GRAPE SUPPLY IS LARGE; PRICE LOW

Peaches Selling 10 Cents Up—Dairy Produce Market Strong

PORTLAND, Ore., Sept. 6 (AP)—Grapes are perhaps the largest selling commodity on local wholesale fruit markets just now, varieties offer ample stocking and especially almost every variety known is being offered at prices somewhat lower than usually prevail at this season of the year.

Tokays were selling about the per box rather on the wholesale market today, reflecting proportionately price advances at Yakima selling shipping points. Most of the supply now of the Ribesia variety but a few Grande Crassanda were to be had around [illegible]. Concords were selling at [illegible] per box for canning work. A little more in lighter supply today and sold mostly at [illegible] per box for large size.

Peaches were in fair supply and sold to the trade mostly at [illegible] per box. Yellow varieties also fairly plentiful and sold from $1 to $1.25 per box of six dozen cans. Bartlett pears, cantaloupes and Yakima cantaloupes are beginning to show and were selling around 2½ to 3c per pound today.

Cucumbers are at the peak of the season and supplies today were generous, going to the trade at 75c per box. Watching show and from 3c to 5c per pound.

Dairy produce markets were firmly today, although the only change in conditions was a point rise in the price of medium first eggs to 37c per dozen.

In the country dressed veal the chicken prices were unchanged except for a drop of about half a cent in the price of large fryers, 17@18c. Receipts of top quality veal were light but prices did not advance to speak of. The lamb market was firm with receipts rather light.

Poultry supplies were generally fresh with indications that offerings would be cleaned up early. Prices were steady and unchanged.

FRENCH FLIERS CRITICIZED BY NEWSPAPERS

PARIS, Sept. 6 (AP)—Commander Assolant and Lieut. Lefevre of the French air service were likely to be court-martialed here for the great ado made over their flight to Detroit in a contest of their coming down at Cambridge, Mass., after starting a trans-Atlantic flight.

Newspaper opinion in Paris today accused the airmen found the pause for not carrying enough fuel to cross the Atlantic although fuel sufficient at Le Bourget had evaporated. Had the fuel tank a few feet which would have been enough for 48 hours flight.

Continues of the flight have been made. The report issued the company a "bad name" in the eyes of the Aeroplane and Aviation in French aviation.

High Money Rate Blocks Bullish Attempts Today

NEW YORK, Sept. 6 (AP)—High money rates again blocked the path of speculators for the advance in today's stock market. Call money renewed unchanged at 7½ per cent but advanced to 8 when banks called $25,000,000 in loans. Persistent selling of Radio, General Motors and some of the other recent favorites, in the face of advancing prices in other sections of the list, was attributed, in part, to fears of a large increase in federal reserve brokers' loans after the close of the market.

The closing was irregular. Constructive interests made valiant efforts to maintain the rise by pushing up individual shares in the final hour, regardless of credit conditions. A block of 15,000 shares of Briggs Manufacturing was absorbed on the way up to new high ground above 47. Purity Baking ran up 8 points to 115⅝ and Republic Iron and Steel climbed 4 to 76, both new maximums for the year. Leonard rose 3 points and Curtiss Aero was again striking upward fast at the end. Total sales approximated 4,200,000 shares.
