ORDER OF THE DAY

MEMORIAL SERMON AT PRESBYTERIAN CHURCH.

Decoration Day Oration Will Be Delivered at the Cemetery by Comrade Shaw of Portland—Hoped That All the Rigs Possible Will Be Brought to Starting Point Monday Morning—Special Invitation to Ex-Confederates.

Monday is Decoration Day, and Kit Carson Post of the G. A. R., has made preparations for its observance.

Tomorrow morning at 11 o'clock Dr. W. S. Holt, of Portland, will deliver the memorial sermon at the Presbyterian church.

Monday morning at 8:30 o'clock the members of the post will meet at their hall on the corner of Main and Webb streets, and will go from there to the cemetery, where the memorial services will be held. Comrade J. F. Shaw, of Portland, will deliver the memorial address over the graves of the dead at the cemetery.

Kit Carson Post extends a special invitation to all ex-confederate veterans in the city and vicinity to attend, as well as to the members of the Women's Relief Corps.

Some teams have been provided by the post, but it is the wish that all persons contemplating visiting the cemetery with the veterans who have rigs, bring them in order that there will be ample transportation facilities for all of the people who desire to attend.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

READY FOR LAND RUSHERS.

Are After the 382,000 Acres in the Rosebud Reservation.

Minneapolis, Minn., May 28.—Outward signs are abundant that a second Oklahoma rush will be witnessed at the coming opening of the Rosebud Indian reservation, in the southern part of South Dakota. Although the date of opening to settlers is more than a month distant, preparations are already making to provide transportation for the large crowds expected to take up the 382,000 acres.

The people of Bonesteel, Platte, Fairfax and other towns adjacent to the reservation are getting together horses and wagons of all sorts to take care of the people who will start from these places. The officials of the railroads running nearest the reservation are in receipt of hundreds of letters daily asking information from prospective betters and they are counting upon carrying at least 25,000 people on the day of opening.

MOST POWERFUL LOCOMOTIVE.

Gigantic Affair Which Weighs 360,000 Pounds.

Schenectady, N. Y. May 28.—Engine No. 2400, built by the Schenectady plant of the American Locomotive Co., for the Baltimore & Ohio Railroad, will be taken next week to St. Louis, where it will be exhibited as the most prominent feature in the transportation building at the World's fair.

The locomotive is the most powerful ever built. The design follows that of the Mallet compound used for heavy hauling. There are six pairs of driving wheels. Three pairs are under the forward end of the boiler, and the remaining three beneath the firebox. The driving wheels are quite small, being but 56 inches in diameter. The weight is 360,000 pounds. Preliminary tests conducted here go to show that the locomotive is one and a half times more powerful than any other locomotive ever constructed.
