Mr. Inlow's request for two instructors for courses in education. Definite word from the college is expected soon.

Last year 65 teachers attended the school and more are expected this years, says M. Inlow. The legislature has enacted a law effective in 1923 requiring that every teacher have at least one year of normal training. This, Mr. Inlow believes, will cause more teachers to avail themselves of the opportunity to attend the school.

HOPE OF SAVING LIVES OF MINERS IS GIVEN UP

DUQUOIN, Ill., Feb. 25.—Rescue squads have abandoned hope of saving the seven miners who are trapped by fire at Dowell.

ARE STORING SUPPLY OF ICE

PERRY, Feb. 24.—(Special.)—The Grande Ronde Lumber Company has some of its employees busy putting up the season's supply of ice. The ice is of a fairly good grade and about eight inches thick.

The play, "Deacon Dubbs," is billed for next Saturday night. A dance is to follow the performance. Rehearsals are being held almost every night.

Mr. Donavan is visiting for a few weeks in California. He will be gone about a month, but intends to return to Perry in time for the opening of work in the spring.

The one case of smallpox seems to be all that Perry is to have at this time. The Larsen home was released from quarantine a few days ago and no other cases have developed.

Harry Hansen has been confined to his home for several days, but is now better and will soon be out and at work again.

The basketball game that was scheduled for the first part of the week had to be postponed and will probably be played the latter part of the week.

While the machinery of the sawmill is idle some needed repairs are being made in the building. A new deck is being laid and other general repairs attended to.

Mrs. Pearl O'Rourke, the primary teacher, is carrying an arm in a sling as the result of an accident last Friday evening. She was skiing, or rather learning to ski, and fell on her shoulder. The doctor was unable to tell whether the bone was fractured or the muscles just torn loose from the shoulder.

Members of the local Three L organization entertained the children of the town last Tuesday afternoon at the community hall. Dancing and other amusements were in order and all the youngsters enjoyed a dainty lunch consisting of ice cream and cake.

The local school was closed last Tuesday afternoon owing to it being Washington's Birthday anniversary. The following program was rendered in the community hall: Opening song, Mt. Vernon Bells; vocal trio, "Sweet and Low", by the Misses Minnie Reher and Mary and Clara Johansen; flag drill by the primary room; recitations by Edna Goodwin, Wilma Thompson, Ruth Robertson, Pearl Murray, and Vernon Coalwell; vocal quartet, "Snow," by Misses Frances Smith, Sonja Reher, Catherine Carr and Lucile Reher; a dialogue by the fifth grade pupils; the Minuet dance in colonial costume by eight pupils and the singing of Star Spangled Banner by the audience.

Several Perryites went to La Grande Wednesday evening to see the basketball game between the Lumberjacks and the Retailers.

Mrs. F. W. Baker, of Milwaukee, Oregon, who says she has been restored to perfect health by Tanlac after having suffered for twenty years. Her statement is remarkable.

"For the last twenty years I have suffered from stomach trouble in its worst form. I was in misery all the time. If I took a drink of coffee or milk or even water, it would cause belching and gas. In fact, absolutely nothing would digest in my stomach. I always had an awful burning sensation in the pit of mu stomach. I believe I have taken almost a wagon load of soda for stomach trouble. I would have to take it night and day. Gas would bloat me up so badly I couldn't fasten my clothes. At times my heart would palpitate and flutter so badly I would nearly smother and I would have to gasp for breath. In fact, I thought I had heart trouble.

"I was very fond of cheese and the least bite would throw me right into spasms. I was also very fond of onions, but they would upset me terribly.

"My whole system was out of shape and I was also bothered with rheumatism and neuritis. Pains in my arms and other joint were almost untearable. I had to carry one of my arms in a sling and couldn't raise it up to my head. My hands would swell up and for a long time I was in just an awful condition.

"I told my husband I guessed I would have to give up and die, as the doctors' medicines and other things I took didn't do me any good. Then he got me some Tanlac and said I had to take it. Well, before I finished one bottle, I found the things I would eat did not bother me so much. I kept gradually getting better and finally, after taking five bottles, my trouble was entirely relieved. I can now eat onions, cheese or anything I want. In fact, I am in perfect health in every way. My neuritis and rheumatism have also left me. I know that five dollars' worth of Tanlac has done me more good than a hundred dollars' worth of other medicines. I will sing the praise of Tanlac as long as I live."

The above remarkable statement was made by Mrs. W. F. Baker, whose address is Milwaukee, Oregon, R. F. D. No. 2.

Tanlac is sold in La Grande by Silverthorn's Drug Store; Putnam Drug Store; Clyde Kiddle, of Island City, and by the leading druggists in every town.—Adv.
