Lilies and Berries Receive Frost Damage

Aurora—Severe damage to crops in the Canby area including regale lilies, strawberries, asparagus and tomatoes was wrought by a sharp frost early Saturday, growers reported. Badly frostbitten were regale lilies in the Riverside district, the damage estimated well into "thousands of dollars," A. B. Landon, secretary of the Oregon Regale Lily Growers Association said. Approximately 22 acres of lilies, with a value of from $3,000 to $5,000 per acre on them were hit. None will bloom this year, Landon predicted.

Stocks Decline In Dull Trading

New York, May 9 (AP)—Stock prices turned downward today under light but steady selling pressure. Losses ranged from fractions to around a point.

Occasional sell-offs provided most of the action in one of the slowest moving markets since March, with volume at the rate of about 600,000 shares for the session.

Steels and other metals sagged from minor fractions to an extreme of over a point at one time for Youngstown Sheet & Tube. Motors, with Studebaker and Chrysler remaining firm, were mixed.

On the higher side were Woolworth, International Harvester, Dow Chemical, Johns Manville, American Tobacco, Santa Fe and Union Pacific.

The more extensive losers' list included U. S. Steel, Firestone Tire & Rubber, Montgomery Ward, J. I. Case, Boeing, American Telephone, Westinghouse and United Air Lines.

Bethlehem Steel, Anaconda Copper, Kennecitt and Armor preferred hit new lows for 1949 at one time.

Grain Market Has Dull Day

Chicago, May 9 (AP) — The grain market simply drifted along in an aimless manner today. For a time wheat showed a little strength while feed grains slumped a bit. But even that distinction was erased later when wheat declined and corn advanced.

Price changes in all pits were small and dealings light. The market had little news to provide any stimulus to either the buying or selling side. Cash market prices held steady.

Wheat closed ⅛-⅝ lower, May $2.21⅝-¾, corn was unchanged to ⅛ higher, May $1.32⅝-¾, oats were ⅛-⅝ lower, May 66-66⅛, rye was 1 to 1¼ lower, May $1.26, soybeans were unchanged to 1¼ lower, May $2.28¼-½, and lard was 5 cents lower to 8 cents a hundred pounds higher, May $11.62.

The term "Fifth Column" originated with Spain's General Franco when he was advancing in Madrid and declared he was attacking with four columns outside the city and a "fifth column" within.
