RELIGIOUS EDUCATION.—In a previous number, we offered some thoughts upon this very important subject. We recur to it now for the purpose of adding some additional words to Christian *parents*, as to their duty and responsibility in this behalf, as upon their fidelity so much depends.

Parents are presumed to feel a deeper interest in their children than any one else can feel. Whatever pertains to the character and prospects of children excites not only a lively interest, but an intense anxiety, in the bosom of every right-minded parent. And no one can be expected, without this powerful impulse, to use that diligence, patience, and perseverance which a proper religious education demands.

In addition to this, parents usually have an influence over their children which no other can exert. The very relationship existing between them authorises this influence; and we find accordingly that it moulds, in a great degree, the sentiments, the character, and the destiny of children. This influence therefore may parents exercise in its full force for good. At least it is their own fault if it be diminished or lost.

Parents, moreover, have an *opportunity* of imparting a salutary instruction to their children, from their constant association with them in the most favorable circumstances. They preside over the tender years of their little ones, and can observe and direct every development of mind and morals. God has wisely ordered that during this critical and plastic age they are thrown upon the watchful care of parents. Having them thus at home, under their own immediate supervision, parents may exert an influence which is not hourly counteracted by evil associations.

How favorable then is the opportunity thus afforded to "train up a child in the way he should go"! And yet how many parents, for no stronger reason than to avoid the *trouble*, dismiss their children almost entirely to servants, in their infancy, and to schoolmasters, or into the streets, as soon as they are well able to go alone!—This is not only a heartless dereliction of duty, it is downright cruelty, of which no Christian should be guilty. Surely, such parents cannot complain if they finally pay for this ill-purchased ease in tears and unavailing grief over the premature infamy and ruin of their neglected children.

And this cruel neglect is necessarily accompanied, or followed, by a want of proper domestic *discipline*, without which mere instruction is of little avail. Children who are permitted to wander at large, to choose their own associations, and to pursue their own wayward and pernicious courses, soon come to despise all rule and authority both human and divine. The very design, it would seem, of the domestic constitution is, to train children to a prompt and cheerful obedience to parental authority and control, enforcing the great principles of truth and righteousness. This habit of cheerful obedience to proper authority is to be enforced at all events—enforced kindly, but firmly and unremittingly from early infancy onward to maturity. It belongs to our fallen nature to cast off authority and to do as we please. Now this disposition should be early and thoroughly subdued. Without this all hope of respect and obedience to parents, or subordination to the divine law, is utterly void. To neglect it, therefore, is to rear every girl to be a virago or a termagant, and every boy to be a vagabond and an outlaw.

To the entire success of religious education, parental *example* is indispensable. If in their words and conduct parents disregard the lessons of the Bible, however much they may teach them otherwise, their children will soon learn to distrust the truth of what they are taught, and to despise it as a mere bugbear, employed to frighten them into obedience. It strikes them as an attempt to deceive them, and nothing has a more baleful influence.—Thus parental instruction is neutralised by parental example; and not only so, under such influences children usually grow up into confirmed infidelity and irreligion.—Whereas a living example of all the truths and virtues taught, would be a lesson never to be forgotten, bearing constant witness as well to the understanding as to the heart and conscience of the child.—*Oregon Churchman.*

THE pursuit in which we cannot ask God's protection is criminal; the pleasure for which we cannot thank him cannot be innocent.

SOMETHING IN FAVOR OF MATRIMONY.—Powers, the sculptor, writing to a friend on what people call of marrying without the means to support a family, expresses frankly his own fears when he found himself in this very position; but he adds with characteristic candor: "To tell the truth, however, family and poverty have done more to support me than I have to support them. They have compelled me to make exertions which I hardly thought myself capable of; and often when on the eve of despairing, they have forced me, like a coward in a corner, to fight like a hero—not for myself, but my wife and little ones."

Dr. Baker's Pain Panacea
Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties, the money will be cheerfully refunded by the agent where the medicine is for sale.

If you have pain in the Stomach or Bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhœa, or a relaxed state of the bowels, take a few doses of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve the pain, and the swelling will be reduced. If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton, and bathe the gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast Side, Back, or Kidneys, bathe the parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a Caked breast, apply the Pain Panacea as hot as can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls on your horse, apply the Pain Panacea; it will take out all the inflamation, and heal the sore in a short time. Sold by all the principal druggists, and by

I HAVE an excellent MILL SEAT, surrounded with excellent TIMBER, which I would like to have improved. I will give some millwright who wishes to invest in a saw mill or grist mill, or both, a good chance. The location is one of the very best for selling lumber—a level way to the mill seat, no hills to pull over, and handy to heavy settlements.

Sick and Diseased
IN OREGON,
You can be cured!
An Honest Appeal to All with Bad or Failing Health.

ARE you languid, inanimate, restless, appetite poor, digestion bad, and PAINS IN THE LIMBS, BODY, BACK, and HEAD? Reader, much of this is caused from COLD caught unwittingly, or, in seven cases out of ten, sluggishness of the liver and blood, and want of natural perspiration, induction in the use of food and drink, or from a dryness in the atmosphere—which is a very unhealthy part of this climate—many of the awful, violent, and SUDDEN DEATHS that occur here must be attributed to this. Now, reader, I have made this my study for many years, and I do assure you that my DR. WEBBER'S INVIGORATING CORDIAL will cure these causes—it will insure animation of the LIVER, BLOOD, and BRAINS—it strengthens the nerves, and gives to the sufferer a lightness of spirits, a mental and bodily feeling of strength, that is delightful. The many respectable persons who have been benefited by and certified to its extraordinary qualities in curing any of the following diseases, must satisfy all but the self-wise and ignorant sceptic—

Dyspepsia, or indigestion; loss of muscular or bodily strength and mental energy; Fever, Ague, or chills; rheumatic, neuralgic or other pains; depletion and weakness of the natural functions, debility from disease, dissipation, too much doctoring, debauchery, and
OTHER CAUSES.

In case of excitement from constant
INTEMPERANCE,
and where
DELIRIUM TREMENS
has occurred, I have seen it change the sufferer in half an hour from the most horrible state to calmness and placidity. It can, indeed, be conscientiously recommended to all suffering, and the proprietor regrets deeply that it is necessary thus to advertise it, in order that its merits may be known. *Sold* highly concentrated. Price reduced to $5, two for $5—large quart bottles.—*Sold by every respectable druggist.*

The Rev. Robert Schuyler, of Petaluma, says: "For years, both myself and brother have suffered so from dyspepsia, weakness of and sour stomach, indigestion, and flatulence, that life at times was a burden. SCOVILL'S
SARSAPARILLA
AND
STILLINGIA!
OR
Blood & Liver Syrup.

IT is hereby recommended by Physicians to cure the following diseases having their origin in a disordered state of the blood:
Canker, Ulcerations and Enlargement of the Joints, Cancerous Tumors, Erysipelas, King's Evil, St. Anthony's Fire, White Swellings, Obstinate Eruptions, Pimples on the Face, Rheumatism, Blotches, Pustules, Dyspepsia, etc.; Syphilitic and Mercurial Affections are cured; Chlorosis or obstructions in females; Leucorrhœa or Whites, are relieved by the use of this Medicine.

The medical properties of Sarsaparilla in conjunction with Stillingia are well known by all medical men to be the best compound yet discovered to cleanse and purify the blood, and eradicate all humors from the system.

We have given the recipe to most physicians in the country, that they may know what they are using, and will continue to send it by mail to those desirous of knowing the ingredients entering into its composition, that that they may prescribe it in their practice.

This preparation stands at the head of the list of remedies for curing all diseases arising from impurities of the blood or diseased matter lurking in the system.

Thousands who have used the Stillingia and Sarsaparilla will testify to its remarkable effect in moving all impurities from their blood, giving tone and vigor to the whole human frame, and restoring a healthy action to all the functions of the body.

The testimonials received in its favor from many members of the Medical Faculty would, were we to publish them, fill a large volume.

It is prepared under the supervision of one of the ablest and best practical chemists in the country, (Mr. W. S. Merrill, Cincinnati,) so as to insure a uniformity of composition and purity in all the ingredients.

As a spring remedy, to purify and cleanse the blood, leaving it free from all humors and impurities, we assert with confidence there is no better remedy.

Sold by all Druggists, and by

PURIFY THE BLOOD.
MOFFAT'S
Vegetable Life Pills
AND
PHŒNIX BITTERS.

THE high and envied celebrity which these preeminent Medicines have acquired for their invariable efficacy in all the diseases which they profess to cure, has rendered the usual practice of puffing not only unnecessary, but unworthy of them. They are known by their fruits, their good works testify for them, and they thrive not by the faith of the credulous.

In all cases of asthma, acute and chronic rheumatism, affections of the bladder and kidneys, bilious fevers and liver complaints,—in the south and west, where these diseases prevail, they will be found invaluable. Planters, farmers, and others, who once use these Medicines, will never afterwards be without them.

Dyspepsia.—No person with this distressing disease should delay using these medicines immediately. Eruptions of the skin, erysipelas, flatulency, fever and ague—in this scourge of the western country, these medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent. TRY THEM, SUFFERERS, AND BE CURED.

Mercurial Diseases.—Never failed to eradicate entirely all the effects of Mercury infinitely sooner than the most powerful preparation of Sarsaparilla.

Night Sweats, Nervous Debility, Nervous complaints of all kinds, Organic Affections, Palpitation of the Heart, Painter's colic.

Piles.—The original proprietor of these medicines was cured of Piles of 25 years' standing by the use of these Life Medicines alone. **Worms** of all kinds are effectually expelled by these medicines. Parents will do well to administer them whenever their existence is suspected. Relief will be certain.

The Life Pills and Phœnix Bitters
Purify the blood, and thus remove all disease from the system. A single trial will show the *LIFE PILLS* and *PHŒNIX BITTERS* beyond the reach of competition in the estimation of every patient. ☞ *Prepared by*

CINCINNATI, Feb. 28, 1859.
MESSRS. A. L. SCOVILL & CO.—
Dear Sirs:—I feel it my duty to write you, and let you know what your Blood and Liver Syrup has done for my daughter, and that by publishing it others who suffer with the same disease may know of it, and by its use derive great benefit.—My daughter Eliza has been sorely afflicted with SCROFULA, attended with great pain, for more than two years. She had some five or six running Ulcers on one of her feet, one on her hip, and one on her back. They caused contraction of the limbs so that she could not walk. At this time, from the high recommendation of your Blood and Liver Syrup in curing such diseases, I was induced to try it. She commenced using it, and as the medicine acted on the blood, the sores commenced to heal. The limbs are getting straight—she is now gaining strength. I have only used three bottles of the medicine, and she can now walk quite well. Your Blood and Liver Syrup has done wonders in restoring her health.
With the greatest respect, I remain yours,
H. McWILLIAMS.
