Lorena Trickey Known Here

Lorena Trickey, widow of Slim Harris, slain cowboy, and held second wife in Lakeview, Ore., is well known in the Grande Ronde. She participated in the rodeo events in the Union Livestock show for several years, and was considered at that time as the champion woman trick rider of the world. She was injured at Union one year and spent several weeks at Hot Lake recovering.

To Bring Squatters To Federal Court

PORTLAND, Sept. 7 (AP)—Carrying warrants for the arrest of M. Roy Davis and E. H. Best whom the forest service seeks to evict from land in the Umpqua national forest in Southern Oregon, deputy United States marshal Loren C. Cochrane has been dispatched to bring the alleged squatters to federal court.

Davis and Best disregarded notices to appear in federal court yesterday to answer why they should not be held in contempt of court for having failed to obey an order to move from the land which the forest service had barred to settlers.

PENDLETON GUNNER FOURTH

PORTLAND, Ore. Sept. 7. (AP)—Melvin M. Oylear, of Pendleton, a member of the Oregon civilian rifle team now competing in the national matches at Camp Perry, Ohio, made fourth place in the navy match, says a telegram received by Chester E. McCarty, secretary of the Oregon State Rifle association. His score was 94 out of a possible 100.

CORONER'S JURY REPORTS

LAKEVIEW, Sept. 7. (AP)—"Slim" Harris, round-up rider and noted performer at western rodeos, came to his death at the hands of persons unknown, according to a verdict reached by a coroner's jury here late yesterday.

Lorena Trickey, widow of the slain rider, who has been held in connection with his death, did not take the witness stand and did not appear in court during the proceedings. Bob Brown, who also is held for investigation, likewise failed to offer testimony. Only brief evidence was submitted to the coroner's jury.

A scare today round-up hoofer, who was taken into custody immediately after the murder last Friday night, but who was later released, testified he knew nothing about the affair until officers came to the cabins where he was sleeping and placed handcuffs on him.

There was no evidence of any kind that would tend to implicate Miss Trickey or Bob Brown, but county officials are holding them without bail pending further developments. A preliminary hearing scheduled for yesterday for Miss Trickey and Brown was postponed until later.

Under our present calendar, no century can commence on Wednesday, Friday or Saturday. Centuries begins always on the same day of the week as January. February, March and November commence on the same day of the week, while May, June and August commence on different days. The year always finishes on the same day of the week as it began. These rules, of course, do not apply to leap years.

Strength Shown In Stock Market; Industrials High

NEW YORK, Sept. 7 (AP)—The stock market today gave another impressive demonstration of strength. The average of 20 leading industrial shares was lifted to a new high record while the average of 20 leading rails was elevated to around the highest level since the war with about 50 individual issues breaking through to new high levels for the year or longer.

A wave of selling for both accounts went through the market at noonday but offerings were soon absorbed and the market quickly headed upward again under the leadership of motors and specialties.

Gains in the industrial list ran from 1 to 8 points.

The closing was strong. Houston oil rose more than 14 points, Colorado Fuel got up seven; Endicott Johnson 8 and National Lead 5. Total sales approximated 2,400,000 shares.

Wheat Nervous and Lower In Chicago

CHICAGO Sept. 7 (AP)—Starting unchanged to ⅛c higher, wheat sagged somewhat and then hardened again. Corn and oats were also firmer, corn opening at ⅛c off to ⅛c up and subsequently scoring a fair gain. Provisions had a downward trend.

Wheat closed nervous ⅛c to ¼c net lower; corn 1c to 1⅛c down, oats at ⅛c decline to ⅛c advance and provisions varying from the setback to a rally of 7c.

A new Berry, known as the Union 18 wberry, has been developed in Chino Valley, California. A cross between the loganberry and dewberry, the new vine is said to be very hardy, bearing readily and yielding little care.

BUTTER MARKET CONTINUES FIRM

Extras And Standards 45 And 44 Cents—Eggs Change Little

PORTLAND, Ore., Sept. 7 (AP)—Continued firmness of the local wholesale butter market is shown by half cent gains in the price today on the two top grades of cubes. Extras and standards were bid up to 45 and 44c respectively at yesterday's late afternoon session of the dairy exchange. Receipts continue insufficient for market demand and 2186 pounds were withdrawn from storage yesterday.

With the price gain for standard cubes, butter fat is automatically quoted ½c higher also, at 45c per pound.

Except for a decline of 1c to 30c on firsts, wholesale egg quotations are unchanged on the exchange board. Yesterday's storage withdrawals were large at 1571 cases.

Country dressed meats and poultry are steady, with receipts a little heavy partly due to the halt in shipping over Labor Day.

Produce prices for fresh seasonable fruits and vegetables were maintained at even levels this morning about even with last week's figures. A few new lots of Elberta peaches from Yakima were in and selling from $1.35 to $1.50 per box.

Grape demand is very slow and disappointing to shippers. Concord grapes at 60c per four-quart basket are moving slowly.

Yakima potatoes are plentiful at from $1.85 to $2 per cwt.
