TOWN AND COUNTY.

—Charman has one wheel velocipedes for sale.

—The Sons of Temperance meet at Templar Hall on Friday evenings.

—Main Street has been sprinkled from the Hydrants for several days past.

—This is the Anniversary of the first settlement of Georgia, March 13th, 1793.

—A large spile-driver is about completed at Mill No. 3, O. C. R. R., to be sent up to Clackamas bottom for use.

—If you want good and substantial furniture a suitable variety may be inspected at the warerooms of M. Wertheimer, in this city.

—Workmen are employed in removing the wooden building from the lot upon which the Odd Fellows' Hall will be constructed in this city.

—We observe that iron pipes for an extension of the street mains of the Oregon City Water Works have arrived.

—Mr. H. C. Leonard of Portland, has purchased the White House property in this county of Joseph Teal, paying therefor it is said, $15,000.

—Teams are busily engaged in hauling stone for the foundation of a new Machine shop and Furnace, to be established in this city this year. The machinery is now *en route* to this place. The owners are Messrs J. H. Moores, S. L. Stevens, and L. D. Harding.

—We trust that the few remaining citizens of Oswego may again soon enjoy the benefits of a Postoffice.. Mr. Henry Ganz is spoken of as a suitable person for the office. His business is merchandising, and his store is the general rendezvous for that section.

—Pease & Grepe is the name of the firm now carrying on the lumber business in this city at the Island Mill. The new firm have added a new plainer to the mill, and made other desirable improvements. Mr. Smith formerly owner has taken a contract to furnish logs. This mill usually makes splendid lumber.

—Mr. T. R. Brooks, Civil Engineer of the O. C. R. R., left this city on Thursday morning last, intending to inspect the grade of the entire line that he may know just what is to be done, when active operations are renewed. He did not start on a velocipede, nor with a carriage, but would travel with "shank-horses," and be at home where night overtakes him.

—The Wallamet Falls Canal and Lock Company have employed Mr. Calvin Browne, of San Francisco, to make the locations and estimates for the work, and he is now so engaged Mr. Browne is a Civil Engineer of considerable note. He had charge of the construction of public works at Mare Island, opposite Vallejo, and it is probable will be appointed Engineer at that place under Grant.

—The calendar for the March term of the Circuit Court for Clackamas county, beginning on Monday next, presents a more extensive list than at any previous term. There are in all fifty-six causes, as follows: Six criminal; 12 civil suits; 21 actions for right of way etc., brought by the O. C. R. R. Co.; and 17 equity causes —7 of which are for divorces. It is doubtful if court adjourns under three weeks.

—The Oswego Iron Company have resolved to close up the furnace entirely, as soon as the present stock of ore and coal is exhausted, which will be about June 10th. Mr. Harris, the Superintendent of work, is now the only head man remaining at Oswego, and he will start for the Atlantic States as soon as work is suspended. This state of things is to be regretted very much, but we do not know as it can be helped. The company have demonstrated the fact that iron, equal to Scotch pig, can be made in Oregon. They also find it to be a profitable business, when not interrupted by law suits and delays. The chief cause for their determination to do as above stated is the same that would have caused the O. C. R. R. to give up in disgust long ago, if they had lacked "back bone;" and comes from the foolish opposition of parties who had not capital to carry on the business but seemed jealous of those who had, and having technical grounds upon which to base action, literally pitched into them, but for what object we are unable to say. Oswego is to-day much below what the friends of the place expected of it two years ago. When we, as Oregonians, learn to treat capitalists more deferential it will better benefit such and every one of us.

THE P. T. Co.

C. P. Church addresses us thus:

OREGON CITY, March 2d, 1869.

MR. D. C. IRELAND,

Dear Sir: I am instructed to inform you that you need not in the future, address any of your papers to any of the boats of the People's Transportation Company, nor to the office at Salem.

Yours Truly C. P. CHURCH.

P. S.—Should have spoken to you of this, but have had no opportunity. C.

We have never asked pay of the People's Transportation Company for papers furnished their boats and office for the time we have been here; nor have we ever considered them specially indebted to us for the very many complimentary notices—enough to fill a good sized volume: which we have given them, believing them entitled to the credit of doing much for Oregon. And, reverse of this—we have never deemed it our duty to ask permission of the Company to criticise acts of theirs when we deemed it proper to so speak. Every one but the P. T. Company recognizes the importance of this county taking the step it has with respect to the Canemah road, and no matter how the case may be decided, it is nevertheless a fact, that it is as much the right of the county to begin this suit, as it would have been for an individual whose property had been trespassed upon. We are surely not to blame if the P. T. Company go on and construct expensive works upon private property, and the holders of that property bring a suit of ejectment against them. If the managers of the P. T. Co. are so short sighted as it appears to us they have been in these cases, are we not certainly charitable to call it by no harsher term than short-sightedness? If we have made any mis-statements with respect to these matters, we beg to be better informed that proper correction may be made, but we think it very weak for this company, or any other, to assert that the Press of the State which does not unite with it in all things, right or wrong, must be crushed out of existence. It exhibits a spirit well calculated to detract from their line of policy, or "pretense," that all they do as a company, is to advance the interests of the public. There is a certain air about this style which is calculated to weaken the friendship of the independent, prudent, or patriotic journalist for them. And while we have never felt like mixing in with their wholesale personal defamation of citizens here, whom they dislike, we can say that we do believe that if all the narrow-mindedness attributed by them to this community was concentrated to a point, it would be incapable of comprehending the literal sense of the communication of this Mr. Church, above given. If the P. T. Company does not want the respect of the community, the community is an ass to force its respect upon them. We shall recur to this subject hereafter, from time to time, as circumstances may dictate, presuming however, that at this time the company feel pretty sore. They have been running a pretty stiff opposition for a year, and have at last been compelled to buy it off, which has cost them something, and when you touch the *pockets* of a certain class of men you touch their souls. They may be justified in some such way, for their course at present; and perhaps we should overlook their little imperfections.

—Mr. Levy, at the telegraph office, exhibited an array of stamps a few days since, which he has placed upon his tobacco and snuff, according to the provisions of the act of Congress.

—The citizens of Oswego should petition the County Court for an appointment of Justice of the Peace, to fill vacancy occasioned by the resignation of Mr. L. H. Calkins.

NOT A SUBJECT OF DOUBT.—That Newell's Plumonary Syrup is the most effective and never failing remedy for affections of the throat and lungs.

"IN TIME OF PEACE PREPARE FOR WAR."—So get a bottle of Dr. Cooper's Magnetic Balm, an unequaled preparation for Dysentery, Diarrhœa and Cramp. The instantaneous relief of Burns, Bruises and Sprains.

ELECTRO SILICON.—This curious and valuable substance is confidently claimed to be the best article ever discovered for cleaning and polishing Gold, Silver and Plated Ware, and all smooth metallic surfaces, of whatever description, including kitchen utensils of tin, copper, brass, steel, etc.

VALUABLE LAND FOR SALE CHEAP.—We know of 480 acres of good lands for sale in this county, being the land claim of J. L. Stout, in what is known as the Ringold Settlement. It will be sold in lots to suit purchasers, on very fair terms. This land is only 12 miles from Oregon City. For further information apply to N. W. Randall, of this city, or of J. L. Stout, Unity, Baker's Bay, W. T., or of Andrew Stout, in the above mentioned settlement. 13:1y

COURAGE.—Courage of the highest order is the product of the conscience and the will. It is not the hardihood which comes from ignorance of the situation, or from stolid insensibility. It looks upon the facts as they are, and upon the dangers as they exist, and resolves to meet and triumph over them. Kohn & Fishel looked upon the fact that the people could not afford '49 prices for their dress goods, etc., and they resolved that prices must be reduced in proportion to the times. They have succeeded, and are now considered really the best men in Portland to deal with.

SADDLERY.—J. H. Schram, of this City, is now manufacturing the best Saddlery and Harness in the State. He will have at least 50 sets of all grades, from fine to common, finished and ready for sale next month, and more than that number of Saddles. He is bound to make a trade with any man who wishes to buy of him. He uses both Oregon and California leather in his establishment, and his work bears a most excellent reputation abroad. We hope that citizens of our own county will think of this, when they want any articles in his line.

PREMIUM

GANG PLOWS.

As the age in which we live demands progress in Farming Implements as well as in all other branches of industry, I have entered extensively upon the Manufacture of the Celebrated

Pfeil Gang Plow!

Better known in Oregon as the WOLGAMOT PLOW. This Plow combines all the desirable points of a perfect implement, being simple in construction, cheap, durable, and of light draft. The only Premiums which were awarded to Gang Plows at the great Implement trial at Mattoon, Sept. 4, 1866, by the State Agrtcultural Society of Illinois, were awarded to this Plow. The following is an extract from the Report of the Commissioner of Agriculture, for the year 1866, and may be found on page 246 of that report:—

"The Gang Plow made by J. C. Pfeil, Arenzville, Cass county Illinois, is received with no little favor in the west. Almost incredible stories are told of its excellence and efficiency in plowing the prairie fields of Illinois and other States.

"The depth of the furrow is regulated by the crank-axle, which is so arranged that the ploughs can be driven deeper or shallower at the pleasure of the driver, when the team is moving, by means of the lever.

We also manufacture sulkey plows for small boys, or infirm persons who are unable to manage a team of three or four horses.

This gang or sulkey plow, will cut a furrow from 2 to 10 inches deep.

"The committee who tested the draught of this plow with a dynamometer state, that it ran lighter by 140 pounds, than other plows when running at the same depth, and held by the plowman while on foot."

☞ *With this Plow one man can do more work than two men can do with walking Plows, and the same amount of team. Hence, it will be seen that it will more than pay for itself in one season's plowing.*

I will also manufacture the

WEB-FOOT GANG PLOW!

—AND THE—

Web-Foot Walking Plow!

Both patterns of my own invention, for which patents have been applied for, and which have withstood practical tests with the best results receiving flattering testimonials wherever seen or tried.

☞ *Now, the Farmers of Oregon are invited to give the Oregon City Manufactory a trial. Do not purchase a Plow of any description until you have examined my make and prices, as I am determined to sell at less than importer's rates, by giving you a more durable article, and a guarantee warranting the same.*

ROBINSON'S

Celebrated Magic Soap Powders!

Prepared in 6, 12, and 24 lb. Boxes,

READY FOR WASHING!

—o—

This is cheaper than Common Soap. It removes Paint, Tar, Pitch and dirt of every description; and which has given such general satisfaction, by proving that your washing can be done with one-half the time and labor of the old mode. Thus labor saved is money made; as wash-boards, machines and hard rubbing to wear out clothes, is entirely dispensed with, and the washing for a dozen persons can be done in two hours. Thus the cost of your washing being three-fourths less than by any other process, as you use no other soap.

These Prepared Powders or Soap have not only proved themselves superior for washing any and all kinds of goods, but proved after one year's use not to injure in the slightest degree any fabric of the finest texture; and, also the finest article for the hands, as it makes them soft and white, as well as your clothes. It also keeps your hands from chapping when exposed to the air.

We defy the world to produce its superior for washing any and all kinds of goods. Our object is to save your time, expense, hard labor, and especially the woman who has to wash.

We take pleasure in announcing a few of the many ladies' names—by their consent—who have used our Prepared Magic Soap Powders, from six months to one year:

STOP THAT COUGHING

SOME OF YOU CAN'T, AND WE PITY you. You have tried every remedy but the ONE destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S Pulmonary Syrup

is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefitted by the surprising curative powers of

NEWELL'S Pulmonary Syrup

and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

NEWELL'S Pulmonary Syrup

has cured thousands and it will cure YOU if you try it.

This invaluable medicine is pleasant to the taste, soothing, healing and strengthening in its effects; entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.

ESSENCE OF

Jamaica Ginger.

This valuable preparation, containing in a highly concentrated form all the properties of Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs. As a tonic, it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise; for while it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by riding in a railroad car, or by sea-sickness or other causes.

It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.
