Make yourself at HOME!

We don't know just how you conduct yourself at home—but we're willing to take a chance . . . .

A great many men have learned to think of this store not as a stiffly formal place in which to buy merchandise, but as a decidedly informal place in which to settle their clothes problems.

There's considerable difference, you'll agree. For, after all, clothes are a rather personal matter. Men like to come here because they get good honest advice on what to wear.

We don't deserve all the credit, of course. About half of it must go to Society Brand Clothes. Ever wear them? None can approach their smartness! Try them. You'll soon come to think of Society Brand as your own personal clothes-makers—and of this store as your personal headquarters for buying clothes.

Make yourself at home!

BETTER GRADES OF EGGS HIGHER

Slight Advance Occurs in Portland Market—Poultry Prices Are Steady

PORTLAND, Ore., Feb. 2 (AP)—Better grades of eggs advanced half a cent per dozen at yesterday's meeting of the dairy exchange with standard extras quoted at 27c, standard firsts at 26½c, and medium extras at 26c. Medium firsts and undergrade remained steady. Yesterday's rise comes as a temporary halt in the downward movement of prices which has been noticeable for several weeks. Dealers look for recessions again in the near future as receipts increase and eggs start moving into storage.

No changes were made in butter quotations at the meeting, although movement was large and trading brisk.

Trading was slow in the poultry dressed meats division, with veal and lamb especially dragging. Veal was steady, with demand a bit better than for other classes and receipts moderate. Lambs were likewise quoted steady with movement light.

Poultry prices were steady to firm early today with the market fairly well cleaned up at light basis. Other classes were firm with demand and receipts rather evenly balanced.

Small shipments of Rosebury lettuce have been dribbling into the market for some time and were bringing $1.50@1.75 today. It is reported that large movement of the Rosebury product would commence early Monday unless weather conditions prevent.

Onion prices were still up in the air with growers and vendors unable to agree, and movement consequently limited to an occasional carload.

Sweet potatoes are coming in and selling mostly between $2.50 and $3. Early Ohios are bringing the long figure while early Jerseys offerings are moving at $2.50. The season on California sweets is practically over and few are being offered. Southern sweets are still obtainable, however, at steady prices.

BIRDS IN FREEZE

LOS ANGELES, Feb. 2 (AP)—The final outlaw in the mail drama which followed the shooting of Tom Kenyon, film cowboy, had taken today with the dramatic ending of the whole affair that could be set down. Mrs. Sarah Kenyon, widow of the film actor, was freed by a jury in superior court yesterday after but an hour and a half of deliberation on manslaughter charges in connection with Kenyon's death. It was Mrs. Kenyon's second trial, she having been found guilty in a previous trial along with four others, but freed by the appellate court.

Price of Stocks Quite Heavy As Market Closes

NEW YORK, Feb. 2 (AP)—The stock market today twice recovered its stand and as the close approached, prices were quite heavy under a new wave of selling. Recessions of $1 to $5 a share were numerous in the early dealings on selling inspired by the rise in the federal reserve discount rate, but downcast money rates brought a brief rally, which wiped out many of the early losses.

The closing was heavy. The bell movement in some of the public utilities grew stronger than ever, before the market succumbed to a new flood of selling orders. Atlantic Express climbed 13 points and Hamilton Steel reached 62½ before the downward movement was resumed. Some representative industrials touched their lowest prices of the session in the final hour. Total sales approximated 2,000,000 shares.

MANY FRESH GRAVES

MANAGUA, Nicaragua, Feb. 1 (AP)—Fresh graves along the trails of Northern Nicaragua today indicated that an indeterminate number of rebels had been slain in recent encounters with an American marine patrol.

The reason why some of our ancestors came to America was to catch fish. The movement had outlasted and now is popular among many of the decayed European aristocracy.
