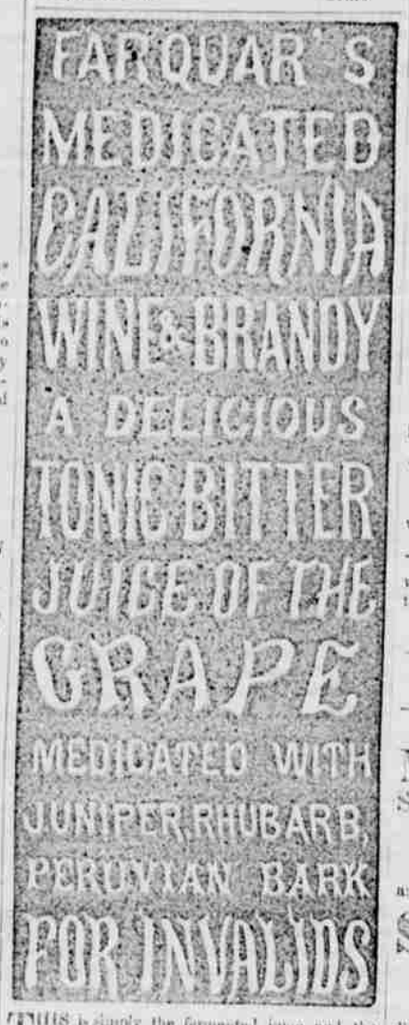
April 2, 1859. J. SCHRAM. 51m6



THIS is simply the fermented juice and the distilled juice of the California grape, judiciously medicated with Peruvian Bark, turkey rhubarb, juniper berries, and other vegetable remedial agents, skillfully combined, and in such minute and exact quantities as to constitute a small or homeopathic dose of each remedy; which when combined form an innocent, harmless, yet active, tonic, alterative, anti-dyspeptic, diuretic, anti-febrile, and sedative beverage, pleasant to the taste.
The inventor, in calling the attention of the public (especially the Californians who know the excellence of the California grape) to these preparations, does so with pride and confidence; pride in proving the excellence of our native grape, and confidence in their remedial virtues, adapted for the following diseases:
Dyspepsia, Indigestion, Loss of Appetite, Habitual Constipation, Acidity of, or Sour Stomach, Diseases of the Kidneys, Gravel, Disorders of the Urinary Organs, Remittent and Intermittent Fevers, Fever & Ague, Nervousness, Weakness, Debility, Dryness of the Skin, or want of Perspiration, Pains in the Stomach or Bowels, Cholic, Dysentery, &c., &c.
The proprietor does not pretend that his Medicated California Wine and Brandy is a "wonder or a miracle" in medical science, but appeals to the common sense of the public, and he does not hesitate to avow that he knows from experience that the medicines in this, though small in quantity, will often effect a cure in some of the diseases enumerated, when more violent and powerful remedies have failed in their object.
☞ Those drinking liquor only in the morning or before breakfast, would find the Brandy act delightfully on the nerves and stomach, keeping the bowels regular, &c.
☞ As a general beverage, it is pleasant to the taste, slightly exhilarating, perfectly harmless, and gives the weak and feeble a feeling of health and strength.
Read this certificate of analysis made by Theophilus N. Real, Analytical and Manufacturing Chemist, Boston:
I do hereby certify that, after a minute and careful analytical examination of the California wine and brandy, manufactured by Dr. James L. Farquar, in order to ascertain its composition and quality, I have, after various experiments, arrived at the following result: The wine is of a very agreeable taste, light color, and agreeable aroma, and consists of grape sugar 9-30, volatile oil 2-13, tonic acid 1-72, coloring matter 1-84, alcohol 9-61, water 73-10, bitartrate of potassh 0-97, sulphate of potassa 0-15, salt 0-84.
T. N. REAL
It can be taken by the most delicate of either sex, and in moderation by children.
☞ Sold by all respectable Druggists and Grocers in the United States, California, and Oregon.
PRICE—$1 per bottle; six bottles for $5.
☞ CAUTION TO THE PUBLIC. ☜
In purchasing, always see that a fac simile of the signature of James L. Farquar, M. D., is pasted around the neck of the bottle.
