EGGS ARE FIRM AS WEEK BEGINS

Apples and Pears Plentiful in Portland; Potato Demand Only Fair

PORTLAND, Ore., Oct. 15—(A. P.)—Eggs were firm on the early market today, little change in quotations being in evidence. Receipts were quite liberal, however, and sales at the close of the week. In view of the 850 cases loaded in New York Saturday on Pacific Coast white extra shipments were anxious to obtain top prices of eggs and it was thought that sentiment would advance today. Butter was 1c higher generally but an easy undertone prevailed the market due to market-glut.

The poultry corner was decidedly busy, receipts of most kinds of fowls being not heavy and demand fair to active. No price changes were noted. In the dressed meat department veal was steady. Lambs were easy while pork showed weakness. Hops were easy firm.

A fresh car of Thompson seedless grapes was on the market, relieving the shortage which has been noticeable during the latter part of last week. Dealers were asking $1.50 per rag but little was done early.

Grape juice offerings consisted almost entirely of Zinfandels, going to the trade at 50@60c per gal. Muscats of quality, would have brought around $80@85.

Offerings of peaches consisted almost entirely of Elbertas, selling at $1.25 per box. A few Elbertas were obtainable but they were mostly overripe and not very desirable.

Plenty of Pears.

All kinds of pears were in evidence, including D'Anjous, Bosc, Comice, Winter Nelis, Bartlett, Bosc, Winter Nelis, and Fall Bartlett. The Bartlett and Fall Bartlett were at the foot of the list around $1.25 per box while other varieties found upward in price to $2.75 for the best Bosc.

Apples were plentiful and of many varieties but demand was slow at steady prices.

Yellow Newtown onions were perhaps a shade easier, quotations ranging from $3.25 to $3.50 per cwt. Yellow Bermuda type onions were steady at $2.00@$2.25.

Deschutes Gems were in greater abundance on the potato market and sold fairly well at $1.25@1.50 per sack for U. S. No. 1 grade. Yakima Gems found the same price for fair to good and more with quality of good demand. Total trading in potatoes was slow, large buyers holding off perhaps on account of reports of bargain offers from Idaho and eastern points involved prices.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
