Of the drug stores Yerington & Kuykendall, Linn Drug Co. and W. L. DeLano there refunded $19.75 each. EARLY TRAIN WAS TEN HOURS LATE

Wreck of a Southbound Passenger Train Near Delta, Cal., the Cause---Cars Smashed, But No Loss of Life

The first section of this morning's overland train, due at 3 o'clock, did not arrive here until one 'oclock this afternoon and the second section came along about an hour later. This afternoon's train was about three hours late. The delay was caused by a wreck in California.

The Ashland Tidings of yesterday tells of the wreck as follows:

The S. P. overland passenger train which left Ashland yesterday at 12:40 p. m., was badly wrecked late last night at tunnel 6, not far from Dellta.

The damage to the track an rolling stock was heavy, but as far as can be learned there was no loss of life or serious injuries, though one of the express guards is reported to have had a shoulder qutie badly hurt. The locomotive in charge of Engineer Jack Campbell jumped the rails and landed at the edge of the Sacramento river, 60 feet from the track. Wrecking crews were sent from Dunsmuir and also from Sacramento to clear the track. It was impossible to build a temporary track around the obstruction and considerable delay to traffic resulted.

OUTING TRAVEL UP THE M'KENZIE VERY HEAVY

Frank Minnie, Proprietor of Gate Creek Hotel, Will Erect Big Addition-- California and Eastern People Up the River in Large Numbers

Frank Minney, proprietor of the Gate Creek Hotel, a popular stopping place on the McKenzie river, is in the city today purchasing supplies. He says the travel to the springs and other upper McKenzie resorts is now very heavy, several parties passing his place every day. From present indications this year's tourist business promises to be greater than ever before. Last year was a quiet one, because nearly everybody went to the Lewis and Clark fair instead of taking their usual outing in the mountains.

Mr. Minnie says there are a large number of California and Eastern people on the river and more are expected as the season advances. Fishing is said to be first class above the logging districts this year and even where the logs are floating in the river some very good catches have been made.

Mr. Minnie says he will erect a big addition to his hotel next winter to accommodate his rapidly growing business. The hotel is now crowded and he is turning people away daily.

Reports from Foley and Belknap Springs and McKenzie Bridge say that the outing season has opened at those resorts with a rush. All three of the places have been improved since last season and the buildings and camping grounds are all in first-class condition.

BODY OF WALTER SMOCK SENT TO ILLINOIS

The remains of Walter F. Smock, the young civil engineer who was drowned in the Willamette at Springfield Saturday evening, left on this afternoon's train for Decatur, Ill., his mother, Mrs. M. J. Smock, having requested that they be sent to her at that place for burial. An escort of Elks, the young man having been a member of the local lodge of that order, accompanied he remains to the depot.

The Booth-Kelly Lumber Co. is constantly receiving men for the mills and logginsg camp in the county. Twelve came up from Portland Sunday and fifteen more yesterday.

Saturday evening about 9:45 a pretty sight was seen in the Northeast heavens. A fine long tailed meteor shot from the east to the west of the north, perhaps going down into the Pacific.

BRYAN SAYS HE'S WILLING TO RUN

Washington, July 7.—Ex-United States Senator James K. Jones, of Arkansas, who was chairman of the Democratic National Committee, when William J. Bryan made his campaign for the presidency in 1896 and 1900, has recieved a letter from Mr. Bryan, in which he announces that he will accept the nomination for President for the third time if it is tendered to him. The letter is dated June 18, at Stockholm, and is as follows:

"I have been watching political developements and have noted with gratification the vindication of Democratic principles You have correctly stated my position. As I wrote to Colonel Wetmore, I shall do nothing to secure another nomination, and do not want it unless the conditions seem to demand it. I may add that I enjoy the freedom of private life and feel that I can do some good without holding any office.

"I need not assure you that I am more interested in seeing our principles triumphant than I am in the personnel of the ticket. The country needs to have Jeffersonian Democracy applied to all the departments of the Government, state and National, and I am content to help make this application.

"W. J. BRYAN."
