Death From Hunger.

Among the sad nations of today, India stands first. It is the normal thing for 40,000,000 to go to bed hungry every night, but now more than 60,000,000, a population almost equal to that of the United States, is exposed to all the horrors of famine. The country had not recovered from the famine of '97 and now a worse one is on. For eight months no crop can be expected and the famine will be at its height from April to September. One thing that makes this famine so bad is that the water supplies are giving out. Death from starvation is an every day occurrence; parents are abandoning and killing their children because they are unable to support them.

Emaciated men, women and children are met on the roads walking or trying to walk 100 miles to a government relief camp. In these camps the goverment is trying to meet a part of the crisis by giving work at from one cent to four cents per day. But millions are too weak to break rock all day at any price and death is the result.

Here is an opportunity to answer the call of humanity. Five cents will save a life for a day; five dollars will save a life during the famine. One hundred dollars will dig a well that will insure bountiful crops on several acres of land.

Every missionary society is appealing for famine funds. The Christian Hearald of New York, is raising money to send a shipload of corn. Next week subscription papers will be at several of the leading stores in town.

The Y. M. C. A., of the University, will be glad to send one or more students to any of the neighboring places to speak on this subject. Any one wishing to arrange for a meeting in his or her neighborhood should correspond at once with L. A. Ballman, Eugene, Oregon, chairman Y. M. C. A. missionary committee.

Cold Steel or Death.

"There is but one small chance to save your life, and that is through an operation," was the awful prospect set before Mrs I B Hunt, of Lime Ridge, Wis, by her doctor, after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure stomach and liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure stomach, liver and kidney troubles and never disappoints. Price, 50c, at DeLano's drug store.

THE OLD EUGENE.—Today's Oregonian: The steamer Eugene was measured by Professor Barnes, of the Custom-House force, yesterday, and today will be inspected, preparatory to entering the river trade as a steam barge. The vessel was formerly a well known river steamer, and about three years ago started for the Klondike but failed to get there. The subsequent litigation was nearly as varied and expensive as that of the other steamer Eugene which was sold by the United States Marshal yesterday, but she finally got back to Portland, and has now been made over into a very handy craft for river work. Her cabin has been removed entirely, and the hul lengthened. Her present dimensions are: Length, 163 feet; beam 36 3 feet; depth of hold, 6.6 feet; gross tonnage, 413; net, 250. She will be propelled by the same machinery she has always had, and is the first stern-wheel barge that has appeared since the old Enterprise was paddling around the river.

From a Pastor

"I am the pastor of the Baptist Church at Port Jervis, N. Y., and sometimes am called upon to take part in evangelistic work away from home. Not long ago I went to Sandy Creek, N. Y., which is swept by the damp winds from Lake Ontario. Here I contracted a bad cough, and became so hoarse that I could hardly preach to my congregation. It was not only distressing in a bodily sense, but extremely embarrassing to enter the pulpit in this condition. I had heard of Acker's English Remedy and, after service, I bought a bottle and began taking it. The next night my throat was nearly well, and I delivered my sermon without difficulty. In a few days I was thoroughly cured. I conceive it to be my duty to benefit mankind physically as well as spiritually whenever I can, and am glad to write these words in praise of this grand old medicine. Those with sensitive throats and those who catch cold easily should certainly take Acker's English Remedy."
