M'KENZIE PASS OPENING NEAR

EUGENE, Ore., Mar. 29. (AP) — Twelve miles of the highway this side of the McKenzie pass is still covered with from three to six feet of snow, according to Vernon Payne and G. S. Garner, local newspaper men, who made the trip to the summit Saturday to meet a delegation from Bend. Fears were expressed for the safety of the two local men and Mrs. Garner, who accompanied them, when they failed to return Saturday, but late Saturday night they arrived at their homes with the tale of the adventure.

The white blanket of snow is laid out uniformly on the road and over the lava beds at the summit, and the rays of the sun and spring weather are working hard to melt it down, the newspaper men said. From all present indications, the McKenzie route over the pass can be opened far earlier this year than ever before.

The snow with a hard crust, was not so difficult to conquer on the 12-mile hike to the summit from the snowline, where their car was left. Payne said today but on the return trip the snow had softened, and they broke through continuously. Hiking was consequently made extremely difficult, and the return trip took many hours. Telephone lines were down between here and the McKenzie bridge, so that communication with the upper country was cut off.

The note left by the Bend party Saturday was found by the Eugene people when they reached the summit, and was brought back here.

JACKSON G.O.P. MEET TUESDAY

MEDFORD, Ore. Mar. 29. (AP) —Republicans of Jackson county will meet in this city tomorrow to hold to a pre-primary convention for the purpose of recommending candidates for county offices, only, and adopting a platform. One hundred and seventy-five delegates from every precinct in the county are expected to attend. Under the convention rules country districts have the same number of delegates as the cities.

A meeting of the organization committee will be held tonight to consider a chairman for the convention, which will be called to order at ten o'clock tomorrow morning.

The convention will recommend to the voters candidates for both branches of the legislature, and a county commissioner. No action will be taken, and according to party leaders, has never been contemplated, upon candidates for state offices.

The call for the convention was issued in January, 1922, and is the first of its kind in the history of the county.

P-K INCUBATOR IN OPERATION

MEDICAL SPRINGS, Ore., Mar. 29. (Special)—"P-K" once referred only to chewing gum, but locally it now has reference to baby chks. Powers and Kamberg are just completing the installation of an incubator with 6,000-egg capacity, functioning as would 100 mother hens through the medium of natural hot water from the springs here. Sunday marked the taking from the incubators of 400 baby chicks, yellow and black and the mass of tiny life is hovering under canopy in a clean, new brooder house heated with coils of running water from the hot springs.

The proprietors of the hatchery are seriously considering the name of P-K Poultry ranch to label their stock. They are also doing commercial hatching for neighbors, about 5,000 turkeys, duck, geese and hens eggs now occupying one-half the giant incubator.

Another enterprise at Medical Springs which will be started immediately is a hot house, 16 by 25, heated with the natural hot water, to be built by Messers. Powers and Kamberg. They now have orders for 25,000 vegetable plants which they are unable to fill. It is planned to add other units to the hot house from time to time. Mr. Kamberg formerly was with the Phynbird Poultry farm at Hot Lake.

LOCAL RETAIL PRICES DOWN

Several price changes today brightened up the housewives' view of the local retail markets. Cauliflower dropped from 7 to 5½ cents a pound, rhubarg fell two cents to 18 cents a pound, fresh asparagus, selling Saturday at 22 cents is marked up at 20 cents, and California green peas dropped from 30 to 25 cents a pound. California head lettuce climbed to 13 cents from 12 cents.

New cabbage made its first appearance today and is retailing at eight cents a pound.

POTATO MARKET IN DEADLOCK AS HOLDERS CHECK

PORTLAND, Mar. 29. (AP)—Somewhat of a deadlock exists in the local potato market, according to buyers who were out over the week end trying to obtain stocks at a level that would allow profitable shipping. Recent press comments on the price flurry has resulted in growers getting their ideas so high, the potato men assert, that it is impossible to do business.

"Holders are not interested in any reasonable offer," a buyer stated this morning, "and when I asked one grower what he was holding for, after making him a price 25 cents above the market, he told me $5 a hundred."

With holders in no hurry to sell and the buyers unwilling to boost their offers further, trading in potatoes has slowed down at shipping points. Recent sales were made around $3 with sacks and hauling furnished, for U. S. No. 1 Burbanks. Fancy baker stock, very scarce now, brought a premium while ordinary grades were purchased as low as $2.50.

Other primary points still report a firm market. Yakima gems are $77 to $80 a ton for U. S. No. 1 grade with combination grade quoted at $70 to $75 a ton. Idaho Falls is firm and higher at $2.50 to $4 a hundred for sacked russets.

Eggs were steady. Good demand for whites; mixed colors weak.

Butter was unchanged.

Country meats and poultry steady at Saturday closing prices.

HEAVY SELLING FORCES ISSUES TO LOW LEVEL

NEW YORK, Mar. 29. (By the Associated Press)—Acute weakness developed in today's stock market when heavy selling for both accounts forced over three score issues, including such popular stocks as U. S. Steel common, General Motors and Hudson to new low levels for the year. The declines in the active issues ran from two to ten points with even larger breaks in some of the ordinarily inactive shares except for the calling in of about $10,000,000 or $15,000,000 in bank loans in apparent preparation for heavy month end requirements for funds, and the establishment of a new record for French francs, there was little in the day's news to account for the selling movement.

Stock Market Weakness Felt in Grain Trading

CHICAGO, Mar. 29. (By the Associated Press)—Influenced largely by New York stock market weakness wheat today suffered a considerable setback in value. A decline in French and Belgian francs to a new low record counted also as a depressing factor. Numerous rallies which took place without lasting effect, notwithstanding a decrease of 1,770,000 bushels in the U. S. visible supply total.

Opening prices ⅝c off to ¼c up, May, new $1.69¾ to $1.69¼ and July $1.37⅛ to $1.37⅜, were followed by a material setback all around.

Wheat closed unsettled 1¾ to 2⅜c net lower; corn ½ to ¾c off and oats ¼ to ⅛@⅜c down.
