Wife Slayer?

Alfred Madison, 24, killed his wife with a hammer and threw her body into a river, near Mesick, Mich., according to police. Then he went back to his home in Traverse City and began to woo a sweetheart, saying his wife had divorced him. When the woman's body was found, many weeks later, Madison confessed to the murder, officers say.

Electric and Steam Trains Operate Over Same Track in Texas

DALLAS, Tex., (AP)—Operation of an electric interurban system and the regular steam railway lines over a single track has been pronounced successful here after 15 days of trial. The Texas Interurban Railway is connecting with the Missouri, Kansas and Texas railroad in operating a joint service between Dallas and Denison, a distance of 75 miles north of here.

The joint operation was decided upon by the interurban company in fulfillment of a contract with the city of Dallas. Officials of Denison will lay out down in the surrounding territory to include in the network of connecting electric lines. A proposition was made to the railroad company to run its track, providing the construction of a parallel road.

A joint dispatching system, under the supervision of the railroad company, is maintained. Each electric passenger train and each steam passenger train is considered as first class, the electric express trains second class and the steam freight trains third class. The electric company operates 20 passenger trains and four express trains, while the railroad company runs four passenger trains and two freight trains.

The interurban company pays a stipulated rental monthly for the use of the track, and in addition pays a sum for the maintenance of the right-of-way, and an agreed share of the dispatching cost. Before the installation of the electric line between Dallas and Denison, which was just a branch line of the "Katy," it was not a profitable proposition, but since the electric line has started using the track, the line has become a profitable property, officials of both companies report.

We usually do what we say, and usual usually do what we say. "Gold's meter."

Poland Seeks to Extend Foreign Trade to Countries of Near East

WARSAW (AP)—The policy of the Polish government to endeavor to lift imports from Poland into a state of the Polish government is took for other foreign markets during the last year. Poland has paid special attention to the Baltic and adjoining states and Russia, and has made considerable progress in extending the sale of Polish manufactured articles.

Poland organized a regular fair in Constantinople in September, the first European fair in Turkey, and everything seems to indicate favorable prospects for the expansion of Polish trade to the Near East.

New Nerve Oil Ends Rheumatic Pain

The actual Pain of Rheumatism, Neuritis, Gout and Lumbago is due to an Irritation of the Nerve of the Muscle or the Joint. End Muscle or Joint Pain by Treating Inflamed Nerves.

Painful attacks of rheumatism, neuritis, lumbago or sciatica is always due to an irritation or inflammation of the nerves of the muscle or joint. When you feel pain in the muscle it is the nerve of the muscle that hurts. When the pain is in a joint it is the nerve of the joint that are affected. As everyone knows, in a toothache, the pain is in the nerve of the tooth. Just as a dentist treats the nerve for toothache, so must a remedy stop the pain in the nerves of the muscle or joint before it can give any relief.

German science has now produced a remarkable new nerve liniment as HUNEX OIL, which when applied to the painful joint or muscle penetrates right through the skin and reaches the inflamed or irritated nerves. Hundreds have been healed so that relief from pain is quickly obtained from the first application. HUNEX OIL can be had from any of the druggists named below with a written guarantee of satisfactory relief or money back.

TALL CLUB MANAGER QUITS

CHICAGO, ILL., (AP)—Johnny Cantillon, manager of the Los Angeles club of the Western league, has resigned, it was announced here Wednesday by President Frick.

Cantillon, it was stated, had agreed to be released at the close of the past season.

Cantillon has not announced his plans for the coming season.

Deer Hide Cache Found

HARNEY, Ore.—Two caches of headless deer hides found by forest service officers in the hills near Paisley have led again to speculation of hunters who have been in the hills in the past few weeks, the forest officials state. In some warehouse that deer have been slaughtered. In each instance the hides were buried in the same manner, covered with leaves and a sprinkling of earth.

Range Land Soaked

PENDLETON, Ore.—One inch or an inch of rain fell in Umatilla last night, according to stockmen. This brought the total precipitation during the past week up to about an inch. Livestock men declared that the ranges have been soaked and that if weather does not become cold enough for cattle and sheep will be pleasant for weeks to come.

FOOTBALL RESULTS

LARAMIE, Wyo. (AP)—Saturday, Nov. 17, University of Wyoming vs.

Hall's Catarrh Medicine is a Combined Treatment, both local and internal, and has been successful in the treatment of Catarrh for over forty years. Sold by all druggists.
