"INVISIBLE EYE" LADIES ORGANIZED BY MRS. TYLER

Atlanta, Ga., Sept. 21.—Mrs. Elizabeth Tyler, high in the councils of the Ku Klux Klan, played an important part in the organization of "The Ladies of the Invisible Eye" who began operations in Fort Worth, Texas, recently by severely beating Mrs. I. H. Tatum, an elderly woman.

Although Mrs. Tyler, who recently married a motion picture man here, declined to make a statement today, the information was drawn from H. W. Evans, Imperial Kligraph of the Klan, that several "Women's Auxiliaries" have been formed in Texas and Oklahoma recently and that Mrs. Tyler has handled a mass of correspondence with the state organizations.

"These women's organizations," said Evans, "were founded along principles identical with those of the klan, but none of the organizations has been officially recognized by our empire yet. The Imperial Kloncilium, when it meets in Atlanta in November, will take steps to receive the women fraternities into the klan as auxiliaries."

Both Evans and F. L. Savage, the klan's chief of staff, admitted organizations of women in sympathy with the klan have corresponded with Imperial Headquarters for several months, but declared these women would have no official connection with the Klan until the Kloncilium meets. Asked what part Mrs. Tyler took in forming the organization, Evans said:

"She has been interested for many months in getting the women together. She thought the Southwestern States would be best to start in, and her idea was to speak to other sections later."

ANNOUNCE CURE FOR SLEEPING SICKNESS

Leipzig, Sept. 21.—(By Associated Press.)—That the medical world has won its battle against "sleeping sickness" was announced yesterday to some 3000 German physicists and physicians attending the centennial of the physicists' association of Germany.

Professor Martin Mayer announced that a remedy which had proved successful had been discovered in a laboratory near Cologne. He cited two cases of sleeping sickness that had been cured within a few days at a Hamburg institute for tropical diseases.

SALEM-DALLAS STAGE SOLD TO J. W. PARKER

Dallas, Or., Sept. 21.—H. A. Dennison, who has been operating the Salem-Dallas stage for the past 18 months, has disposed of the business to J. W. Parker, the change taking place Tuesday evening. Mr. Parker is an experienced hand at the business and under his management the people of Dallas and vicinity are assured of the best service that it is possible to give. He now operates large passenger busses between Salem and Silverton and also between Salem, Silverton and Monmouth. It is his intention to place a 14-passenger bus on the Salem-Dallas run.

Jack Dempsey Says Newer Form of Iron Increases Strength

Jack Dempsey says: "In building up rugged strength, power and endurance there is nothing like filling your blood with strength-giving iron—I firmly believe that it puts added power behind my punch."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, (Out-Door Department), New York, and the Westchester County Hospital, in commenting on Dempsey's statement says: "No man without plenty of good red blood rich in health-giving and strength-building iron can go through life filled with vigor, force and power."

"Every thinking person should realize if men as physically fit as Jack Dempsey, Zack Wheat, Harry Hooper and dozens of other leaders in the world of sport have helped to maintain their supremacy by the use of this newer form of iron which is called Nuxated Iron, how much more important it is for the average man to see that there is no lack of iron in his blood. A surprisingly large number of people suffer from iron deficiency. Without iron in the blood you cannot be your best, either mentally or physically, because lack of iron not only makes you nervous, irritable, and easily fatigued, but robs you of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. To help make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as Nuxated Iron." Get a bottle of Nuxated Iron today. Take it for two weeks, and if you have not like thousands of others, obtained most surprising health, strength and energy, the manufacturers will promptly refund your money. Nuxated Iron is sold with the "satisfaction or money back" guarantee by Dan'l J. Fry, J. C. Perry and Dr. Tyler's Pharmacy. (adv)

President Signs Tariff Bill of 1922 in Effect Midnight

Washington, Sept. 21.—President Harding today signed the tariff bill of 1922, making the new rate effective at midnight tonight.

YANKS CLINCH LEAGUE PENNANT

Chicago, Sept. 21.—(By Associated Press.)—Barring an upset of the most sensational order, the New York Yanks have clinched the 1922 American league pennant. By taking the second game of the series from Detroit, 6 to 5, while Washington blanked the St. Louis Browns, 5 to 0, the Hugmen increased their lead to three and a half games. They can split even in their eight games and still finish no worse than in a tie for first place, if St. Louis wins all seven of its contests. Victory in five more games will give the title to the Yankees regardless of what the Browns do.

Pittsburgh, pursuing what presumably is a "rainbow chance" for the National league pennant, took the first of a three-game series from New York, 4 to 1, but the Giants today were still four and a half games in front. Delving into the mathematics of the situation, Pittsburgh can tie for the top by taking all nine of its games, if the Giants obtain only an even break in their 12 contests. McGraw can sew up the race by winning but seven more games, regardless of his rival's showing.

At the Auto Camp

Only 33 camps were made at the auto park last night. Twenty-one of the number were lay-overs from previous registrations while the remaining 12 were newly registered. Those here for the first time were:

Mr. and Mrs. F. J. Cronin, Coeur d'Alene, Idaho; Mr. and Mrs. Wm. Moss and family, Hood River; W. F. Rogers and H. H. Pholpat, Bandon, Or.; Mr. and Mrs. O. K. Webb, Seattle; Mr. and Mrs. George H. Vansicker, San Pedro, Cal.; Mr. and Mrs. William St. Clair and family, Lansing, Mich.; Mr. and Mrs. Edwin Blades, Lansing; Mr. and Mrs. G. A. McCarthy, Klamath Falls; Mr. and Mrs. J. J. Goeffrey, Wichita, Kan.; Mr. and Mrs. Charles Pacam, Oakland, Cal.; Henry Brocker and Clay Young, Raymond, Wash.

For dizziness, lack of appetite, headache and blotchy skin nothing can equal them. Purely vegetable. Small Pill—Small Dose—Small Price

CARTER'S LITTLE LIVER PILLS

HARDING SETS NATIONAL FIRE PREVENTION DAY

Washington, Sept. 21.—President Harding today issued a proclamation designating Monday, October 9, as National Fire Prevention day. The fire waste in the United States year after year, the president declared, reaches appalling figures which are not approached in any other country. There ought to be especial effort, he added, to minimize such losses.

The text of the proclamation follows:

"It has become a nation-wide custom to observe October 9, anniversary of the great Chicago fire of 1871, as National Fire Prevention day; and in recognition of this excellent precedent, I am herewith directing the attention of all citizens, especially those in authority in the state and cities, to the desirability of continuing the observance this year and making it impressive.

"It has long been in a reproach to our country that by reason of poor construction, inadequate facilities for fire prevention, and an all too general carelessness about possible causes of conflagration ,our fire waste reaches figures year after year which are not approached in any other country in the world. Mindful of the fire waste which is expressed in figures so huge as to be appalling, it may be emphasized that in times when all communities need to conserve resources in hand and to promote production in every possible way, there ought to be especial effort to minimize such losses."

Four large department stores in Philadelphia, Pa., broadcasts concerts and news every day.

REGISTRATION BREAKS WILLAMETTE RECORDS

For the first time in the history of Willamette university there are now over 200 men registered At the time the books closed last night there were 204 men listed for courses. It is thought that the next two weeks will show an increase in the number as many are still working on farms or in the fruit orchards.

There are now registered at the university a total of 477 students. Of the number 273 are women and 204 men. Of the fifty-eight that registered yesterday, forty were men and eighteen women.

EINSTEIN THEORY OF RELATIVITY ON TRIAL

New York, Sept. 21.—The Einstein theory of relativity will be on trial today.

The test will be made by expeditions which have gone to Australia to make observations during a five-minute eclipse of the sun. American, English, German and Dutch scientists are included in the several parties. The track of the total eclipse is along the Indian ocean and through the heart of Australia.

An expendition from the Lick observatory, California, is on the west coast of Australia. Others are on Christmas island, west of Australia, and one has penetrated into the heart of Australia.

A lazy no-account feeling with yawning and sleeplessness in the day time is caused by a torpid liver and disordered bowels. Herbine is a splendid remedy for such ailments. It cleanses the system and restores vim and activity. Price 60c. Sold by Dan'l J. Fry. (adv)
