A PERFECT LANDING

MISSOULA, Mont.—Are geese learning to imitate airplanes? A flock caught in fog on a northern flight descended for the night at the Missoula airport.

NO ACTRESS can enter New York by boat without getting photographed sitting on the rail. Here's Miss Frankie James, on the S. S. Majestic.

Airplane Stocks Zoom Higher In Street Trading

NEW YORK, May 11 (AP)—Sensational advances in the airplane stocks featured the resumption of a broad upward movement of prices in today's stock market. Wright Aeronautical soared 21 points to a new high record at 196 and Curtiss Aeroplane advanced nearly 10 points to a new high peak at 145⅞.

Scores of other industrials moved up 1 to 6 points.

The closing was strong. The presence of a worried short interest was shown by the rapid advance of many speculative issues in the final hour. Kroger Grocery climbed 7 points and Nickel Plate, International Paper and Mexican Seaboard 4. U. S. Steel after selling above 150, met profit-taking sales and sagged below yesterday's final figure. Total sales approximated 4,200,000 shares.

Wheat Unsettled And Higher Today

CHICAGO, May 11 (AP)—Starting unchanged to 1½c up, Chicago wheat reacted a little, but subsequently scored an advance all around. Corn developed weakness, opening at ⅜c decline to ¼c gain, and later showing a slight general rise, but then undergoing a drop. Oats were firm. Provisions tended to sag.

Wheat closed unsettled, ¼ to 1¼c net higher, corn varying from ¼c decline to ⅜c advance, oats ⅝ to 1⅛c up and provisions unchanged to a rise of 7 to 10c.

WOOL REPORT

BOSTON, May 11 (AP)—The Commercial Bulletin tomorrow will say.

"The tone in the wool market is better. London and Brisbane opened this week with prices only slightly lower than at the close of the previous series, revealing a real need for wool in all foreign markets. Better business is reported here for most qualities of domestic wools, especially finer grades.

"Better business reported in the goods markets. Top makers getting more business at slight advance in price.

"Activity increased in new clip throughout the west at slightly dearer prices, possibly a cent a pound on average.

"Mohair is slow. Prices, however, are very firm with 75c minimum on good original bag Texas. Foreign mohair markets strong."

The Commercial Bulletin will publish the following wool quotations tomorrow:

Scoured basis:

Oregon fine and F. M. staple, $1.15@1.18; fine and F. M. clothing, $1.09; valley No. 1, $1.08@1.10.

Mohairs: Good original bag Texas spring, 75@77c; Texas kid 90@91c; good original bag Arizona and New Mexico, 65@70c; original bag average 12 months, Oregon, 70@72c; graded stock, first combings, 85@90c; good carding, 55@60c.

AID FOR TOY INDUSTRY

PRAGUE (AP)—The Czechoslovak ministry of commerce has granted a special loan fund of 50,000 crowns to the country's toy industry to aid smaller manufacturers in Moravia, the toy center, who have been handicapped by insufficient capital. Loans will be made without interest or at a low rate by the Moravian board of trade.

GRANGE HALL PERSONALS

GRANGE HALL (Special)—Mrs. C. W. Bond is driving a new Whippet sedan which she purchased last week.

The families of Matt Kries and J. M. Clyde spent Sunday at the Ed Wulf home in Union.

Dr. and Mrs. Little of Cove visited with E. M. and M. D. Rand and families Thursday.

Fred Grout who recently purchased the farm formerly owned by his uncle L. C. Grout, took possession last week. The farm is located in Clover creek 9 miles north of North Powder.

The county road machinery has been moved from the old Cove road to the Cove market road where considerable gravelling is being done.

Although she has not fully recovered her strength, Mrs. W. O. Sherwood is able to be about again after having been quite ill for over two weeks.

The following officers were elected for the coming year when the Willowdale P.-T. A. met at the school house Friday in regular session—Mrs. Tommy Bates, president. Mrs. Percy McMillan, vice president and Mrs. Harrt Schwobke, secretary-treasurer.

"Grandma" Colver is ill with the rheumatism.

Mr. and Mrs. O. B. Fleshman and family attended the party Friday evening given at the Christian church in La Grande. They report a fine time and that many of the characters represented—as the younger folks represented the older folks and the older, the younger—caused a great deal of merriment during the evening.

Before joining her son, Fred, with whom she makes her home and who now lives on his newly acquired farm, Mrs. E. E. Grout spent a few days of last week with her son Bert Grout and family.

Harry Ellsworth who resides on the Tom Sherwood farm is confined in the Grande Ronde hospital with a broken leg. The accident happened Saturday forenoon while Mr. Ellsworth and his brother Ed were at work on an irrigation ditch near the Frank Phy farm. The team which he was driving turned quickly and cramped one of the wagon wheels into a rut, the sudden lurch unseating the driver and causing him to fall in such a way as to break both bones in his right leg just above the ankle. He was taken immediately to the hospital where he is getting along as well as can be expected although he is suffering considerable pain at this time. Mr. Ellsworth is third member of his family to sustain a broken limb within the past two years. A few months ago his sister, Mrs. Will Clark suffered a broken arm and some time before that his brother, Ed sustained a broken leg.

NEWFOUNDLAND AREA RICH

ST. JOHNS (AP)—A strip of Labrador coast containing 110,000 square miles, recently awarded to Newfoundland in a boundary decision involving Canada, is believed to be potentially valuable in mineral, timber and water power resources. Areas along the navigable rivers will be explored and it is estimated that the land will return far more than the $325,000 received annually in rentals from holders of various concessions.

SAY IT WITH FOODS

SOUTHAMPTON, England—Tiring of ordinary popular names for flowers, W. F. Copeland, amateur horticulture, named three new double daffodils "grape fruit," "scrambled eggs" and "sugar and milk."
