BOTH GRADES OF MEDIUM EGGS UP

Except for Drop of Half Cent in Prime Firsts, Butter Values Steady

PORTLAND, Ore., Oct. 12—(A. P.)—Both grades of medium eggs were higher today, extras up a cent to 48c and firsts up two cents to 45c per dozen. Other grades were unchanged. Except for a drop of ½c in the quotation on prime firsts, butter values were steady.

Receipts of hogs were light on local country dressed meat markets and prices were firm but not quotably higher. Veal was in large supply and the market was dragging, only choice lights meeting with good demand. There was no oversupply of lambs but prices were not noticeably higher.

Poultry supplies were likewise light and the market was firm throughout. Eastern markets have been slanting upward the last few days and local commission men look for a good steady market here for some time.

In the vegetable division there were no price changes to speak of. Cauliflower was in generous supply and sold steady at $1.00@1.50 per crate. A large part of the sidewalk offerings were of medium grades, the best of the supply going out in carlots at prices slightly higher than sales to retailers. Other kinds of greenstuffs, tomatoes, potatoes and sacked and bunched vegetables were without change.

POULTRY

SAN FRANCISCO, Oct. 12—(A. P.)—(U. S. Bureau Agricultural Economics).—Receipts of poultry were lighter than usual today. Prices generally were firm and in most cases unchanged. There was a good demand for young fryers and roasters. Leghorn hens from 2½ to 3 pounds were scarce and the supply was not commensurate to the demand and prices advanced 1c per pound to a range of 22c to 23c.

WOOL REPORT

BOSTON, Oct. 12—(AP)—The Commercial Bulletin will say tomorrow:

"While the volume of business done here this week has been by no means large, there has been a wider interest shown and the demand has been fairly well diversified. Manufacturers are unquestionably getting more business but in view of lower prices recently made in foreign markets are trying to bid this market even lower. Fine wools, however, appear to be fairly well stabilized in all world markets, while medium wools, because of their scarcity, are in a relatively strong position.

"The market for plain goods and fine gaiting is improved according to direct and indirect reports as well.

"Mohair is quiet here but firm with adult hair bringing 63 to 64 cents in the Texas sales and kid hair 73 to 74 cents. Small lots of fall wool are reported sold at 22 to 22½ cents, although growers are wanting more money."

The Commercial Bulletin will publish the following quotations:

Scoured basis—Oregon, fine and fine medium staple 1.16; fine and fine medium Fr. combing 1.00@1.02. Fine and fine medium clothing 95@1.00. Valley, No. 1, 1.00@1.02.

Mohair: Original bag average 12 months Oregon 58@60.

Graded stock: First combing 75 to 80; good carding 45@50.

ACTIVITIES OF UTILITY GROUP BARED

(Continued from Page 1)

contributions from utility interests of the state since being formed in 1923. He said he was formerly employed by the California Power company, for which he carried on a legislative service. This consisted, he said, of analyzing and reporting to the company on bills affecting utilities introduced before the state legislature.

Walther said contributions for the campaign against the amendment had totalled $36,000, and that refunds had been made of the money which was not used. The list of companies to which funds were returned was entered, and this showed that the largest, amounting to $2,445, had gone to the Portland Electric Power company. Other companies on the list included the Mountain States Power company, the Northwestern Electric company, the Pacific Power and Light company, and the California-Oregon Power company.

Walther said the housewives' amendment had been defeated "by better than four to one", adding that various friends had written giving him credit for defeating the measure.

"I worked pretty hard," he said.

Financing of Walther's Bureau was disclosed in details by a list of assessments for 1927, which showed following companies and amounts: Portland Electric Power Company, $14,262; Yamhill Electric Company $276; Portland Gas and Coke Company, $2,158; Pacific Power and Light Company, $1,611; Sherman Electric Company, $129; Enterprise Electric Company, $123; Deschutes Power and Light Company, $363; Northwestern Electric Company, $4,815; California-Oregon Power Company $2,370; Eastern Oregon Light and Power Company, $863; Mountain States Power Company, $2,304.

Senators Even Up Title Series In Coast League

SACRAMENTO, Cal., Oct. 12—(AP)—Having each stowed away a game in the bag, the Sacramento Senators and the San Francisco Seals faced today in the third game of the seven game series for the Pacific coast league championship.

The Senators evened up the count yesterday, 8-7, in an exciting game that saw Manager Nick Williams of the Seals chased off the field for disputing decisions shortly before Umpire Henry Fanning was temporarily disabled by a thrown ball from Elmer Jacobs, righthander, who opened for the San Francisco club.

Jacobs was yanked in the fourth when the Senators made their six runs that eventually decided the game and also was fined by Harry A. Williams, league president, for unsportsmanlike conduct. Just after he was relieved, Jacobs threw the ball wildly to his catcher and it struck Fanning on the knee. The arbiter was unable to finish the game.

The Seals went into the lead with one run in the first frame but fell behind in the fourth when Sacramento brought over half a dozen tallies.

Rally of No Avail

San Francisco counted four times in the seventh off five hits but it was not enough to overcome the Sacramento lead.

Two right handers are slated to pitch today. Al Gould, squatty moundsman who helped check the Seals last Sunday in the deciding game that brought the Senators victory in the last half of the said season has been assigned heavy duty today. Hollis Thurston, versatile Seal, has been selected by Manager Williams of San Francisco.

About 7,000 persons attended yesterday and the third game of the series is expected to bring out even more.

A dog out in Kansas City bit 20 persons the other day. An investigation is being conducted to learn whether it was Republican or Democratic.

A dispatch says that shoe buckles now can be made partly of cow's milk. "Rest Your Feet in Shoes Buckled by the Product of Contented Cows."

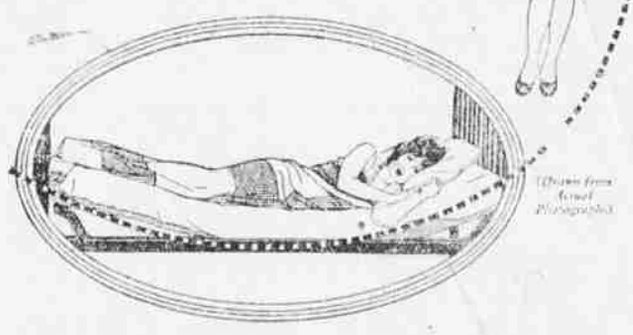
the NEW ZEROLENE the modern oil

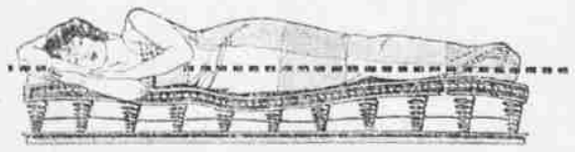
A STANDARD OIL PRODUCT

Standing like this tires you quickly
yet thousands sleep this same unnatural way!

THIS cramped standing position is immediately tiring. A sagging bed curves the spine the same way—prevents restful comfort.



(Drawn from Actual Photographs)



When you sleep on a Rome De Luxe bedspring the spine is straight and natural; the body is fully relaxed.

MOST people sleep with the spine curved, never realizing the harmful results of the unnatural position they have become accustomed to.

This strained position is impossible when you sleep on a De Luxe spring. Every coil in a De Luxe moves independently of all other coils, yielding to the pressure of hips and shoulders yet rising to relieve all strain on the vital organs between. The spine lies naturally, straight and free from strain. Nerves and muscles are fully relaxed . . . refreshing sleep comes quickly.

Enjoy this new deep sleep night now. We will gladly bring a Rome De Luxe bedspring to your home for a trial. Phone us today for details, and let us give you a copy of Dr. Royal S. Copeland's interesting booklet, "How Better Sleep Builds Better Health."
