Many Americans Own Castles in Saxony

DRESDEN, (AP) — Real estate in Saxony with the mark at low rates of exchange, has been tempting to foreign buyers, many of whom have embraced their opportunity.

Castles, dwellings, factories and unimproved tracts of land have changed hands in large numbers. The market has been active since 1918. The foreign buyers include 318 Americans and more than 200 Swedes.

Saxon tax collectors are studying the situation with the idea that no state payments be overlooked.

"Thrift Week" Begins Jan. 17

NEW YORK, (AP) — "Success and Happiness" has been approved as the watchword for the thrift campaign of the coming year. It is announced further by the National Thrift Committee that the Dallas plan is being adopted by other cities for the spread of thrift through the public schools. Under this plan contest are held and prizes awarded to pupils who devise slogans for use in the local campaigns.

Thrift Week will be observed from January 17, the birthday of Benjamin Franklin, to January 23. The program of the week is based on the ten points of the Success Creed as follows: Work and Earn; Make a Budget; Record Expenditures; Have a Bank Account; Carry Life Insurance; Own Your Own Home; Make a Will; Invest in Safe Securities; Pay Bills Promptly and Share With Others.

Unemployment in Ireland Increased by Demobilization

DUBLIN (AP)—Unemployment has been increased in Ireland as a result of the demobilization of hundreds of officers and nearly 20,000 men by the Free State army.

President Cosgrave has appealed to employers to reinstate their men who joined the Free State army when the authority of the state was challenged by the supporters of De Valera. He also asks that a fair proportion of vacancies be set aside for men who rendered service to the nation.

SICKNESS DRIVES PEOPLE FROM ONE OF SOLOMON ISLES

SUVA, Fiji Islands, (AP)—Natives on the Guadalanar coast, one of the islands of the Solomon group, are dying off at a fast rate, it is reported by Captain O. Svenson, a plantation owner, who has just returned from a visit to the island.

He said these islanders had lost much of their vitality and had become an easy prey to such diseases as influenza.

"In the early days," explained Captain Svenson "these coast tribes were kept in fine physical condition. They were always on the qui vive for attacks from bushmen, who used to raid the coast dwellers constantly. Now there is no fighting. The coast men are becoming a very indolent lot, without ambition, quite content to loaf about and allow their women to cultivate a few yams. They are losing vitality and dying off by the dozens."

Development work in the Solomon Islands, he said, has been at a standstill for the last five or six years on account of the leasehold system introduced by the administration.

Man Who Cut Off Child's Hands Sentenced to Prison for Life

MANCHESTER (AP) — Sentences of imprisonment for life are rarely imposed on prisoners in England, except in cases where the sentence of death has been commuted. Justice Branson, however, did not hesitate imposing a life imprisonment sentence recently on a man who was charged with having cut off both hands of his stepdaughter, four and one-half years old.

The story of the crime was described by the judge as the most horrible he had ever heard. During the hearing two woman jurors fainted and there were tears in the judge's eyes.

Residents of Accrington, where the child lives, have subscribed $30,000 to provide for her future.

Correct this sentence: "And then, mamma," confessed the flapper, "he offered me a cigarette and I knew he was a wicked and dangerous man."

No Croup Tonight

No need to fear spasmodic croup. Rub baby's chest with Vicks at bed time. All night long medicated vapors arise and are inhaled. Croup can hardly develop. It does away with dosing and is equally effective for other cold troubles of young or old.

"Old Faithful"

APPROPRIATELY named, this geyser stands affectionately in the mind of the people — **because of its utter dependability.**

There is no more helpful, no more confidence-inspiring quality than "utter dependability."

We have heard business men refer to this institution as "Old Faithful." In prosperity we aim to help our customers grow. In hard times we take care of them.

We've grown, too.
