That the White Salmon Valley lies opposite Hood River, with a southern slope; that it raises finer berries ten days earlier than Hood River; that our berries are ripe now; that we do not have to irrigate; that we have a better climate and richer soil than Hood River; that our cherries, peaches and apples are hard to excel both in quality and quantity of production; that from one 9-year-old tree Captain C. H. Cook gathered 27 boxes of Spitzenberg apples; that you can buy fine berry and orchard land for ½ less than in Hood River? If you don't know these facts, send for our book of bargains.
