CHARGES U. S. CAPITAL HITS FROM ABROAD

ATLANTIC CITY, N. J., Sept. 7 (AP)—Charges that American capital is being invested in European factories, whose goods are later brought to this country to be sold as American made products, while American labor stands idle, were made by Matthew Woll, vice president of the American Federation of Labor, in an address yesterday before the annual convention of the New Jersey state Federation of Labor.

"Thus," he said, "American capital in which the foreign fields is competing with American-made products which, due to the higher standard of living are more expensive."

Discussing labor conditions, Mr. Woll said:

"There is a constant change in industry which is always growing. Mass production is constantly creeping in and this has combined with the increasing use of machines to replace skilled hand labor, is slowly driving more men out of work."

GRID PLAYER A WORKMAN

LONDON, Sept. 7 (AP)—A professional football player is a workman and not an artist. The ministry of labor has so ruled in prohibiting the landing of Cecil Jenson, a Danish player recently engaged by Cardiff City. Under alien regulations, foreign workers are not admissible, but foreign artists are.

COOGAN WOULD FLY

NEW YORK, Sept. 7 (AP)—Jackie Coogan, who is visiting town, has one great ambition—to go up in a plane. "It can't be very dangerous," he said, "because when a bird falls he doesn't get hurt much." But Coogan is being pressed for payment of a bet. He promised Jackie he would go up if he beat dad at golf.

For as little as ... $59.50

For a price no higher than that of an ordinary *vacuum* cleaner you can now buy a Hoover.

For this price you get three cleaning methods combined—suction, to remove the surface dust; sweeping, to gather up the thread and lint; and beating, to dislodge and flutter to the surface the embedded, clinging grit.

Only The Hoover combines these three methods; only The Hoover offers the deep-beating of "Positive Agitation." And without this beating, your rugs are never really *clean*.

Why subject your rugs to the grinding wear of embedded grit, when you can have the thorough cleaning of "Positive Agitation"? Phone for a demonstration. Liberal allowance for your old cleaner.

STOCKS ROCKET IN WALL STREET

Tickers Swamped by One of Wildest Bull Markets in History

NEW YORK, Sept. 7 (AP)—Trading facilities on the stock exchange were swamped today by one of the wildest bull markets in history. Prices of active stocks were up $2 to nearly $20 a share as steady streams of buying orders poured over the wires from all sections of the country, from ships at sea and from European capitals.

Despite the abbreviated quotation system, worked at full capacity by scores of operators, the stock tickers fell more than half an hour behind the market before midday and never caught up.

Montgomery Ward Jumps

Montgomery Ward common stock which sold as low as $117 a share earlier in the year, was the sensational individual feature, mounting $20 a share to a new high record at $242. The rise in this stock was so rapid that the ticker was printing the quotation at 223 when $242 was being bid for the stock on the floor.

Sears Roebuck, Timken Roller Bearing, Motor Products, Commercial Investment Trust, Hudson Insurance, Purity Baking common and preferred, and International Nickel all were whirled up $5 to $10 a share to record highs under an avalanche of buying by speculators. Radio, Wright Aero, Midland Steel Products preferred, Adams Express and Warner Bros. A rebound in high rail failed to reach new highs.

Steel Reaches $158

U. S. Steel common crossed $158 a share for the first time this year. Republic, Otis and Cotton Alloy Steel, McKeesport Tinplate, Briggs Manufacturing, Chrysler, Brunswick-Balke-Collender, Consolidated Gas (new stock), American Safety Razor, Stanley Works of America and Case Threshing were among many issues to set new year highs.

Total sales crossed the 2,500,000 share mark before the end of the third hour, with the ticker more than half an hour behind the market at the time.

Egg Prices Go Up In Portland Markets Today

PORTLAND, Ore., Sept. 7 (AP)—Egg prices were revised upward at the session of the dairy exchange late yesterday, standard grades advancing 2c per dozen while both grades of medium were quoted a cent higher.

Butterfat buying prices this morning were higher all around on the basis of 54c delivered in Portland. The increase reflected another ½c jump in the quotation on standard cube butter which was quoted at 49¾c per pound at the exchange session yesterday. Print butter Blue ribbon was quoted higher today, parchment wrapped stock bringing 52c wholesale. Although the market showed a firm tone throughout, other grades of butter were unchanged in price.

Country dressed meat prices were somewhat mixed in trend today, veal and lambs being scarce and firm at 23c and 22c, respectively, while pork was easier at 18½@17½c.

In the poultry divisions, quotations were unchanged but trading was active and all classes of fowls moved well. Light broiler chickens were scarce. A light demand for broiler turkeys was reported, what few there were offered going to the trade at 35@40c per pound, live weight. Old turkey hens and gobblers moved lightly at 25@35c.

Trading on wholesale fruit and vegetable markets was fairly active in the early hours today but no price changes of moment were noticeable.

WOOL REPORT

BOSTON, Sept. 7 (AP)—The Commercial Bulletin tomorrow will say:

"The market is brisker and dealers more optimistic, believing that a trading basis has been established. Medium wools are firm to slightly dearer, with fine wools firm and against the buyer. The activity of mill buyers indicates a much better tone in goods markets.

"Sydney, Australia, is slightly firmer at the weekend and the Cape market is opening fully on a parity with Australia, although 5 to 6 cents below last year at this time. Bradford is rather quiet and inclined to depress the market.

"Mohair is quiet but firm. Some interest is being shown in the new fall Texas clips with dealers bidding 55c for adult and 56c for kid hair. Foreign markets are steady."

The Commercial Bulletin will publish the following wool quotations tomorrow:

Scoured basis: Oregon—Fine and F. M. staple, $1.10@1.12; fine and F. M. fine combing, $1.02@1.05; fine and F. M. clothing, 95c@$1. Valley: No. 1, $1@1.05.

Mohairs—Original bag average 12 months, Oregon, 70@72c.

Graded stock—First combing, 45@50c; good carding, 55@60c.
