to stare up at the gigantic vessel.

As the ship approached the White House President Coolidge left his desk and went out in front of the executive offices to stand a moment, almost unnoticed in the little group gathered there. He stared up at the ship bareheaded for a minute. Then turned back into his workroom.

Circling after passing over the White House she headed out for Baltimore with a dozen airplanes roaring alongside her.

President Coolidge radioed his congratulations to Dr. Hugo Eckener on board the airship Graf Zeppelin on his successful crossing of the Atlantic. Simultaneously he cabled congratulations to President Von Hindenberg, of Germany. Dr. Eckener had, upon reaching the American coast line, radioed greetings to Mr. Coolidge.

ARRIVES AT 10 A. M.

NORFOLK, Va., Oct. 15—(AP)—The Graf Zeppelin showed her prow over the American coast at 10 a. m. today directly above Cape Charles. She was sighted by observer Newsom at the Cape Henry weather bureau station at that hour. She was proceeding slowly west.

GALOSHES AND SLICKERS

Looks like it would rain for a week, and it's been so long coming that we might get quite a spell of that. Of course the greatest need for galoshes and overshoes doesn't come till it begins to snow, but even now wet feet and shoulders can cause colds and sickness.

Anyway this is a good time to remind you that we carry U. S. Rubber Co. footwear this fall and have one of the most complete showings of galoshes, overshoes and rubbers in La Grande, and at prices that are possible only for a Self Service store. For example we have a splendid selection of ladies galoshes in low, medium, or high heel for $1.89, and a beautiful ladies boot for $2.79. And then we have high or low top slide fasteners and just about anything you can think of to wear on your feet when its cold and wet out doors.

Then there are the slickers too. We have a wonderful line of guaranteed waterproof slickers in all the popular colors from children's size tone to men's size forty six, and at the same amount saving of money.
