
TELOCASET AT GRANGE MEET

TELOCASET (Special) — The Telocaset grange was well represented at the meeting of the Union county and Baker County Pomona grange. Those attending were Mr. and Mrs. G. Y. Wilkinson, Miss Virgil Wilkinson, Mr. and Mrs. Jim Anson, Mr. and Mrs. Lee Parks, William Baxter, L. B. Hyatt and Mrs. Dore Caton.

Mrs. W. H. Wilson and daughter, Inez, were Baker visitors recently.

Mrs. Roy Forester and Miss Maxine Peterson of La Grande visited several days here at the home of Mrs. Forester's sister, Mrs. L. B. Hyatt.

Mrs. L. B. Hyatt and daughter, Geraldine spent the week end visiting relatives in La Grande.

North Powder visitors for the week were F. M. Miller, Elmer Miller and L. D. Harris.

Misses Opal Barr, Juanita Hill and Marjorie Hyatt, Glenn Hill, Willard Hill, George Hill and Miss Mercie motored to La Grande the first of the week.

George Ackley and son Wayne made a business trip to Union recently.

Miss Marcella McCullough spent the week end at her home at Haines.

The school children and the teachers are very busy preparing for a program to be given Christmas.

Gold Coast Holds No Terrors For Daring English Princess

LONDON (AP)—Princess Marie Louise, King George's cousin, has decided to leave London in February for a month's visit to the Gold Coast of West Africa, where she will take part in some big game shooting.

Until recent years the Gold Coast was known as the white man's grave, but owing to the progress which has been made in the conquest of malaria and other tropical diseases, the district is now comparatively healthy.

The princess, who will be accompanied by a woman friend, will go to Accra, the seat of government, as the guest of the local governor.

Japanese don't care for dogs as house pets, but we can't picture this as making a good dog so mad.

WALLOWA MEN CUTTING WOOD

WALLOWA, Ore. (Special) — Wayne Willett and Gilbert Baker have been busy for the past couple of weeks cutting wood at the Glenn Tulley ranch in the hills a few miles northeast of town. They expect to cut about 600 ricks during the coming winter months. They state the timber is in excellent condition for sawing, being very little frost in the green timber yet.

The roads in practically all parts of the country have been very muddy for the past several days. A short time ago the ground was frozen hard, but the weather turned much warmer, the first of the week and much of the frost has been drawn from the ground. The stretch of road east of town which was surfaced with rock and clay material several years ago, is beginning to show signs of cutting through in many places.

Ira Koonts was arrested here Friday evening, charged with having "moonshine" in his possession. It is stated that he was attempting to give a girl a drink of the liquor as night Marshal John Crawford arrested him. Koonts threw the bottle to the ground but it failed to break. He was taken to Enterprise for hearing.

The warm spring-like weather of the past several days has had some effect upon the hay sales. While the price has not declined much the amount being sold is said to be somewhat less than a few weeks ago.

Born to Mr. and Mrs. B. V. Lathrop of Leap, December 11, 1924, a son.

John Couch's children have been having the mumps the past week. Where the children became exposed to them, remains somewhat of a mystery, as no mumps have been heard of in this section of the country for some time.

W. B. Hescock still continues to use his auto stage between here and Maxville. The road toward that part of the country is said to be quite deep with mud at many places.

F. A. Downing and Bruce Fisher of Leap delivered some fat hogs to J. L. Maxwell here the latter part of the week.

George K. Coleman and Charles Horner, farmers from the Powwatka section, were in town on business the latter part of the week.

Ed Bell and son "Buster" who recently finished a logging contract in the woods near Maxville have returned to the woods again where they expect to do some more logging. The amount of work going on in the woods is said to be somewhat less at this time than of a year ago.

T. A. Bakke has been busy the past several days distributing some lamps over the country, for which he recently became agent. He has been quite successful in selling a considerable number of the new lamps.

J. R. Pace and C. E. Haaland have been busy the past few days building a small barn for school district No. 48.

Eugene Gaskin helped Sam Meek butcher the latter part of the week.

Good Weather Favors Sugar in Porto Rico

SAN JUAN, Porto Rico (AP)—The largest sugar crop in Porto Rico's history is predicted for the season soon to begin, by Commissioner of Agriculture Carlos Chardon, who anticipates a harvest of from 422,000 to 433,000 short tons. The largest crop the island ever produced was 362,000 tons in 1917. Last year's crop was 378,000 tons.

Commissioner Chardon gives as reasons for the probable increased output favorable weather conditions during the growing season, extension of cane plantings, better selection of varieties of cane yielding high percentage of sugar and the planting of varieties resistant to cane diseases.

English Displaces Spanish In Mixed Filipino College

MANILA (AP) — State Tomas University, the oldest college under the American flag, has dropped from the use of the English language in all classes, instead of Spanish, according to an announcement by Father Manuel Arellano, rector of the university. The change is to be made only in the coming year, when the university will move to larger quarters. The college of engineering is wholly under English instruction at present, and several other departments also are using English.

The university also has decided to admit women to all departments. The college of pharmacy was thrown open to women last June, and the success of the experiment has caused the trustees to reach the decision to admit women to all departments including law, medicine, engineering, pharmacy, philosophy and letters, as soon as the institution has moved into its new buildings.

Gold Seekers Warned Of Rigors of Winter

NOTTINGHAM, Lower, (AP) "Stampeders," returning to Nottingham, from Ungava, have found that other to the Canadian placer diggings, Fresh Outposts, have been discovered on the Mistassini tributaries, the northeast of Mistassini Lake, in the Royal Canadian Mounted Police and without permission to travel in the wake of stampeders by way of Mistassini Lake, Chibougamau Creek and the Nitchi River road, in March, appeared to need no official leave. The police in fact, all the whites seen were based in pelts, foodstuffs and provisions without proper provisions in the bush.

One Man, who is kept up this winter in Montreal and Quebec, in some placed where King's Branch.

One or Two Things Regarding Dolls--

Dolls are a good deal like people. Ours are the thoroughbred kind—not the cheap, thrown-together ones made to sell. When you are going by, come in and see 250 dolls in one display. So reasonable in price to surprise you.

TO THE GIVER

Twas the week before Christmas, and all through the town
The buyers were thronging, both up street and down.
They knew that they had to buy presents galore,
At least once a year, and they thought it a bore.
Because they had not been sufficiently taught
That every day's Christmas when given a thought.

For giving is always more blest than receiving,
And the truth of this text is of easy believing.
Moreover the burden of buying is light
When you go to a shop that is organized right.
When a man wants a suit to the tailor he'll go,
When he wants flowers, the florist he'll know.
So why in the name of good old common sense
Should a shopper run 'round and incur great expense
Of time and of worry and even his cash
When into the Gift Shop he simply might dash,
And say, "I am looking for many a gift
And here I have come to ask you to lift
The burden of choosing them, off my mind
And here all the end of the trouble I'll find."
The moral which always must come at the end,
Richardson's Art & Gift Shop is always the gift buyer's friend. 12-15-6t
