Students Plan For Activities Of Coming Year

La Grande High school student body officers are already at work making plans for the operation of high school student activities during the coming year starting with school opening Monday, Sept. 10.

An important change in the business management of the school as concerns students, is the lowering of the price of student body tickets from two dollars to one dollar. The price cut was done, says Nylic Lewis, student body business manager, in order to sell more tickets. It is believed that with the lower price practically every student in the high school will buy one.

The sale of the tickets will begin next Tuesday at the high school. About Wednesday a crew of students will begin a canvass of the town to sell to La Grande business men, women and residents the tickets. The price of these tickets has been lowered from $3.50 to $3.00.

The student body tickets admit the student to membership in the student body and at same time admit him on presentation of the ticket to all the athletic contests held in La Grande dring the school year.

Officers of the associated students include: Maurice Baker, president; Robert Stoddard, vice president; Margaret Donhan, secretary-treasurer.

The date of the first student body meeting has not yet been set. The meetings are called during the year when occasion arises for student action.

FORESTS OF TWO STATES ARE CLOSED

(Continued from Page 1)

dleton this morning and the skies are still overcast. An effort was made by members of the Izaac Walton league of La Grande today to have the deer season opened at least in Union and Wallowa counties. Telegrams were sent to the governor by the organization.

The rain in La Grande was .06 of an inch. In higher mountains in Union and Wallowa county some snow fell, according to reports received here. This was the biggest rain in La Grande since July 5.

FORESTERS TO HELP

SALEM, Ore., Sept. 8 (AP)—Hunters who attempt to bag deer in violation of the governor's proclamation closing the deer season until September 20 will do so at the risk of arrest and prosecution, F. A. Elliott, state forester, declared today.

"We can't keep the hunters out of the woods but there will be enough wardens on the job to see that they confine their diet to bear and cougar meat until the ban on deer is lifted," Elliott said.

"The only reason we have not asked for a proclamation barring campers and fishermen from the woods at this time is because the law does not permit such a measure."

Elliott indicated that an attempt will be made at the forthcoming legislative session to amend the law so as to empower the governor to close the forests to all comers in times of emergency such as the present.

Walter C. Winslow, Salem attorney who contemplated injunction proceedings to prevent enforcement of the governor's proclamation, left today with his party for the mountains east of Roseburg. Winslow said yesterday his party would go into the woods regardless of the proclamation, but was uncertain whether they would attempt to kill deer. Winslow contends that the proclamation is unconstitutional and cannot be enforced.

WEATHER OUTLOOK

SAN FRANCISCO, Sept. 8 (AP)—The weather outlook for the week beginning Sept. 10 was announced today as follows:

Far western States—Outlook is for generally fair weather but with occasional fogs on the coast and nearby normal temperatures.

RAIN IN PENDLETON

PENDLETON, Ore. Sept. 8 (AP)—A light rain started falling in Pendleton late this morning. Indications pointed to a steady fall during the day.

"PLANE CURE" ATTEMPT ENDS IN 3 DEATHS

SPRINGFIELD, Mass., Sept. 8 (AP)—An airplane trip undertaken in an effort to improve the condition of Lulu Briotta, six-year-old mute, cost the lives of three persons when their machine plunged from a 2000-foot altitude into a swamp near Randall field airport, Agawam, a suburb of this city.

The accident, which occurred late yesterday, was witnessed by hundreds of persons. Those killed were the boy, Charles Podhdm, 25, of Hartford, Conn., pilot employed by the Massachusetts Airways corporation, owner of the plane, and Abraham H. Maazer, 21, of this city, a passenger.

SCHOOLS READY FOR FIRST DAY

(Continued from Page 1)

the sophomore with an approximate enrollment of 150 students. An enrollment of 115 juniors and 125 seniors is expected.

Vacation Ends at 9

All the schools in the city will begin at 9 o'clock Monday. At 2:45 o'clock the high school is dismissed and the grade schools are adjourned at 3:30 o'clock.

In the high school Monday the day will start with a short assembly at 9 o'clock at which time the principal, E. D. Towler, will outline to the students the registration procedure, explaining the methods of final enrollment.

During the morning all the morning classes will meet for 10 minute periods. At 11:30 o'clock it is expected that this will have been completed. During the afternoon classes will also meet.

Big Senior Class

An unusual feature of the class attendance this year is the fact that the senior class is considerably larger than the junior class. Part of the difference is accounted for by the fact that many of the sophomore students lack one or more of the requirements to give them junior standing. So many who are enrolled as sophomores will be able to be graduated with the present junior class.

Besides Mr. Towler's talk at the opening assembly others may be given, although no definite announcement concerning them has yet been made.

CANDIDATE SUED

SAN MATEO, Cal., Sept. 8 (AP)—Colonel Frank Elbridge Webb, candidate of the farmer-labor party for president, was sued in justice court here yesterday by the Hopp and Schick Meat company, which alleged that the presidential aspirant had owed it $89.40 on a meat bill for three years.

PIERCE GETS SHORT TERM NOMINATION

(Continued from Page 1)

room where an informal banquet was held. There was no scheduled speeches, the evening being devoted to round table discussion. Appreciation for use of the hotel was extended to Julius Roesch and following the banquet, the party adjourned.

The tenor of the meeting was entirely optimistic, the concensus being that if there was a golden opportunity for democratic campaign and coming November election.

Delegates Optimistic

Sentiment was expressed by committeemen present, all declaring that Pierce and Smith would have an even chance of carrying their counties with the exception of Mr. Wilkins, of Gilliam county, who said that although Pierce is strong there, he is not certain that he will be victorious although he is confident that the standard bearer will emerge with a majority.

Mr. Hammock, of Wallowa county, said he found the people favorable to Mr. Pierce. "I believe Wallowa county is generally dissatisfied with the republican administration and desires a change," he said. Mr. Hammock and several others made a strong plea in favor of getting out the votes, regardless of the political faith of the voter.

Senator A. R. Hunter, in a short talk, said that he expected the ranks of both parties to be split in the presidential vote but that he believed the democrats would gain more than the republicans. "If we elect a president we should by all means elect Pierce," he said, declaring that democratic president without a democratic congress would be tying the chief executive's hands.

John Hodgins, of La Grande, spoke on the principals of the democratic party and discussed the qualifications of both Mr. Smith and Mr. Hoover. He also served in a legal advisory capacity for the congressional committee.

Dr. Phy Chairman

Dr. W. T. Phy, who was formally elected chairman of the democratic committee and also chairman of the meeting, presided and introduced the various speakers. During intervals he spoke briefly, declaring that the outlook this year is bright for the democrats to overcome the majority against them.

George Allen, of Baker county, explained the purpose of the meeting and placed Mr. Pierce's name in nomination. Victor Eckley, state committeeman and who served as secretary of the meeting, holding proxies of absent voters, seconded the nomination. Mr. Allen declared that several prominent Baker republicans have announced their intentions to vote for Smith.

Urges Organization

Mr. Eckley also spoke briefly, urging that Pierce-for-Congress clubs be formed throughout the district and said that he expected that two big rallies for Pierce would be held in Union and Wallowa counties next month, probably with Mr. Culbertson as one of the speakers.

The main speaker of the meeting with Mr. Culbertson as one of the a forceful address, largely devoted to Mr. Pierce and Mr. Smith. He said that the democratic standard bearer is the most outstanding man in the United States today from the standpoint of interest in human welfare and predicted his election. He particularly urged members of his party to vote for Mr. Pierce, saying that if 20 new democratic congressmen were elected, it would change the complexion of the lower house. He paid a high tribute to both Mr. Smith and Mr. Pierce. Touching upon Mr. Smith's religion and his stand on modification, he declared that he could not foresee where either would endanger his cause.

Hope to Bring Smith West

Later in the evening Henry Hess spoke briefly, relating conditions in this county as he sees them. He said that he finds a growing sentiment for Smith, particularly in Union. In the round table discussion he said that efforts are to be made to have the New York governor come to the Pacific coast for a series of campaign talks. He also promised the congressional committee that the state committee would provide the second district with its share of any campaign funds that were available.

Obituary

MRS. FRED JENNISON

Word has been received here that Mrs. Fred Jennison, of Winchester, Ida., died yesterday afternoon at 2:15 o'clock at the St. Joseph hospital at Lewiston, Ida., following an illness of two months' duration. The body will arrive in La Grande this evening on train No. 18.

Mrs. Jennison was formerly Clara Fine, of Elgin, and lived there for many years. She has many friends and relatives in the Grande Ronde valley who will be saddened by the news of her sudden death as it was thought she was improving. She is survived by her husband and an 8-year-old-son, Frederick, and many relatives.

Funeral arrangements are indefinite pending word from relatives.
