FOOTBALL DRAWING CARD

CAMBRIDGE, Mass., Mar. 8. (AP)—If there were fewer interclass games football games fewer boys would go to college, in the opinion of President Lowell of Harvard and on the same principle decrease in bitterness among sects has caused church attendance to decline.

'AP' STORY TO TAKE THE AIR

NEW YORK, Mar. 8. (AP).—The work of the 20,000 men and women who gather and distribute news for The Associated Press will be explained from broadcasting stations throughout the country by executives and editors of the cooperative news gathering organization.

A growing interest among newspaper readers in the manner in which news of the world is gathered and brought to their homes is responsible for the innovation. Hitherto The Associated Press has confined itself to writing current history without giving its readers any glimpse of its own workings.

The phrases "by the Associated Press" or the abbreviation "AP" appears at the head of news dispatches, which it is estimated, are read every day by sixty million persons. Tonight the world-wide organization identified thus, and some of the stories behind the stories that appear in print will be explained briefly in radio features.

At four divisional headquarters the talks will be broadcast from WJZ, New York; WMAQ, Chicago; WSB, Atlanta, Ga., and KPO, San Francisco. The talks will be given at hours to be announced locally from other stations which include in the east, WGR, Newark; WTY, Schenectady; WNAC, Boston; WOO, Philadelphia; KDKA, Pittsburg; WHEC, Rochester, N. Y.; WGR, Buffalo and WTIC, Hartford. Besides KPO, San Francisco, other stations in the west will broadcast, these being KGW, Portland; KHQ, Spokane; KFOA, Seattle; KJR, Seattle; KSL, Salt Lake; KNX, Los Angeles, KOA, Denver and KFAD, Phoenix.

Kellogg on Vacation Because of Illness

WASHINGTON, Mar. 8. (AP).—Secretary Kellogg left Washington today for a week's visit to Pinehurst, N. C. The respite from official duties was advised by physicians after an attack of the grippe.

He will return in time to discuss with Ambassador Alanson Houghton and Minister Hugh Gibson plans for participation by the United States in the forthcoming league of nations preparatory armaments conference. The first conference between Secretary Kellogg and the home coming diplomat will be about March 15.

EX-POLICEMAN DROWNED.

OTIS, Ore., Mar. 8. (AP).—While a fishing boat capsized Saturday night near here, C. M. McDonald, formerly a Portland policeman, was drowned. His companion, John Griffiths, was rescued after being washed ashore.

LOCATES AT HOT LAKE

HOT LAKE (Special).—E. Ray Stone, who this winter has been connected with the sales department of the East Side Overland company, of Portland, has come to the Hot Lake sanatorium to take charge of the store. Stone came west from Urbana, Ill., where he was a student at the University of Illinois and a member of the varsity glee club.

JAP TARIFF INCRIEASED

WASHINGTON, Mar. 8. (AP).—The increased tariff duties on wheat and wheat flour, agreed upon by the Japanese diet commissioners, to become effective April 1, will not seriously affect American exports during the early months of their operation, in the opinion of department of agriculture officials, as the quantity of wheat available for export is small. Whether exports from the coming season's production will be affected depends largely, they say, on the size of the crop.

During last year, exports of American wheat to Japan totaled 2,672,000 bushels and 26,000 barrels of flour, while in 1924 there were 12,000,000 bushels and 116,000 barrels of flour.

WANT RESERVOIR SITES.

SALEM, Ore., Mar. 8. (AP).—Two preliminary applications for reservoir sites on the Walla Walla river in Umatilla county have been filed with the state engineer by Frank Hussey, Dodge and Hartman, of Seattle, which call for the construction of two dams across that stream for irrigation and power purposes.

No plans, specifications or estimates of probable cost are submitted with the applications, which are incomplete.

Butter, Eggs Steady; Dairy Exchange Altered

PORTLAND, Ore., Mar. 8. (AP) —Butter and eggs were generally steady at the opening today. There is a fair shipping outlet for both commodities which prevents any big surplus here. Receipts over the week end were liberal. The Portland dairy exchange goes on a net basis today. Prices quoted on the board will represent the prices paid one member by another and the wholesale value of the grades quoted.

Buying prices to the shipper or producer will be around 2 cents under the board quotation on eggs and approximately a cent on butter.

Official grades established in the Portland market will remain the same.

Poultry receipts today were hardly sufficient to relieve the shortage that has prevailed on the street for several days and the market continues firm at current levels.

Country dressed meats are on a nominal basis today with not enough trading during the forenoon to test values. Top veal sells around 16½ to 17c with choice light hogs at 18 to 18½c.

Approach of shearing time in the Pacific northwest finds the wool market in a weak condition with values easing off. There is little or no contracting reported up to the present time and no improvement is expected in the market as long as this lack of interest is showing.

STRIKE CARBONATED WATER

KLAMATH FALLS, Ore., Mar. 8. (AP)—Investigation of a reported gas strike in a well on the H. L. Jones ranch, west of here, has resulted in the discovery that Jones has a fine output of carbonated water, but no petroleum gas as was first believed. The well was drilled to a depth of 672 feet. It has a good flow of water and bubbles coming from the spout burn with a clear blue flame. A geologist who investigated advised Jones to start a soda fountain.

SETBACK HITS GRAIN PRICES

CHICAGO, Mar. 8. (By the Associated Press)—Grain prices suffered a quick setback in the late trading today. The reaction was largely a result of selling by wheat traders who earlier had been buyers but it was found that the market was without aggressive support after the United States visible supply statement issued showing less of a decrease than had been looked for in some quarters.

Besides, a forecast of rising temperature had a somewhat bearish effect, as did word that export demand for North American wheat was slow.

Wheat closed unsettled ¼ to 2c net lower. Corn ⅜ to ⅝c off and oats ¼ to ⅝c down.

CHICAGO, Mar. 8. (By the Associated Press)—The wheat opening, ⅝c lower to ¼c higher; May new $1.59½ to $1.60¼ and July $1.39½ to $1.40¼ was followed by a material advance all around with indications at hand that hauling of corn will be a good deal restricted until after corn trading is complete.
