LETTER WRITING BORNEO BONANZA

(By Associated Press)

SAN FRANCISCO, April 18.—Letter writing is the most lucrative profession in Borneo, according to C. P. N. Wade, for the past four years British postmaster general of North Borneo, who recently arrived here.

"The letter writers," he said, "contract to read and write all the correspondence for the great multitude of natives, only a few of whom are literate. Many fortunes have been amassed by these people in this work, and today they are among the richest in the land."

WALTON ARRESTED

The sheriff's officers this morning arrested E. K. Walton in La Grande and have him in custody. Walton is wanted in Portland for leading an association, so that organization which will be held in Union on Monday and Tuesday of the week of the stock show. He complimented Union not only for having the fine hotel to accommodate the members but for building a $6,000 pavillion which will be used for the meeting of the association this year.

Judge U. G. Couch, of Island City, told of the good the stock show has done and is doing for Union county in the way of bringing up the standard of live stock. He said that the show each year was as staple and secure as any event in the nation

Drink Water If Kidneys Bother

Take a Tablespoonful of Salts if Back Pains or Bladder is Irritated

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful, effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.
