1 tablespoon rice flour or
2 tablespoons sago or tapioca.
1 quart milk.
1 egg or 2 egg yolks.
3-4 cup grated cheese.
1 teaspoon salt.
Paprika.

Cook the onion in the fat until tender but not brown. Remove the onion, add the flour, then the milk gradually saving out 1-4 cup. Cook until smooth and add seasoning. If sago or tapioca is used in place of flour, add it to the milk and cook 15 minutes, or until tapioca is clear. Pour the soup over the egg beaten with 1-4 cup of cold milk. Add the grated cheese and serve immediately.

Cream of Tomato Soup.

1 1-2 cups canned tomatoes.

Salt, Paprika.

Bit of bay leaf.
1 1-2 cups milk.

Cook onion with tomatoes 10 minutes and rub through strainer. Make tomato sauce using fat, cornstarch, tomato puree and seasonings. Allow this mixture to become very cold. When ready to use, combine with the cold milk. Heat in a double boiler and serve. No soda is needed if this method is followed.

The following recipes and suggestions are a part of the exchange being conducted by members of the war savings society, and have been tested by Mrs. Charles H. Marsh and recommended at this week's meeting of the organization:

Do not hesitate to use corn flour, but sift it before using. It makes the best biscuits, cookies, hot cakes, waffles, cakes and pie crust. It does not require so much shortening but more baking powder and water. The batters are better if made thin.

Corn Flour Yeast Bread.

2 cups sifted corn flour.
4 cups water.

Make like a mush and cook thirty minutes. Pour over it one T. of fat, 1 t. salt and two T. White Karo Syrup, one half cup boiling water. When cool, add one cake of compressed yeast or one cup of liquid yeast and enough white flour to make a sponge. Add the above corn flour much when it is cool. Let this sponge rise until light, then add enough white flour to make a bread dough. Proceed as in any bread making.

Swedish Roll Jell Cake.

Cream 1-2 cup sugar and 2 egg yolks together; add 2 T. cold water, add 1 t. baking powder and 1-2 cup Swedish potato flour. Fold in beaten egg whites last, bake in a moderate oven.

Dark Chocolate Cake.

1 cup brown sugar.
One fourth cup Crisco.
Three fourths cup thick sour milk.
2 t. baking powder.
1 t. soda.
1 egg.

One and one fourth cups white corn flour, sifted, 4 T. chocolate dissolved in 2 T. hot water; add last. This is a thin batter. Bake thirty minutes.

Rice Corn Muffins.

2 c. rice flour.
½ c corn flour.
2 c. liquid.
4 t. baking powder.
1 t. salt.
1 egg.

Beat all together and put in well oiled hot gem tins and bake in a quick oven.

All corn flour may be used. Try all corn flour for hot cakes and waffles. Excellent.

Rice Flour and Barley Flour Chocolate Cake.

1-2 cup fat.
2-3 cup sugar.
3 eggs.
1 cup syrup.
3-4 cup milk.
1 teaspoon salt.
2 cup rice flour.
2 cups barley flour.
6 teaspoons baking powder.
1 teaspoon cinnamon.
1 teaspoon vanilla.
2 squares chocolate.

Cream the fat, sugar and egg yolks. Add the syrup and mix well. Add alternately the liquid, and the dry ingredients sifted together. Add flavoring and melted chocolate. Fold in well beaten egg white. Bake about one hour in a moderately hot oven.

Corn Flour Sponge Cake.

4 eggs.
1 cup sugar.
2 tablespoons lemon juice.
1-8 teaspoon salt.
1 cup corn flour.

Separate the whites and yolks of eggs. Beat the yolks until thick and light lemon color. Beat sugar into the stiffened yolks, then add the lemon juice and salt. FAVOR PLAN TO PREVENT GRAIN FIELDS BURNING

Control and prevention of fires in grain fields was the matter most seriously discussed at the meeting of the Commercial association last evening. While the matter was referred to the county affairs committee, it was the general opinion that some system for spreading fire alarms through the farming districts should be devised, and that means for fighting fires should be placed at convenient places so, in case of an alarm, volunteers could get them readily to be taken where most needed. Another recommendation is that farmers leave plows with doubletrees attached, in their field where they can be readily hitched to, so furrows to stop the spread of fire can be started.

A vote of thanks was extended to Prof. C. O. Breach, leader of the Alta orchestra for the splendid entertainment afforded at the time of the reception given the drafted boys last week. Mr. Breach would have been highly complimented could he have heard the words in his praise.

Bills to the amount of $276.41 were audited and ordered paid. The treasurer's report showed a balance in the treasury of $576.29.

Sheldon Ulrich Writes From France Where He Is With Marine Corps

May 4, 1918.

Dear Folks:

I am again in a position to write and am dropping you a few lines to let you know I am well. As usual I have nothing to answer, so must just make up a lot of fiction to tell you.

It seems funny mail don't reach me but I suppose my being transferred has held everything back a lot. Anyway I am expecting mail anytime and am going to celebrate the day my first letter arrives.

Today is a great deal in my company for it got paid for February but woe be unto me we already drew that pay a month ago and all I can do is watch the rest spend their money. Anyway, when I do get paid I may have enough to send some home. My insurance comes to $6.40, which makes me draw about $26. That's more than most of the fellows get for they either have Liberty bonds or allotments, but if I don't get my pay, none of them will have anything on me at the end of the war.

Do you notice my stationery. This is some of my Red Cross bag. Everything I got was pretty nifty.

We are having lots of weather here. For the last three days the sun has been pretty kind but as a rule the Willamette valley is a desert besides here. Maybe the reason is that the weather has more to do with us now. You remember I spent lots of time in the states training so don't need such stuff now.

I am sure a lucky guy in having this paper to write on for there's more around me writing on some kind of a wrapper. The only disadvantage is that we have had to provide four fellows with paper since I sat down here. At that I haven't any thing to kick about from that source, for when I need something I'm generally able to borrow it. Turn about is fair play and it tends to make us fellows better pals.

Well, ladies and gentlemen, I havent slept much lately so will close for this time.

Write quickly and say lots.

Affectionately yours,
FRANK S. ULRICH.

GERMANS NOT IN TOUCH WITH SENSE OF HUMOR

Master Failing of Huns Noted by Robert Louis Stevenson in Samoa—

(From the London Chronicle.)

The master failing of the Germans was noted by Robert Louis Stevenson in Samoa. "Other whites" he wrote, "take part in our brabbles, while temper holds out, with a certain schoolboy entertainment.

"In the Germans alone no trace of humor is to be observed, and their solemnity is accompanied by a touchiness almost beyond belief. Patriotism flies in arms about a hen; and if you comment upon the color of a Dutch umbrella you have cast a stone against the German emperor."

YE MEN OF U. S. A.

Soldiers, arise, and mass and march,
And bomb and blast your way
O'er wire and fence, with leap and bound—
Drive on and win the day.
Go, nail the lie that might is right,
Ye men of the U. S. A.

And ye who mount the eagle heights
And haunt the tempest's lair,
Go cleanse that empire in your flight,
And make it safe and fair.
The air is free and ye are free,
Ye men of the U. S. A.

And ye who comb the raging seas
And Neptune's foes abhor,
Go, turn the submarines to junk
Upon the ocean's floor;
For the sea is free and so are ye,
Ye men of the U. S. A.

Be brave, ye mothers of our land,
Who toil and hope and pray,
Who make the sacrifice supreme
As your boys the call obey;
For the sons you bore and nurtured
Are the men of the U. S. A.
