Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be lost forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Aside from these departments, the editorial and contributed features of the REVIEW OF REVIEWS are themselves equal in extent to a magazine. The Editor's "Progress of the World" is an invaluable chronicle of the happenings of the thirty days just past, with pictures on every page of the men and women who have made the history of the month.

The Literary World says: "We are deeply impressed from month to month with the value of the 'REVIEW OF REVIEWS,' which is a sort of Eiffel Tower for the survey of the whole field of periodical literature. And yet it has a mind and voice of its own, and speaks out with decision and sense on all public topics of the hour. It is a singular combination of the monthly magazine and the daily newspaper. It is daily in its freshness; it is monthly in its method. It is the world under a field glass."
