RAISES FLOWERS AND IS HAPPY

MUSKEGON, Mich. (AP)—Believing that the greatest service any person can give to his fellow man is that of spreading cheer and happiness, A. H. Allen, the largest producer of gladioli in western Michigan, has consecrated his life to the raising of flowers for free distributions and public buildings in order that he may extend his message of human kindness to all who look upon his offerings.

About 15 years ago Mr. Allen became imbued with the idea of serving humanity. Always a lover of flowers, he decided to use them as his medium for showing his love for others.

The Allen farm has 11 acres devoted to the culture of gladioli. During the flowering season the tract is a riot of every color and color combination conceivable. In all there are 97 varieties of this popular flower, each with its distinctive coloring and its own characteristics.

Mr. Allen, during the flowering season, comes down town each day with a supply of blossoms, makes his rounds, and leaves bouquets at the hospitals and in other places where he believes they will be appreciated.

"The sight of flowers is the greatest tonic for persons who are ill or discouraged that the world ever has produced," Mr. Allen said. "I have proof that flowers do speak a language of gladness. Every morning when I come into Muskegon with an armful of flowers strangers speak to me on the street. After I have delivered the blossoms and am empty handed no one pays any attention to me. It was the flowers that the strangers spoke to before."

On the Allen farm this year are 126,000 gladioli bulbs in blossom. The grower is at work on several new varieties, several years being required to develop a new species.

TWO SHOP FRONTS BEING REPAINTED

Jones and Rabone, located on Depot street near the L. & L. Drug company, are this week repainting the exterior of their establishment. The front of the offices next door to Jones and Rabone are also undergoing a similar renovation. They are to be occupied by Frank Weaver about November 1. Mr. Weaver, who hails from Caldwell, Idaho will open a tailoring and pressing shop at that time.

Any ordinary man can make a fortune. The hard part is to refrain form consuming each week's installment as you get it.

We have about reached the point where the man who loses a nickel wants to start a revolution or appeal for governmental aid.

However, we never have met a man sufficiently contrary to disagree with those who praise him.

MILTON LOSES TO LA GRANDE 40-0

(Continued from Page 1)

Garity showed marked improvement over last week and played the best game he ever played. His interference running was excellent and his line-plunging left little to be desired.

In the line, Coker proved a defensive warhorse of high quality. In every play, he tore through several times downing Milton backs for losses and a good share of La Grande's off-tackle gains were made over him. In converting goals, he failed but once and that when the line gave way, hurrying his kick.

Unleashes Forward Pass Attack.

Woefully weak last week, the Blue and White aerial attack was unleased on the Fruitpickers yesterday with results. Three passes were tried, two completed and one intercepted. The first pass, resulted in a long gain for a touchdown. Milton's chief asset was her passing but compared with La Grande yesterday, their overhead offensive didn't appear strong.

Milton Weakened.

Possibly one reason for the large score ran up on the visitors was due to the fact that depression set in the Milton team due to an accident that took Beard, end, from the lineup. On the way to La Grande, one of their cars wrecked, injuring Beard and shaking up two or three other players. Visitors from Milton, however, stated that Milton's showing against La Grande was far stronger than against Walla Walla high school, who defeated them by a slightly larger score.

The work of Jacobson, Chandler, Smutz, Glass and the others who substituted for the regulars in the last half, indicated that MacTavish is developing not only a strong first team, but a string of substitutes that are promising.

Scored in First 5 Minutes.

La Grande scored in the first five minutes of play and added another touchdown in the second quarter, making the score 14 to 0, 6 more points were added before the half. In the third quarter came another score, and two came in the final quarter, the game ending with La Grande started on another march for their opponent's goal line.

Classy Work Exhibited.

La Grande's team is pointed toward the Pendleton game next Saturday and yet, the local eleven hasn't reached the perfection that Coach MacTavish is expecting. The interference running in the backfield showed marked improvement, the running back of punts and the zip of steam behind the La Grande attacks showed promise of bigger chances to win from the Bucks. La Grande looked a lot better on her aerial work, both on passes and punting. Coker is showing accuracy on his kicks for goal after touchdowns. In two games, he has converted 7 times out 11 tries, twice failing due to the line giving away, and once hitting the crossbar squarely.

La Grande meets Pendleton next Saturday and the Bucks are unquestionably a team to be feared. Coach Homer Taylor is working his squad with the view of defeating La Grande and their early season games have shown great strength. The game Saturday is being looked forward to as the best game of the season and if the field is dry, the exhibition should prove of extreme interest.

On yardage yesterday, Kerr again forged to the front with the greatest gains from scrimmage, making a total of 148½ yards. His longest runs were 12, 13, 15, 20 and 40 yard gains. Sherwood came next with 89½ yards, his longest gain from scrimmage being 14 yards. Garity getting his yardage from steady punching the line, made 84 yards, an the line, made 84 yards, making an average of 4.2 yards on each play. His longest gain was 11 yards. Jacobson, in the last quarter, made 18 yards on five attempts. La Grande made approximately 300 yard gains from scrimmage while Milton made less than 50 and lost nearly as much as they made.

Garity went over twice for 12 points, Coker added 3 on conversions. Williams scored 6 points and Kerr scored 19. Garity's runback of a kickoff 40 yards and Kerr's 40 yard run for touchdown were plays worthy of mention. Sherwood's runback 42 yards of a kickoff was just as good. Nixon, Milton-Freewater, right guard, played the best ball for the visitors.

Lineups: Milton-Freewater: Bett, left end; Kilphart, left tackle; Herndon, left guard; Smith, center; Nixon, right guard; Megy, right tackle; Ireland, left end; Newson, quarter; Dester, right half; Hendricks, left half; Edwards, fullback. La Grande: Metcalf, quarter; Kerr and Sherwood, halves; Garity, fullback; Hummell, center; Stager and Hughes, guards; McClure and Coker, tackles; Price and Williams, ends. G. L. Dutton refereed.

NEW LEGION CHIEF LEAD BONUS FIGHT

(Continued on Page Five.)

eral bonus idea. It is a state proposition. As I understand it, the legion could once show a couple of million names on its rolls, and now it has dropped to something like 400,000 paid up.

"Drop all committee teachers and let everything be in open public meetings so that the world will see the cards on the table and come to know just what you and I know, namely, that the defenders of the country are its best asset. Then your membership will not wane and many who are holding aloof will join the legion. Otherwise, the spirit of Americanism in the country is bound to crush the legion."

New Leader Makes Statement

Quinn made this statement after his election:

"As national commander of the American Legion I shall endeavor always to interpret the ideal and achieve the aims of my comrades in service. I shall carry on the fight the legion has always waged for the disabled men and women who gave so much for their country. I shall seek to secure a close and human contact between them and the governmental agencies dealing with their welfare.

"I shall conduct an active and vigorous campaign to secure the immediate passage of the adjusted compensation act, urged by the fifth national convention of the legion.

"With the help of thousands of men who have dedicated their lives to the principles set forth in the preamble of the American Legion constitution and who now constitute the membership of the American Legion I expect to see the accomplishment of greater deeds to the benefit of our glorious republic."

Idaho Legion is Given One of Five Vice Commanders

SAN FRANCISCO (AP) —The five following national vice commanders were elected at the closing session of the fifth annual convention of the American Legion here Friday.

Ryan Duffy, Wisconsin, 794 votes; Thurman Mann, North Carolina, 759 votes; William B. Healy, Pennsylvania, 686 votes; Celers M. Stoddard, Arizona, 625 votes, and Lester Albert, Idaho, 545 votes.

On motion of Frank J. Good of Massachusetts, the election of the five vice commanders was made unanimouse.

Auxiliary Elects.

SAN FRANCISCO (AP) — Mrs. Franklin Bishop of Leicester, Mass., was elected national president of the American legion auxiliary, composed of women who performed military service during the war, at the final session of the organization late Friday.

MAY REOPEN JOSEPH BANK

(Continued from page 1)

to chance getting all of their money and have the depositors take stock to the amount of $25,000. That part may be easy enough, but before any of the funds can be used for reorganization or any other purpose the claims of the Federal Reserve Bank must be settled. To settle with the Federal Reserve then will be the first task undertaken by the committee.

The depositors voted to back the committee in their plans and to give such financial assistance as may be necessary.

Another meeting will be held in the near future at which time the committee hopes to have a definite plan to submit to the depositors for adoption. If this plan meets with the approval of the Comptroller of Currency permission may be secured to examine the bank.

THE FIREPLACE

Columbus Ohio State Journal: Those who are supplied with fireplaces in their homes feel no resentment as the chilly evenings of the early fall arrive, with their promise of colder evenings and the winter not far away. The chill of fall can be welcomed because it provides good reason for a blaze in the fireplace with the joy and good cheer possible as the fire crackles and develops, the ashes drop and the fire burns itself out. The family gathers about the fire as the lure is strong and there is promise of a happy hour. It is a proper place to visit, or read, or smoke, to relax and dream. The glow of the fireplace is cheerful, companionable and inviting. One may watch the curling smoke, the jets of flame the ruddy glow and find ever a new picture, always interesting.

Fireplaces are domestic, belong to the home where a family is found. The selfish man and the miser might resent them, certainly could not hope to see their charm, glimpse the picture or feel the spell. The hour of peace, kindly contemplation and retrospection comes as the evening wears away and the fire burns low, the hour with its soothing and sweetening effect on life. These hours come only in the home. They are for the generous, the kindly, to help to know and enjoy.

OREGON WINS FROM WHITMAN

(Continued from Page 1)

In the final period after Oregon had made a touchdown, Whitman opened an aerial attack, which combined with line plunges and end runs, brought them to Oregon's six yard line, where they were held for downs.

The Oregon backfield showed brilliant throughout, making a total of 253 yards from scrimmage to 55 for Whitman, and 17 first downs to four for Whitman.

Obituary

Lon Watson.

Lon Watson, a pioneer resident of this city but for the past four years making his home at Enterprise, died there yesterday morning at the termination of a short illness. Mr. Watson was 79 years of age and came to La Grande in 1872.

He leaves to mourn his death four sisters, Mrs. Martha Cook, of La Grande, Mrs. A. DeBole, of Elgin; Mrs. David Bay and Mrs. Emma Bunker, of Portland. He also leaves two daughters, Mrs. Lottie Lester and Mrs. Mary Lester, of Enterprise, and one son, Leal J. Watson, of Lodi, California, and a host of friends.

The body will be brought to La Grande tonight and funeral services will be held tomorrow from the Bohnenkamp chapel at 2:30 o'clock in the afternoon. Interment will be in the Masonic cemetery.

Lloyd George Rebukes French Officer in St. Louis Address Friday

(Continued from Page 1)

Germany Must Be Free.

But by reasonable interpretation, the former premier said he did not mean the making of Germany a nation of bondsmen.

"We believe in freedom the world over," he added, "and every nation which is not free is a reflection upon the nations that are free. It is one of the great problems of the world and a problem which, unless it is solved, believe me, will not merely affect every day business but which may produce consequences that are now not conceivable to our minds."

America Should Help.

Declaring that Europe was on the brink of tumult with central Europe, "day by day slipping into anarchy, confusion, disruption" and that once there is chaos in a great country like Germany it cannot be known what menace may emerge, he asserted that it was the interest of the American people and their government to do their best to insure the carrying out of the divine message heralded 1900 years ago of "peace on earth and good will among men."

The distinguished visitors arrived here Friday afternoon from Springfield, Ill., and on leaving his train was taken on a drive through the city, passing through the residential and business sections where he received a warm welcome.

Redwood Highway to Be Completed Soon

EUGENE, Ore.—The "Redwood highway" from Grants Pass, Ore., to the California state line will be completed without unnecessary delay, according to announcement of C. H. Purcell, district engineer of the forest service of the United States. The government engineer said that bids for construction of a section north of the California line will be opened November 1. A short section south of the line will also be contracted at the same time, the engineer said.

Mr. Purcell intimated that the project will be an all-forest service proposition and will come under the jurisdiction of the federal government. The estimated cost of the highway is $175,000.
