Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

Mr. Simon Blanchard, a well-known citizen of Hayesville, Meade county, Kentucky, says: "My wife had been sick for a long time, and her constitution was all broken down and she was unable to work. She was advised to use Brown's Iron Bitters, and found it to work like a charm. We would not now be without it for any consideration, as we consider it the best tonic in the world."

BROWN'S IRON BITTERS *is not* a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on by imitations.

What is Thought of Blaine's Scheme.

In commenting on Blaine's new scheme for distributing the whisky tax, the Chicago *Times* says: In reality it is another device of protectionism striving to prevent any reduction or modification of the damnable tariff exactions. Nothing lets go its grip on the throat of a victim so unwillingly as licensed robbery.

A Washington correspondent telegraphs: Judge Lowrey of Fort Wayne, who has been taking an active part in Carlisle's canvass, said Blaine's proposition was intolerable. It was the very quintessence of Federalism and centralization. There would soon cease to be local self-government if the states were to abolish their own taxation and look to the general government for their revenues. If the revenues were too large, the only thing to do was to reduce taxation."

A prominent treasury official said of the plan: "It is the last resource of the high tariff men to avoid the necessity of reducing taxes. If it is immoral to abolish the tax on whisky, then let the government reduce the taxes on some other things."

Judge Murphy was also opposed to the plan, partly because of its centralizing tendency, and partly because of the excuse it offered for keeping up the tariff. Blaine's proposition was the original Pennsylvania proposition with only a little different form.

Other Democrats spoken to expressed opposition to this new device in favor of protection and centralization.

Judge Buckner of Missouri, thinks it is worth while to undertake to devise some way to dispose of the surplus revenue. So long as there is a public debt it should be applied to the payment of that debt. He regards the plan suggested by Mr. Blaine as only little more objectional than that proposed by Wharton Barker. It would continue in existence an army of gaugers and other internal revenue officers, of whom the southern states complain because of their interference in the elections.

Judge Buckner thinks it would be better to take the tax off the manufacture of whisky and put it on the consumption of that article by increasing it on license. This would require comparatively few officers for collecting the revenue.

The Sunday law is inforced after a peculiar fashion in Walla Walla. Seven of the twenty-six saloons of that city openly violate the law and every Monday they go before the local court and pay the penalty, with costs, making $29.50 each. This money goes into the territorial school fund.

The Port Garrison.

HAVANA, CUBA.—The distinguished physician, Senor D. Antonio Jose Romay, Asst. and Honorary Member, Board of Health, and Faculty of the Port Garrison, certifies that rheumatism and neuralgia, have by the use of the great pain-cure, St. Jacob's Oil, been cured in a few days.

A Little Story with a Large Moral —One Man who Knew his Own Business.

"No, my dear," said the venerable keeper of a country store to a timid little girl whose head scarcely came up to the level of the counter. "No, my dear, we haven't any red flannel, but we have some first rate New Orleans molasses." Softly hinting that she didn't think that would answer the purpose quite as well, the child went her way in search of the article she wanted.

"Have you BENSON'S CAPCINE PLASTERS?" asked a gentleman of a certain druggist whose name could be given were it desired. "I am troubled just now with a touch of my old friend, the lumbago, and the Benson's Plaster seems to go to the spot almost as soon as it touches the skin."

"Not at present," replied the druggist, genially "but, we have lots of plasters just as good. There is Allcock's, the Capsicum and others—won't one of them do as well?"

"My dear sir," retorted the gentleman, with a slight show of temper, "I say nothing against those articles, but I am a business man, and always ask for precisely what I want, and for nothing else. I may enlighten you, however, when I say that sometime ago, for another disease, of which the Capcine has since cured me, I tried all those you mention, with no appreciable benefit. They are inefficient, every one of them, the meanest act of the proprietors of some of them being this: that they make plasters with similar sounding names to deceive the unwary into believing they are the same thing. Experience taught me the difference. I'll go to the next man in your line. Good day."

Be on our guard against imitations. The genuine has the word CAPCINE cut cleanly in the middle of the plaster. All others are impositions.
