SERVICES AT GRANGE HALL

(Special to The Observer)

GRANGE HALL, Mar. 16.—Word has been received that a little daughter was born to Mr. and Mrs. C. F. Smith of Baker last Sunday. Mrs. Smith was formerly Miss Ethel Redhead of La Grande.

Henry Bork still continues to improve in health. He is able to sit up and take a few steps about the house.

Last Sunday about fifty Sunday school members and friends met at the school house, where all day services were held. After the Sunday school the ladies served a sumptuous lunch which everyone enjoyed immensely. In the afternoon Rev. D. D. Randall missionary of the American Sunday School Union, had charge of the meeting during which time Mr. Randall impressed his listeners very much of the need of Christianity in the home and in the school. During the afternoon session, W. S. Brown, one of the founders of the Greenleaf high school of Greenleaf, Idaho, gave a short but interesting talk on foundation of high schools in remote districts. Several visitors were present from La Grande. They were Dr. H. D. Brown, Mr. and Mrs. Joe Ward and family, Mr. and Mrs. W. S. Brown, Wm. Bunford and Miss Iverna Brown.

Rev. D. D. Randall of the American Sunday School Union, who has had his headquarters in La Grande for the past several years, will be transferred to Walla Walla in the near future. At present Mr. Randall has charge of quite a large field, 47 rural points being in his circuit, which lies in Union, Baker and Wallowa counties and when he takes Walla Walla for his headquarters he will have Umatilla and Walla Walla counties added.

The Grangers are looking forward to next Saturday as that is Brothers' Day. The brothers will have charge of the dinner and they will also serve it. They have a fine dinner planned and the Granger who misses it will be sorry. The Woman's Work committee of which Mrs. Robert Masterton is chairman, will have charge of the afternoon entertainment. A St. Patrick's program has been arranged and it will be a good one.

Ed Carter is visiting former schoolmates in the Grange Hall vicinity. Mr. Carter is the son of J. R. Carter, former county school superintendent of Union county. Many interesting happenings of the by-gone school days are recalled and discussed by Ed and his friends. Before the elder Mr. Carter became school superintendent, the family lived in Island City, where Mr. Carter taught school.

Roy Spencer is an everyday visitor at the school house this week, getting the new play ground equipment in place. The children will enjoy the use of the teeter boards, swings and slides which Mr. Spencer has made with so much care.

If the birds are the heralds of spring that season isn't far distant, for one can hear the chirps of the robin, the caw of the crow, the tapping of the woodpeckers and the notes of the meadowlark, whose cheerful little ditty makes the whole world seem brighter.

DEMAND FOR HAY IS GOOD

(Special to The Observer)

ELGIN, Mar. 16.—J. A. (Grandpa) Loud left for Union Monday morning for a visit with his daughter, Mrs. Amos Mayfield. Mr. Loud is past the 80 year mark but is still strong and active.

Fred Jennison of Palmer Junction was in Elgin Monday.

At last reports little Ralph, son of Mr. and Mrs. James Gibson was improving. He is at La Grande.

A son was born Sunday night to Mr. and Mrs. John Kennedy on Fairview district.

The news has been received here by his parents, that Mantus Witty has submitted to an operation on the bones of his leg, which was broken last December. Mr. Witty has been confined to his bed for the entire time, and following the operation it will be a period of a number of weeks still before he can be out. He is the son of Mr. and Mrs. I. V. Witty and grew to manhood here, although at present making his home in Idaho.

Mrs. Sam Morris of Imbler spent the week-end in Elgin visiting friends and relatives.

Mrs. Arnold Hoy left Friday morning for a visit with her relatives near Summerville. She returned on Monday.

Charles Hasts, who lives on F. G. Haller's farm eight miles north of town, was in Elgin on business Wednesday. He reports an abundance of tracks of panther in the woods there.

Miss Louise Hall returned Wednesday from La Grande, where she has been receiving special treatment.

Mr. and Mrs. Lucien Shelton and son, Donald, came in from Palmer Junction Tuesday evening. They are visiting with Mr. Shelton's parents.

Mr. Hendricks, a piano tuner was in Elgin this week, and put the high school's piano in shape.

The senior class has begun practicing on the play they plan to give at the end of the year.

The Women's Auxiliary of the American Legion held its regular meeting at the K. of P. hall Monday night. A campaign for new members is to be put on within the next four weeks.

All of the John Kennedy family are reported to be ill.

Ike Rumsarducr returned from La Grande Wednesday, where he has been for several weeks with his little son, Albert. The little fellow is much improved at present.

Roy Meade is improving now from his attack of pneumonia.

Much baled hay is being hauled from the warehouses to the farms. Some of this hay is from the valleys and part is shipped in from Idaho.

Repair work has been begun on the house formerly occupied by Mr. and Mrs. C. H. Bean. The roof and part of the interior was destroyed by fire a number of weeks ago.

Mrs. Gay Hayden has been suffering from an influenza attack for the past two weeks.

Mrs. Mabel Mosher and children left Wednesday evening for Mosier, Oregon, where she will reside for the present with her parents. Mrs. Mosher plans to attend the Oregon Normal school to complete her teaching education and training. Mrs. Mosher's husband was one of the first victims of pneumonia following influenza, in this winter's epidemic.

Sleighing will be a pleasure of the past, for those last few days of springlike weather have greatly lessened the amount of snow.

Miss Gunderson writes that she expects to be back in Elgin soon.

SOMETHING YOU SHOULD KNOW ABOUT OIL

While it is conceded by all oil men that Pennsylvania oil is the best in the United States the production is running low. In order that they may force the oil to the center they are putting water in some of the wells and even going so far as to use compressed air in some wells to get a larger production.

We quote you the National Petroleumn News, which is conceded to be the most authentic newspaper on oils in the United States.

"The Pennsylvania production at this time is around 31,000 barrels daily constituting something like one and one-half per cent of the total production of the United States."

Mr. Laurence E. Smith of the Petroleumn News also says: "I have herewith selected two grades of Wyoming crude oil for comparison with Pennsylvania and mid-continent light crude (Oklahoma), these being the most representative of crude oils east of the Rocky mountains." You will appreciate that many grades of crude are inferior to the latter two but these are paraffin grades of high refinable properties and I think will furnish you with the proper basis for comparison."

	Salt Creek Wyoming	Rock Creek Wyoming	McKean Co. Pennsylvania	Cushing Oklahoma
Light Lub. Be. Gravity	31.9	29.8	34.1	29.8
Med. Lub. Be. Gravity	29.1	27.3	31.6	26.8

As above stated Pennsylvania oil is the best in the United States and as also stated the production is only one and one-half per cent of the total of the United States. We will leave it to your judgement as to how much Pennsylvania oil gets out to Oregon.

We also quote you from the H. H. Franklin manufacturing Co. of Syracuse N. Y., manufacturers of the famous Franklin car. In their letter of October 27, 1921, written to the Utah Oil Refining Co. was contained the following paragraph: "We have never tried an oil with as high a flash and fire point as test shown by your Vico Winter Grade No. 1. The characteristics given for this oil indicate a very good quality of oil."

Don't be missled. Let's take the judgement of those who are not selling oil, but are recognized competent judges.

We Have it—VICO—We Sell It

A HIGH GRADE PARAFFIN OIL MADE IN THE WEST

OREGON HARDWARE AND IMPLEMENT CO.

WILLYS-KNIGHT

At a Low *New* Price of

$1375

This car of refinement and quality is now within the means of those who have considered such a car beyond their hopes

It combines, in addition to the advantages of other fine cars, all of the advantages of the Knight type sleeve-valve motor.

This Willys-Knight motor actually improves—grows more powerful with use—a quality which distinguishes it from all other motors.

It requires no adjustments. It is more flexible—and it always operates quietly.

It is more powerful than any other motor of equal size, and because of this, the Willys-Knight car consumes less gasoline than any other car of equal power and weight.

These important advantages added to the beauty, economy, road comfort and extraordinary long life of the Willys-Knight car explain the enthusiasm of more than 50,000 owners.

Touring reduced $150; now $1375. Roadster reduced $125; now $1350
Coupe reduced $320; now $1875. Sedan reduced $300; now $2095
