Three National league pennant contenders today entered the final stretch with a world's series representative until undetermined but with the scales pointing slightly in favor of the Pittsburg Pirates.

Donnie Bush's club can clinch the 1927 championship by winning four of its remaining five contests. By winning three of the five while the New York Giants and the St. Louis Cardinals were taking all their games, the Pirates would be a party to a three cornered tie for first place. The season ends next Sunday. Today's standings showed the Pirates two full games to the good at the top of the heap.

The Bucs went on to Chicago yesterday and opened up with a two game victory over the Cubs, 2-1 and 6-1.

The Cardinals by taking two games from the Boston Braves advanced into second place. Rob O'Farrell's world champions won the opener 4-1 and the windup 6-5.

Petty Stops Giants

Jess Petty for Brooklyn was in rare form and stopped the New York Giants in their tracks before 25,000 fans at Ebbets field. Neither team scored and the contest was called in the seventh because of darkness. It will be played as a double header or on an open date this week.

Philadelphia stopped Cincinnati 8-3.

The Yankees dropped a 6-1 game to Detroit.

Babe Ruth failed to get a home run and must hit three of them in the four remaining games on the New York schedule to tie his record made in 1921.

Zachary pitched Washington to a 10-0 victory over the St. Louis Browns.

Cleveland drew close to fifth place by trounsing the Chicago White Sox, 10-4.

HE DOESN'T BELIEVE

LONDON— Stories of the garden of Eden are regarded as folklore by the Right Rev. Ernest M. Barnes, bishop of Birmingham, preaching in Westminster abbey he added: "Darwin's triumph has destroyed the hale theatrical scheme. Man is not a being who has fallen from the ideal state of perfect innocence. He is an animal slowly gaining spiritual understanding."

Warehouse Ban Hits Wet Wheat

LEWISTON, Ida., Sept. 26.— Grain companies in this city have notified their warehousemen throughout farming regions so affected by the recent heavy rains not to accept wheat brought in for storage. This drastic step was taken today when it was learned that wheat thus far received contains moisture amounting in most cases to 20 per cent, whereas the companies say they will not store grain containing an excess of 14 or 15 per cent.

Despite repeated warnings by grain dealers, farmers seem intent in carrying on their harvesting while the grain is in a soaked condition.

BAKER DEFEATS ENTERPRISE 6-0

Hines Catches Punt And Sprints 20 Yards For Winning Touchdown

BAKER, Ore. Sept. 26.—Catching a punt on the Enterprise 20 yard line, Hines, star of the Baker high school grid squad for the past three years, dashed across the goal for the only touchdown of the Baker-Enterprise game and won the contest by 6 to 0. Enterprise broke through the formation and intercepted the goal kick.

The game was marked by ragged playing by each team with brilliant flashes by both. Baker completed six of eight attempts to pass, most of them from Hines to Duff. In the third quarter Enterprise opened up a smashing line attack that forced the Bulldogs steadily down the field. After resumption of play after the quarter Baker held the opposition for downs and gained possession of the ball.

PASTOR DISCUSSES RADIO

NEW YORK — The Rev. Dr. Cortland Meyers, of Los Angeles, doesn't know whether the radio is a blessing or not. Preaching in the First Baptist church, he proceeded: "Did it not send out to poison the people a brutal, dastardly prize fight which killed some listeners?"

CANADIANS RAIDED

WINDSOR, Ont. — Sale of liquor is legal at times in this place across the river from Detroit, but some 45 persons were arrested in raids on speakeasies over the week end. The 45 included 20 men and women drinking beer in a hotel dining room.

The motorist had had an accident with his flight car on the Brighton Road. He limped painfully to a telephone box and called up the nearest garage.

The guests must have smiled amusedly when two cowboys from a rodeo show shot up a Chicago hotel.

Moving Pictures Show "9" Count Over Mr. Tunney

First moving pictures of the spectacle at Soldier Field, Ill., last Thursday night when Gene Tunney, heavyweight champion, defended his title against Jack Dempsey, challenger, were shown at the Star theater here last night. The films taken by Paramount News did not show any blows struck but did show part of the count over Tunney in the seventh round, the unhooding of Tunney's hand after the fight, pictures of the crowd, and the entrance of both fighters into the ring.

Pictures of the Spokane Air derby, showing the finishes of both the San Francisco and New York races, were also in the news reel, which will be shown again tonight.

The movie operators in Chicago went on strike and theaters were closed. Maybe Mayor Thompson was just a bit indiscreet in defying King George like that.

OLD MAN SAID CHILD KILLER; SEEK REVENGE

NEW YORK, Sept. 26. (AP)— A seven-year-old girl was shot to death as she slept by a 65-year-old man in revenge for the elopement of his daughter, the police allege.

The girl, Angeline Constance, was asleep in her bed at her home in East 106th street when she was instantly killed by a shotgun discharge, according to police by Biagio Arsenio who escaped over roof tops. Relatives told the police that Arsenio was enraged over the recent elopement of his daughter with a young man introduced by the slain child's parents.

Mrs. Julia Saltarelli, an aunt of the girl, said she heard the shot and saw Arsenio climbing the ladder to the roof.

Aerial Express Service Used by A.R.E. Company

Commencing the first of September the American Railway Express has offered air transportation in connection with their railway service, according to J. D. Fields, express agent for this city. Contracts have been made with four large air transport lines which provide direct air service at all points on those lines and indirect service from cities and towns off the line, Mr. Fields explained.

"For example, while La Grande is not directly on a line, connection can be made at Salt Lake City and considerable time saved," he explained.

"Of course there are some things such as highly explosive articles, objects weighing more than 200 pounds, and live animals that we cannot accept, but for the majority of articles under a certain valuation we give the same service as on the railway," said the agent here. "The American Railway Express has offered this service in line with the progress of the world in fields of aviation," he concluded.
