Everything Is Going To Be All Right

We've been watching closely the last six months, to see if the Moon was going to continue on her job; had our eye on the Sun, too; wondered a little if the grass itself would be just as green this spring; if the fruit trees wouldn't have just a few sickly blossoms on. You know, with everything else going to the dogs, it was natural to carry the imagination just a little further and wonder if the Creator and Creation wasn't having a fit of the blues, and going to lay off until "things come back."
Now that we see nature "Doing her durndest," we've decided to "Come Out of It." Therefore, we know "EVERYTHING IS GOING TO BE ALL RIGHT."

It's a wonderful story for wonderful Charles Ray—a mighty story of the squared ring where strong men battle for money, for fame, and for love and right.
