DON'T BE DUPED

There have been placed upon the market several cheap reprints of an obsolete edition of "Webster's Dictionary." They are being offered under various names at a low price

By

dry goods dealers, grocers, agents, etc., and in a few instances as a premium for subscriptions to papers.

Announcements of these comparatively

Worthless

reprints are very misleading; for instance, they are advertised to be the substantial equivalent of a higher-priced book, when in reality, so far as we know and believe, they are all, from A to Z,

Reprint Dictionaries,

phototype copies of a book of over fifty years ago, which in its day was sold for about $5.00, and which was much superior in paper, print, and binding to these imitations, being then a work of some merit instead of one

Long Since Obsolete.

The supplement of 10,000 so-called "new words," which some of these books are advertised to contain, was compiled by a gentleman who died over forty years ago, and was published before his death. Other minor additions are probably of more or less value.

The Webster's Unabridged Dictionary published by our house is the only meritorious one of that name familiar to this generation. It contains over 2000 pages, with illustrations on nearly every page, and bears our imprint on the title page. It is protected by copyright from cheap imitation.

Valuable as this work is, we have at vast expense published a thoroughly revised successor, known throughout the world as

Webster's International Dictionary.

As a dictionary lasts a lifetime you should
