How fishers differ as they wait
And for a nibble beg;
Some use an old tin can for bait,
And others use a keg.

Don't let the blinds befuddle you,
Nor the "Out of Town" on a card;
You'll sometimes find that they
Are summering in the old back yard.

Dr. and Mrs. Gagen, of Lostine, passed through Elgin last week, says the Recorder, on their return from a visit with Heppner friends. This must be a mistake as we did not learn of their visiting this section.

The matter of holding fall races at this place is being discussed by a number of Heppner's prominent citizens. Active steps will doubtless be taken in the near future. This is a good move and should be pushed by our progressive people.

Mrs. T. S. Hawkins, Chattanooga, Tenn., says "Shiloh's Vitalizer 'saved my life.' I consider it the best remedy for a debilitated system I ever used.' For dyspepsia, liver or kidney trouble it excels. Price 75 cents. Sold by T. W. Ayers, Jr.

Anything unusual in the general appearance of C. C. Sargent can now be accounted for by the fact that an eleven pound boy arrived at his home in this city Thursday of last week. Charley says he now has a well balanced family, three boys and three girls, and that while he doesn't wear as large a collar, yet, he believes he is a better man than Grover Cleveland. And if records count for anything he is certainly entitled to the belt.

There are many accidents to live stock which cause delay and loss to the farmer in his work. In a large number of instances the delay would be but trifling if a remedy was promptly applied. Dr. J. H. McLean's Volcanic Oil Liniment has for many years been regarded as the farmers friend. Its healing influence on the flesh of domestic animals is immediate and permanent. Price 25c, 50c and $1.00 per bottle.

James Poole and John Case, the two men recently arrested and charged with the recent robbery of the S. P. train, were given a hearing at Roseburg last Monday. Both men were identified beyond a doubt and were bound over to await the action of the grand jury. It seems to be a clear case that the guilty parties have been apprehended, as the identification is unusually clear.

There comes a time to all of us, when we feel mean and "out of sorts" and in a condition to invite disease. It is then we need such a remedy as Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. To persons exhausted by sickness or over-work its invigorating influence is surprising, promptly restoring health, energy and cheerful spirits. Price $1.00 per bottle.

Dr. Henderson arrived from Long Creek the latter part of last week in private conveyance, and Wednesday evening met his mother and aunt who arrived from Mt. Vernon, Iowa. All departed for the interior city yesterday morning. After spending a few weeks with the doctor and family, the ladies will return east via San Francisco.

"We would urge every one to read the advertisement of Simmons Liver Regulator. We have never before said one word in favor of any patent medicine advertisement in our columns, but having given Simmons Liver Regulator a fair trial, we do not hesitate to say that for Dyspepsia and General Debility it cannot be excelled."—Fred M. Childs, editor "News," Kenton, Ohio.

Just What's Needed

Exclaims thousands of people who have taken Hood's Sarsaparilla at this season of the year, and who have noted the success of the medicine in giving them relief from that tired feeling, waning appetite and state of extreme exhaustion after the close confinement of a long winter season, the busy time attendant upon a large and pressing business during the spring months and with vacation time yet some weeks distant. It is then that the building up powers of Hood's Sarsaparilla are fully appreciated. It seems perfectly adapted to overcome that prostration caused by change of season, climate or life, and while it tones and sustains the system, it purifies and vitalizes the blood.

Strayed or Stolen.

A dark roan milk cow, branded H. W., with calf disappeared from my home in Heppner about four weeks since. Any person returning her or giving any information that will lead to her recovery, will be reasonably rewarded.
52 7 MRS HENRY WELCH.

Now is the time to get the Weekly Oregonian, the greatest newspaper of the West. With the Gazette, both strictly in advance, for one year, $3. No better combination of newspapers can be made in the state. Besides we will give as a premium an additional journal, the Willamette Farmer, an agricultural paper. Come in now and subscribe.

A PLEASANT TIME.—Last Tuesday evening arrangements were made for the installation of the officers of Doric Lodge, No. 20, K. of P., of this city, but owing to the absence of several of those to be installed this part of the program was deferred until next Tuesday evening. However, the other features of the evening's entertainment were carried out. The social part, consisting of addresses by Bros. W. R Ellis, J. N. Brown and A. W. Patterson, interspersed with appropriate vocal music, was followed by a bountiful lunch of ice cream, cake and lemonade, all of which was apparently enjoyed by a number of Knights and their ladies, who had gathered at the lodge room for the occasion. All members of the lodge are hereby notified that the installation will occur on next Tuesday evening.

While in Stockton, Cal., sometime ago, Thos. F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhoea. He chanced to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holden Drug Store and procured a bottle of it. It gave Mr. Carter prompt relief and I can vouch for its having cured me." For sale by Slocum-Johnson Drug Co.

HOW ABOUT THIS DUST?—The water in the mill race gave out last Sunday, consequently the sprinkler has ceased to run and the dust is already beginning to assert its right by accumulating on the sidewalks and collecting on desks and counters of the different business houses on Main street. On inquiry we learn that water can be pumped for $2 per day. And the proprietors of the sprinkler agree to furnish pump, tank and sprinkle the streets if the subscribers will furnish the power. If each one would increase their subscription a small amount, the sum could easily be raised and the sprinkler started once more. This is at least worthy of the attention of our business men, for if something is not done they will likely have a dusty deal every day for the next month or two. How about it?

Piles! Piles! Itching Piles.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

NOTICE OF DESERTION.—Notice is hereby given that my wife, Mrs. J. W. Kerns, left my bed and board, deserting me at my home at Monument the first day of last May, and has since been living in the vicinity of Gooseberry. Consequently I desire to notify all that I will no longer be responsible for her actions, or any debts that she may contract.
J. W. KERNS.

Toilettes for August. 1895.

The August number of Toilettes shows another brilliant color effect on its cover, now to be seen on all news stands. It represents a yachting scene, the central figure being a beautiful woman, attired in a trim nautical toilette by Pingat. It is a striking picture, and artistic arrangements of golden rod and corn flowers in their natural colors form part of the picture. The inside pages afford a feast in fashion illustration, such as is afforded by no other American or English magazine. Nearly 180 separate and original designs with descriptions as to materials and make up of all manner of dresses and the accessories to dress are given in its 32 pages, every square inch of which appears to be fruitful of suggestions to the dressmaker or the lady about to do dressmaking at her home. There are children's dresses for both sexes and from the baby upwards; casino and lawn costumes, boating and cycling toilettes in great variety. A special announcement is made by the publishers that still greater improvements will be made in this magazine, beginning October 1st, when a change in price will also be made from 20 to 25 cents for a single copy, and from $1.50 to $2 per year. We advise our readers to take advantage of this information and subscribe now.

Toilettes Publishing company, No. 126 West 23d St., New York, are the publishers.

C. R. Cate, of the Ridge country, was in the city this morning. He reports grain and feed rather short over in that country, though says stock as yet is doing very well. Mr. Cate was accompanied over by D. Jones, of the same section.

Why Not You?

When thousands of people are taking Hood's Sarsaparilla to overcome the weakness and languor which are so common at this season, why are you not doing the same? When you know that Hood's Sarsaparilla has power to cure rheumatism, dyspepsia and all diseases caused by impure blood, why do you continue to suffer? Hood's cures others, why not you?

Hood's Pills are prompt and efficient. 25 cents.

The regular subscription price of the Semi-Weekly Gazette is $2.50 and the regular price of the Weekly Oregonian is $1.50. Any one subscribing for the Gazette and paying for one year in advance can get both the Gazette and Weekly Oregonian for $3. All old subscribers paying their subscriptions for one year in advance will be entitled to the same. *

Italian Poisoners.

The beginning of the eighteenth century witnessed an epidemic of poisoning in France as well as Italy. The business was begun in France by two Italian poisoners named Exili and Glaser. The poisoners were discovered by the aid of the clergy. Exili and Glaser were sent to the bastile, where they both died. The latter lived long enough, however, to communicate the secrets of his business to the infamous St. Croix, who became the teacher of the equally infamous Mme. Brinvilliers. St. Croix was instrumental in the death of a large number of persons, and finally was himself found dead in his laboratory, where he had been overcome by the noxious vapors of the poisons he was distilling.

Catarrh

Has troubled me for 11 years. I have taken four bottles of Hood's Sarsaparilla and am perfectly cured. I think Hood's Sarsaparilla has no equal, and believe that many who are in poor health and have become discouraged, would be restored to good health if they would only give

Hood's Sarsaparilla

a fair trial." WM. J. BENSCH, Astoria, Ore.
