FRIDAY, JULY 14.

Why He Didn't Locate

Under the head of "Lost to Pendleton—$18,000," the East Oregonian scores the wide-open policy of that town regarding saloons. It says:

"My boys are just like other boys, no better, no worse. Where the temptations are greatest, there is where the greatest danger lies, and I feel that it is my duty as a parent to go where temptation is least, in order that they may grow up to be as honorable and as clean as possible. For that reason I will decline to buy a home in Pendleton. You have 30 saloons; your city is unsettled as to the gambling question and so I will not risk it here. I am not a saint, I drink at times myself. But my duty is to select the best possible surroundings for my children who are now growing to manhood. I have $18,000 to invest, and think I shall go to Western Oregon, although I do not like that part of Oregon as I do Eastern Oregon, but the temptations there are reduced to a minimum and the boys will not blame me when they are grown for having failed in my duty."

This is an actual statement made by a man who camped in Pendleton for two days this week, looking over the city with a view to locating.

This man has worked hard in an Eastern Oregon county. He has amassed a small fortune, has eight children, mostly boys, and is now making a wagon journey through Oregon in the hopes of finding a place where schools are good and moral surroundings satisfactory in which to settle down and rear his family.

The first thing he noted in Pendleton was the row of saloons down the entire length of Main street. He said the low license opened the gate to the cheap dives and that his experience had been that this was the most dangerous institution in society; and as it was doubtful whether officers would enforce the anti-gambling law he would decline to invest here.

This man and his family would be worth more to Pendleton than all the gamblers and tinhorns outside of hades, and yet we lose him because we have chosen the other class. It is just a plain business proposition. We can take one class or the other.

Forced to Starve

B. F. Leek, of Concord, Ky., says "For twenty years I suffered agonies, with a sore on my upper lip, so painful sometimes that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At W. L. DeLano's drug store. Only 25c.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water every other day to take an enema. I could have an action only every 24 hours before I tried Cascarets. Now I move my bowels regularly. During the nine years and today I am a well man, suffered enough to make life miserable. I tried Cascarets, believe I am cured. Delivery with Internal pipe. Thanks can use this testimonial free from all that this suffering humanity." B. F. Fisher, Roanoke, Ill.

RHEUMATISM COMMON IN SUMMER

The time to get rid of Rheumatism is in Summer while the blood is endeavoring to purge itself of all poisons and impurities, and the skin is active, with all the pores and glands open and able, in this way, to assist in the elimination.

Columbus, O., 1355 Mt. Vernon, Ave. Six years ago I had a severe attack of Inflammatory Rheumatism, and the doctors I had did me no good. They changed medicins every week and nothing they prescribed seemed to help me. Finally I left off their medicine and began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my hands were so swollen and painful that I could not close them when opened. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and today I am a sound, well man and have never had a return of the disease.

R. H. CHAPMAN.

The inactivity of the Liver, Kidneys and Bowels causes the refuse matter to remain in the system, which, coming in contact with the different acids of the body, forms uric acid to be absorbed by the blood and distributed to the different joints and muscles, producing the pains, inflammation and other distressing symptoms of Rheumatism. The wandering pains of the disease remind the sufferer that the poison is still in the blood and he should lose no time in getting it out. S. S. S. neutralizes the acid and makes the blood rich and pure. It tones up every organ and cures the disease permanently. S. S. S. contains no harmful minerals to disagreeably affect the system, but while curing the disease builds up every part of the body by its fine tonic effect. Book on Rheumatism and any medical advice desired without charge.
