BUTTER AND EGG MARKET STEADY

Potato Demand Moderate with Trading Limited —Supplies Plentiful

PORTLAND, Ore., May 16 (AP)—The local wholesale butter and egg continues steady with prices unchanged from the close of the past week. Storage of both is very active, a factor serving to keep a market balance for the heavy production now in force. From a few hundred pounds late in April, butter storage has mounted with large daily amounts until it now totals 87,041 pounds as of yesterday's close. Egg storage totals 41,867 cases with the 572 cases entered Saturday.

Fresh country dressed meats and poultry opened quiet this morning after a good clean-up for the week end. Prices were generally steady.

The potato market shows a moderate demand, with trading limited and supplies moderately plentiful. Current wholesale prices range as follows, per cwt.:

Oregon Burbanks No. 1, $2.50@2.75; combination grade, $2.00@2.25; petted gems, bakers, $4.00@4.50; new crop California stock, 7 to 8c per pound.

Ammonia Blast Injures Cooks In Portland Cafe

PORTLAND, May 15 (AP)—Explosion of an ammonia plant in the basement of Rose's cafe number 2, 289 Broadway shortly before noon today injured the chef and his assistant, two a dozen customers from the restaurant, and resulted in the being shut down until 1 p. m. today.

The injured:

Carl Reiter, chief, burned with ammonia about the face and arms.

Arthur Falkenberg, assistant chef, burned on arms.

The two men were in the basement working on the ammonia machine. A gasket blew out. The ammonia shot out, nearly overcome the pair with its fumes.

Second engine number 1 of the fire department was summoned, led by Captain "Red" Day. The men invaded the gas laden basement with gas masks and tools, and shut off the flow. Then they gave first aid to the two injured men.

Burglars Escape With About $100

EUGENE, Ore., May 16 (AP)—Two men entered the Blue Bottle service station store at Lowell early this morning, blew the safe and obtained about $100. The cash register at the store was rifled and the slot machine was looted.

A car believed to have been driven by the robbers was wrecked at the Fall creek bridge. Another car was stolen to replace it for the getaway.

The car found wrecked this morning is from Cottin, in Douglas county and is reported to have been stolen there. The second car was stolen from the Lowell garage.

The blast which partially wrecked the safe was not heard by Lowell residents. Sacks of wheat brought from the warehouse of the combine from week end to muffle the noise. The store was entered through a window of an adjoining warehouse.

The money taken was all in small change.

Jackson County Seat Row Up Again

SALEM, May 16. (AP)—What is believed to be the final struggle in the Jackson county seat controversy is taking place before the supreme court here today in the argument of the case of Columbia against Stevens.

The case is a mandamus action to compel the county clerk to file referendum petitions on house bill 195 of the 1927 legislature. This bill provided for the removal of the county seat from Jacksonville to Medford. The removal is to take place July 1. The measure carried the emergency clause and it is the contention of the county clerk that the clause removes the act from the operation of the referendum.

Attorneys appearing for the county clerk are Porter J. Neff, A. F. Rossman, William M. Dickson, Charles Moore and John H. Carson. L. N. Smith of Portland is appearing for the petitioner.

Alico, of Pendleton, who high point man with 14. Salem high placed ahead of Jefferson of Portland to winning the relay. The division of points follows: Salem 27, Jefferson 25½, Franklin 18, Benson 17½, Pendleton 14, La Grande 10½, Lincoln 12, Astoria 10, Marshfield 9½, Washington 8, Hood River 8, Bend 8, Corvallis 8, Baker 6, Coquille 6, Wasco 4½, Dallas 4, Forest Grove 4, Grant 3, Myrtle Point 3, Union 1½, North Bend 1.

East Oregon Showed Well

By checking the points it will be seen that the East Oregon schools scored a total of 25 points compared with Central Oregon's 24½, Western Oregon's 56½ and Portland's 90.

Local fans consider the results as an excellent showing in view of the conditions under which the Tigers participated and considering that it was the first state meet for members of the team to participate in.

Final results in the 14 events follow:

Mile run—Garrel, Hood River, first; Sisson, Franklin, second; Kuhn, Myrtle Point, third; Burns, Lincoln, fourth; Goss, Grant, fifth. Time 4:35 2-5.

J. H. Poor, La Grande, served in the capacity of official timer for the meet. The meet will be held again next year with many of the same officials. La Grande high school women probably have gained higher in the first except for the fact that Davis fell in the crowd at the start of the half mile and Amish fell in the mile.

PORTLAND, Ore., May 16 (AP)—Mr. Howard Hane, Billy's ambassador and his wife, Lady Diedella, will arrive here tonight and will remain the guests of Portland until Wednesday night.

Wheat Closes Weak After Early Drop

CHICAGO, May 16 (AP)—Opening ¼@¾c off to ¼c up, wheat later declined all around. Corn and oats were easy, corn starting at ½c lower to ¼c advance, and subsequently showing a general sag. Provisions tended upward.

Wheat closed weak, ¾@¾c net lower; corn ¾ to 1¼c off; oats ¼ to ⅝@¾c down and provisions 5 to 40c up.

Selling Squalls Ruffle Exchange; Closing Irregular

NEW YORK, May 16 (AP)—Frequent selling squalls swept through today's stock market giving it a ruffled appearance, but operators for the rise continued to bid up stocks in various sections of the list, lifting several of them to new peak prices. Goodyear preferred and Peter preferred advanced to new peaks on the settlement of the litigation involving that company.

Rails were in the forefront of the advance by early afternoon, with New York Central, Reading and the Western Maryland issues making the best showing.

Heaviness of U. S. Steel common reflected the recent decline in production and consumption of the metal and several of the other popular industrials also appeared to be in supply on the rallies.

The closing was irregular. The general market failed to benefit from momentary exhibitions by a handful of shares in the late trading, selling pressure being particularly strong against pivotal issues, especially Baldwin, General Motors and U. S. Steel. Federal Mining and Smelting extended its gain to 22 points, touching 144. A. M. Byers rose 5½ and Worthington Pump common 4½, and the preferred "A" 3. U. S. Cast Iron Pipe also came back strongly to 242½, a new top for the year. Total sales approximated 1,500,000 shares.

Are You An Economic Jaywalker?

In life, as along crowded thoroughfares, there are always people who prefer the short cuts and will not heed the traffic signals of Common Sense. They long for fine clothes, and expensive furnishings beyond the limit of Today's pay envelope, and Credit appears to be the short cut to the other side of the street. So they start gayly mortgaging Tomorrow's Dollars, and those of the Week After until they are hopelessly entangled in the traffic of every-day life.

Every purchase made in the J. C. Penney Company stores means a saving to the purchaser because of our universal policy of buying and selling only for cash. Of more importance, however, than the money saved is the habit of thrift and economy formed. Our customers have taught their desires to follow the safe and sober paths laid down by Good Judgment, rather than to dash recklessly into the tangled mazes of extravagance.
