Are They Collies, or Wolves?

What will these four youngsters grow up to be? Mother, who stands by while they have their dinner, is a wolf, captured two years ago on a farm near Milton, Wis. Their father is of the Collie breed, a domestic pet for generations.

TOKYO MAYOR ASKS ADVICE

TOKYO—Mayor Nishikuho, Tokyo's wrestling executive, believes in the voice of the people. The mayor has announced the opening of a municipal letter box in which he invites the 2,000,000 citizens of Japan's capital to deposit their complaints, advice and suggestions regarding the government of the city. This is a distinct departure from the customary autocracy of officialdom in Japan.

IMBLER PERSONALS

IMBLER, (Special)—John Lloyd and Marvin Squire returned home Thursday. They have been shearing sheep for Mr. Green and Cap Tuttle down on the Minam.

A severe thunder shower visited this locality Thursday afternoon at 4 o'clock. A steady down pour of rain with considerable hail lasted over an hour. The hailstones were small and came straight down and it is feared that it did quite a lot of damage.

Several of the farmers have commenced cutting their alfalfa and the heavy rain Thursday may cause some of it to spoil.

Phil McKinnis suffered a light stroke of paralysis last Monday. He was taken to the hospital for treatment.

Ray Blanchard and son were business visitors at Imbler Thursday. There home is at Elgin.

Mrs. W. W. Smith and sons, Exford and Gilford, went out to the logging camp last Wednesday. Mr. Smith is employed there.

The many friends of Mr. and Mrs. George Hardy are grieved to hear of the death of their mother at Clarkson on the account of which they were called there the first of the week.

Mrs. Frank McKinnis called on Mrs. Harry Newbill last Wednesday afternoon.

Miss Marian Nodine returned home last Sunday. She has been visiting her brothers at Unity.

William Furman estimates his crop of apples between 2500 and 3000 boxes. The cherries, prunes and peach plums were badly damaged by frost earlier in the spring. A few of the apple trees were damaged in certain localities.

Don't worry about late plantings of zinnias, salpiglossis or marigolds. They may catch up with the earlier plants.

MRS. STRAYER INJURED

SALEM, Ore., June 17 (AP)—Mrs. W. H. Strayer, wife of State Senator Strayer, of Baker, received severe bruises and shock yesterday when an automobile in which she was riding with Mr. and Mrs. I. N. Sanders skidded on a wet pavement and overturned near Hubbard on the Pacific highway. Mrs. Sanders was bruised less severely.

Battle With Rum Runners Reported

SAN FRANCISCO, June 16 (AP)—The San Francisco Call says that one man is believed to have been shot and killed, four prisoners taken, a truck, landing boat, two horses and approximately 1200 cases of liquor seized in a battle today between rum runners and federal prohibition agents near Pescadero, San Mateo county.

The battle started when the rum runners escaped after a fierce pistol battle.

Roesel Is Sole Heir of Convict

SALEM, Ore., June 17 (AP)—V. J. Roesel, of New York City, is the sole heir of Dave Smith, convict who died at the state penitentiary recently where he was serving life as one of the participants in the Claremont Tavern murders in Portland several years ago. Smith, whose real name, the probate papers reveal, was Eugene L. Roesel, left $1000 in money and a watch and chain. Smith's body was sent to New York. He was counted a good prisoner, and while at the prison had become proficient as a druggist and a dentist.

Weighty Argument

One way to settle any argument about so-called pure paint is to place a can of it on the scales. Glowing words and catchy phrases are misleading, but figures are concrete and exacting.

Our McMurty mixed paints will outweight any paint on the market.

"We know it's the best—the scales prove it."
