Stories in STAMPS

CENTER OF BIBLICAL LORE

COMPLETE with memories of Biblical history are the stamps of Palestine, and none more so than the one shown below. It depicts a view of the Sea of Galilee, where Christ stilled the storm, where He walked upon the waters, and along whose shores He performed numerous miracles. Today this vast sea, or lake, is visited by thousands of tourists annually from all parts of the world.

A peculiarity of the stamps of Palestine, as you will see by this example, is the fact that they are printed in three languages, representing as many powerful nationalities in that region. These languages are Arabic, English, and Hebrew, the English name predominating at the top, since Palestine is actually a British mandate.
