STORAGE OF EGG CROP UNDER WAY

Activities Limited as Yet, Most Operators Still Holding Off

PORTLAND, Ore., Feb. 24 (AP)—The 1927 storage deal is under way here with the first of the new crop reported in the coolers. Storage activities so far are very limited but 183 cases have gone into local ice houses during the past two days.

Most of the operators are still holding off, believing that the quality will be safer after the danger of chilled eggs has passed. They are also skeptical about storing at current levels and feel that prices will work still lower before there is any great reaction.

Simultaneously with the first storage activities current receipts stock declined on the dairy exchange with quotations now posted at the 22-cent level. Other classes of eggs remained steady and unchanged. Receipts continue liberal.

A cent decline in both triplets and loaf has been announced by the Tillamook Cheese association. This places the Portland jobbing prices at 27½ cents on triplets and 28½ cents on loaf.

The street is almost bare of poultry supplies and the market is displaying a firm undertone at current levels.

Butter continues strong with fractional advances in cube quotations for the day. Standards and firsts are up a half cent at 47 and 45½ cents, respectively.

Country dressed hogs are holding around a 17c top along the street.

Bulls Encounter More Resistance in Street Today

NEW YORK, Feb. 24 (AP).—Operators for the rise encountered stiffer resistance in today's stock market, with the result that the price movements disclosed marked irregularity.

U. S. Steel common led a score of issues to new high ground, but did not succeed in breaking through its opening high of 162 in the first few hours of trading. Other issues to get into high ground were corn products, refining, Texas Gulf Sulphur, Freeport Texas, Westinghouse Airbrake, Philadelphia company, Hudson and Manhattan, Rush Terminal and Safety Cable. General Motors touched a new high for the year at 161.

Selling pressure was most effective against such issues as South Porto Rican Sugar, Loose Wiles Biscuit, Wilson company preferred, Coca Cola, Montana Power, Burns Brothers "A," International Harvester and Loews, all off two to three points.

The closing was firm. Kennecott touched 64½, the best figure in its history, while Westinghouse Airbrake went up 6¾ and Houston Oil eight points, both to new record levels. Total sales approximated 2,000,000 shares.

An Illinois man drove his car two miles in his sleep. This practice also is becoming common in other states.

Crew of Steam Schooner Rescued Off Marshfield by Smaller Ship

MARSHFIELD, Ore., Feb. 24 (AP)—Hammered and battered by tremendous seas, the steam schooner Maryc Moore, water-logged and with waves pouring over her decks, this morning was still afloat after having grounded last night while attempting to cross the bar at Bandon. Her captain, Karl Rosenblad and a crew of 28 men were rescued by the motor ship Admiral Peary after they had taken to two lifeboats and had been tossed about by the heavy seas for two hours. The vessel was this morning momentarily expected to sink. The captain and crew are being taken to San Francisco by the Admiral Peary.

The Maryc Moore struck while she was coming in to negotiate the bar in the heavy seas that have been running for several days. When the vessel ran aground the starboard shaft was pulled and the engine room and hold quickly filled with water.

For more than two hours after the ship ran afoul the crew refused to leave and it was not until it was seen that nothing could be done to save her that Captain Rosenblad ordered the men to the lifeboats.

The steamer Ruth Alexander was the first to arrive in response to distress signals and radio calls. The Alexander failed in a daring attempt to get close enough to be of assistance. All attempts of the coast guard crews at Bandon and Coos Bay to reach the steamer were frustrated by the mountainous seas. The Admiral Peary arrived shortly after the Alexander and because of her lighter draft got in closer and picked up the crew.

Woman's Clothes Are Found in Car At Indianapolis

SOUTH BEND, Ind., Feb. 24 (AP)—The finding of a bundle of women's clothes in an automobile driven by "R. W. Rogers, of Oregon," at Indianapolis has revived the police theory that the headless and armless torso of a woman found in the St. Joseph river near here may be that of Mrs. Alice Vandusen.

A description of Ernest Rogers, former employe of St. Mary's academy near which place the body was found and who disappeared with Mrs. Vandusen last December was sent to Indianapolis police who reported they had "R. W. Rogers" under surveillance. Ernest Rogers was a boarder at the Vandusen home.

Although relatives previously reported having seen Mrs. Vandusen since the torso was found, they have been urging police to locate Rogers. Police have never been able to locate the woman since she disappeared.

Flowers—Fresh from your own garden

A FLOWER garden is the cheapest and easiest to make yard decoration you can provide and it is also one of the most enjoyable. Garden annuals will grow in any fairly good soil if in a location where there is sunshine the greater part of the day.

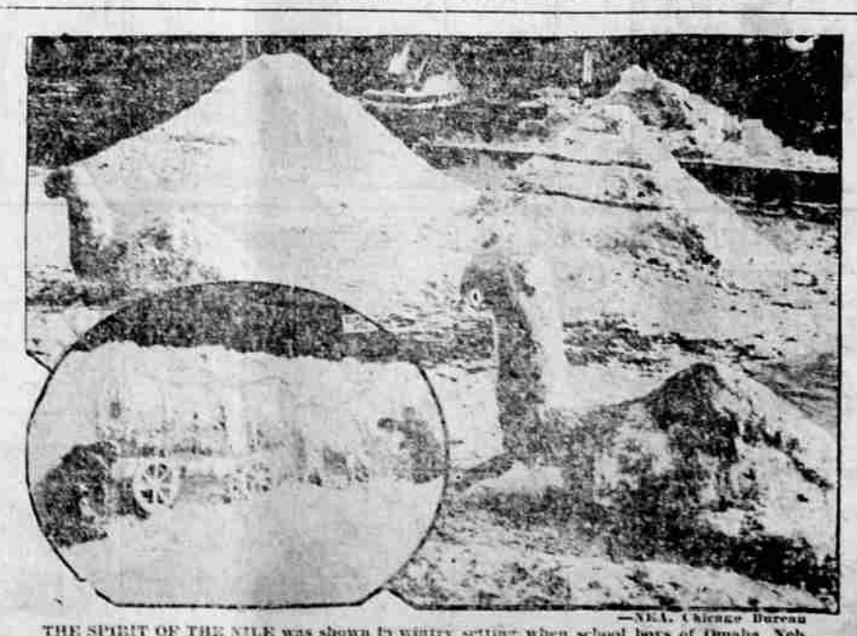
By a little planning of varieties you can have blooms from early summer to late in the fall and be sure to choose some for cutting, such as cosmos, calendulas, zinnias, sweet peas, nasturtiums, pinks, petunias, asters, etc.

Plant seeds which have a good reputation for producing flowers in profusion and true to type. Northrup, King & Co.'s Seeds have been giving satisfaction since 1884 and no better seeds are sold at any price.

Most Of The Standard Size Flower Seed Packets 5¢

At Local Dealers

NORTHRUP, KING & Co.'S SEEDS



—NEA Chicago Bureau

THE SPIRIT OF THE NILE was shown in wintry setting when school boys of Omaha, Neb., utilized a heavy fall of snow for plastic experiments. These pyramids and camels attracted much more attention, they discovered, than would a hundred snow men. Inset shows a scene from covered-wagon days, done in bas-relief on a snowbank.

A big question we all must answer

"Which Funeral Director shall we employ?"

You naturally will not know unless you give the question some study today.

We offer you everything you can expect—prompt attention, extreme courtesy, the most modern equipment, and sympathy.

We will be glad to talk it over with you at any time.
