Sands' Sarsaparilla.—This purely vegetable remedy combines in itself the properties of an Antiseptic, a mild cathartic, and a tonic. It quickly removes from the blood, and other fluids of the body, the impurities of unhealthy secretions which engender and feed disease, thus striking at the root of the malady. Although proved so efficacious it may be taken at all times with perfect safety, as it contains no powerful drastic drug to debilitate the system, or mineral poison to ruin the constitution.

Prepared and sold by A. B. & D. SANDS, 100 Fulton st., New York. Price $1 per bottle, or six bottles for $5.

☞ Read the advertisement in another column. Sold by DR. STEELE, *Oregon City*, and by Druggists generally.

Wistar's Balsam of Wild Cherry.—The only pure and genuine Balsam is, and for the last twenty years has been, prepared by SETH W. FOWLE & Co., of Boston; and their printed name, as well as the written signature of *I. Butts*, appear on the outer wrappers. As you would *avoid* the spurious and *have* the genuine, *take no other!*

WISTAR'S BALSAM OF WILD CHERRY.—This invaluable remedy is the best one extant for the safe, sure, speedy, and permanent cure of *coughs, colds, sore throat, bronchitis, asthma, pleurisy, pneumonia, croup, whooping cough, bleeding at the lungs, pain in the breast or side*, and in fact every form of throat, chest, and lung complaint, as well as CONSUMPTION itself.

This household remedy should be in the hands of every family and individual, as a timely application of it to a slight cold will cause immediate relief; while cases of long standing, obstinate, and apparently incurable character, will surely yield to its wonderful curative powers and its great adaptation to the wants of man when afflicted.

Young America Broad-cast

Seed-Sower!

Simplicity, Utility, Durability, and Cheapness Combined!

R. S. RICKEY'S IMPROVED

BROAD-CAST SEED-SOWER.

Patented, March 29, 1859.

THIS machine is well adapted to sowing all kinds of grain and grass seed, hemp seed, &c. It sows more regularly than can possibly be sown by hand, or any other machine ever introduced. It is perfectly simple in its construction, and not liable to get out of order; it is easily understood, and does away with the hard manual labor of sowing grain—doing the same amount of labor in two hours that could be done in one day by the ordinary method of sowing. The machine can be carried while being used, as it weighs but five pounds, or, by a simple frame, it can be attached to a wagon. When it is carried, it is strapped on the body of the operator, a strap to go across the right shoulder and under the left arm, also a strap buckled around the body, and a strap from the top of the sack, around the neck. Should the Machine by accident get broken, any tinner can repair it—although by proper care the Machine will last a lifetime. But to be appreciated, it must be seen.

It will sow the various grains and seeds the following distances:

Wheat,	50 feet at a cast,	or 100 ft. at a round		
Oats,	36 "	"	72 "	"
Hemp seed,	40 "	"	80 "	"
H. G. seed,	36 "	"	72 "	"
Timothy s'd,	25 "	"	50 "	"

Other grains and seeds in the same proportion. It will also sow wet and limed grain perfectly well.

County Rights for Sale on Good Terms.

Address, S. S. SNOW, Portland.

Those wishing to procure machines, can apply to the above, or to H. M. Humphrey, Portland, or C. W. Bryant, Oswego, Oregon, and orders will be punctually filled. Sept. 8, 1860m4
