BUYING MOVEMENT SENDS UP PRICES

More Than 100 Issues Selling at from 1 to 5 Points Higher

NEW YORK, May 17 (AP)—One of the most comprehensive buying movements in recent weeks took place in today's stock market with more than 100 issues selling 1 to 5 points above yesterday's final quotations.

Special buying again developed in the railroad group, and about a dozen specialties sold at new high levels for the year, or longer. The list included such diversified shares as Worthington Pump, Purity Baking "B," Simons Corporation, American Sugar preferred, Electric Automobile Light, Eureka Vacuum and Liggett and Myers "B." Railroad equipments were lifted upward as a result of the $7,000,000 orders placed by the Erie railroad yesterday. The optimistic statement on business of the head of the General Motors corporation brought fresh buying into that stock and tended to check liquidation in other motors which had been inspired by recent price cuts.

The closing was strong. More general buying of non-dividend railroad shares occurred following the gains in Western Maryland to 44¾, within one-half point of its recent price. St. Louis Southwestern, Gulf, Mobile and Northern, Norfolk and Southern and Chicago Great Western preferred were in special demand. Heavy buying in Baldwin carried it up nearly seven points. Total sales approximated 3,600,000 shares.

Other officers elected were: State Secretary, John F. Dooley, Albany; treasurer, William Crawford, Baker; state advocate, Joseph Franklin, Eugene; warden, Stephen Merton, St. Paul; delegate to the supreme convention, Frank J. Lonergan, Portland; alternate to the delegate, Ed Benick, Klamath Falls; alternate to the past state deputy, P. J. Hanley, Portland.

The convention approved tentative plans for the national convention to be held in Portland August 2, 3 and 4. P. J. Hanley, of Portland, present state deputy, will be general chairman of the convention.

Fokker Monoplane Test Successful

ROOSEVELT FIELD, L. I., May 17 (AP)—The big three-motored Fokker monoplane, America, was given a weight lifting test today that was deemed by the pilots as "most satisfactory." The America took off with Bert Acosta and Lieutenants Noville and Bolcom, carrying 11,250 pounds of water and sand.

The monoplane rose from the ground after a run of a quarter of a mile and made a short flight. Lieut. Noville said the "America acted fine."

Leper Children Are Immune From Disease, Report

By Pearce G. Davies
(Associated Press Correspondent)

KALAUPAPA, Island of Molokai, Hawaii, May 14 (AP)—The children of leper parents living here in the Hawaiian leper colony are likely sure they will never have the dread disease and almost equally sure they will never know their parents.

About a dozen children are born here each year. Inmates of this settlement on Kalawao peninsula—a natural prison hemmed in by sea and precipice—live much as their kinfolk of the outside world. They have their own government and churches; they marry and bring children into the world. But the children are taken from them at the moment of birth.

The new-born infants are placed in the hands of non-leper attendants who take them to the special nursery in the colony's hospital compound. There they live their first year of life under the close observation of the doctor who guards the health of the settlement's 523 patients.

Each Sunday mothers are permitted to see their children—to fondle them, feed them, bathe them. But in most cases the children never return.

This system has been in effect several years and only one baby has ever contracted leprosy.
