Total Sales 2,500,000—Closing Is Weak After a Spotty Day

NEW YORK, Aug. 12 (AP) — Collapse of several pool specialties, following the announcement of a stock exchange failure as the result of yesterday's sensational decline in Manhattan Electrical Supply, unsettled today's stock market, which had opened with a display of strength. Extreme declines in a dozen issues reported to be under pool sponsorship ran from 8 to 23 points, although supporting orders were quickly supplied for a few by "inside" interests.

Eureka Vacuum showed an extreme decline of 22¾ points by touching 51, but later rallied well above 60. Air Reduction collapsed 19 points to 166; Houston 14½ to 115, and Pittsburg Coal, Commercial Solvents "B," A. M. Byers and White Sewing Machine sold down 8 to 13 points before they met sufficient support to stem the tide of selling.

Early gains of 1 to 3 points in Baldwin, General Motors and many other rail and industrial leaders were cancelled, and in some instances replaced with losses running as much as 5 points.

Manhattan Electrical Supply, which broke from 121 to 58¾ yesterday, opened today at 61, advanced to 64¾ and then collapsed to 50½, a new low level for the year.

The closing was weak. There was inability or unwillingness to meet margin calls for a lot of fresh stock on the market in the late afternoon, when a long list of shares like Atchison, Jersey Central, General Motors and General Electric were depressed 4 to 6 points. Air reduction extended its loss to 21 points, Commercial Solvents "B" to 17, and Dupont to 15. General Railway Signal, Union Carbide, Sterling Products, U. S. Cast Iron Pipe, Safety Cable and Western Maryland yielded 6 to 8 points. Total sales approximated 2,500,000 shares.

BOSTON, Aug. 12 (AP) — The Commercial Bulletin tomorrow will say:

"The wool market is hardly so active but fully as firm. Stocks of foreign wool are well nigh exhausted and demand necessarily falls on the domestic descriptions. Prices are unchanged.

"The manufacturing outlook is considered very bright, with current conditions exceedingly healthy. The new season has hardly got well started as yet.

"Foreign markets are gradually strengthening. Higher prices are predicted by Bradford before the next London sales and most men in the trade look for an advance at the opening of the primary markets at the first of September.

"Mohair is in moderate demand with prices steady."

The Commercial Bulletin will publish the following wool quotations:

Scoured basis: Oregon—Fine and F. M. staple, $1.05@1.07; fine and F. M. clothing, 90@95c; valley No. 1, 90@95c.

Mohairs: Original bag average 12 months, Oregon, 55@55c.
