STUDENT IS PAROLED.

NEW YORK — Harry Sagofsky, 14, public school pupil, is under parole as a bootlegger. He sold a policeman a half pint of whiskey in his mother's candy store.

The jack is useful. It is used to lift a car, a mortgage, and the family's social standing.

Direct Mellon to Show Where 20 Millions Went

WASHINGTON, Mar. 19. (AP). —Secretary Mellon was directed Mar. 18, by the senate to report as to expenditures made from the $20,000,000 Muscle Shoals fund provided for in the national defense act of 1916.

Senator Norris, republican, Nebraska, at whose request the action was taken, said that although the appropriation was for construction for public works, he was informed part of it had been used for other purposes, including the cost of the president's Muscle Shoals commission.

Wheatmen to Graze Stubble with Turkeys

PENDLETON, Mar. 19. (AP)—Wheat growers in this section will be enabled to graze their stubble land with turkeys without having to take the trouble of raising them, according to Fred Bennion, county agent. Four thousand turkey eggs have been placed in an incubator in the Hermiston area and many wheat growers have already placed orders. The turkeys will be fattened on stubble fields following harvest, for the holiday trade.

AND HERE'S THAT SALM BABY

Here, gentle reader, is little Peter Salm, whose mother is an heiress and whose daddy is a count. The gentleman in front is a detectatif. The gentleman in the rear also is a detectatif. Little Peter is being carried by his nurse. They're going to a Palm Beach hotel where Peter is to see papa for the first time. Is his mother, nee Millicent Rogers, along? She is not! And is nurse banging Peter on the nose because he has been a bad baby? No, no! Nurse is mad because the mean cameraman is taking the picture, you see. Poor little Peter Salm von Hoogstraeten, who can't have his pitcher took!

Butternut Bread

Is rich in milk solids.

It supplies vitamines; calcium and phosphorus for the bones and teeth; protein of superior character and usefulness in building tissue and muscle; and milk sugar, a valuable energy producing food as well as one which favors the development of desirable bacteria in the intestinal tract, and retards the growth of less desirable forms. Just what your boy or girl is so badly in need of.
