NEW YORK, March 13—(AP)—The sharpest reaction since the February slump depressed leading stocks one to four points in today's market.

Near the close a number of leaders achieved some recovery from the lows for the day. Transfers were around 1,700,000 shares.

Heaviest declines were suffered by Bethlehem, U. S. Steel, Chrysler, Schenley, Paramount Pictures, Dow Chemical, Eastern Air Lines, Eastman Kodak, Union Carbide, Goodyear, Montgomery Ward, American Can, American Telephone, Dow Chemical, Johns-Manville, Kennecott, American Smelting, Southern Pacific, General Electric, J. General Motors rallied to close up ⅝ after the strike settlement was announced.

Sideshow

COLD RECEPTION

PHILADELPHIA—(AP)—Max L. Price, a butcher, literally put a housebreaker on ice until the police arrived. The man ran from Price's living quarters and attempted to hide in the butcher shop's refrigerator. Price bolted the door.

THAT DID IT

KANSAS CITY — (AP) — Floyd Harvey, deputy collector of internal revenue, tried to explain to a taxpayer that money paid to a veterinarian for care of the man's dog was not deductible from his federal income tax.

The taxpayer insisted the dog belonged to his family, was dependent on the family, that its medical expenses should be deducted.

"Well, I'll put it this way," Harvey sighed. "Just how is the dog related to you? Is it by blood, marriage, or adoption?"

That ended the discussion.

PRIVATE SHORTAGE

SAN FRANCISCO — (AP) — The nine topkicks in Battery G of the Harbor Defense won't have any buck privates to kick around this week.

The last private in the outfit, Walter Orndorff of Cumberland, Md., is being discharged, leaving 26 assorted sergeants, half a dozen corporals and four Pfc's.

THE HARD WAY

LOS ANGELES — (AP) — Deputy Sheriff C. L. (Hard Way) Brownlee has dug up some more evidence.

He was investigating a complaint a toy balloon had exploded in a purchaser's face. Brownlee examined a similar balloon. It blew up in Brownlee's face.

A week ago he was investigating a dog bite case. The same dog bit Brownlee.

The first minimum wage law was the New Zealand industrial conciliation and arbitration act of 1894.

Truman Seeks Congress' Aid For Wool Men

WASHINGTON—(AP)—Congress soon will be asked to consider President Truman's design for a stabilized wool industry.

Senator O'Mahoney (D-Wyo) told a reporter today that legislation along the line of the President's recommendations will be prepared at once.

The proposals, made Tuesday in a letter to O'Mahoney, chairman of the special Senate Wool Investigating Committee, resulted from continued protests by woolgrowers that the industry is in serious condition. The war years were unprofitable ones, wool men say, and uncertainty over the future is driving many producers to liquidation of their holdings.

The President recognized that "a serious world-wide wool situation exists." His legislative remedy for the domestic industry in the main would be:

(1) Continuation of support prices or loans by the Commodity Credit Corp., (2) sale of domestic wool by the CCC at prices competitive with foreign wools, and (3) a research and development program to improve the quality of domestic wools and marketing practices.

A revised parity price for wool would be established on a basis "comparable" to that of parity prices for other agricultural products. Woolgrowers contend that the present parity price was based on a period (1910-1914) when wool prices were among the lowest in recent history. (Parity is a price designed to assure the same buying power as in some past favorable period.)

Support prices to be paid by the CCC would be based on the new formula. Mr. Truman recommended that no reduction be made in the general level of 1946 support prices until the decline of sheep herds in America is checked.
